MISSOURI STEER (HEIFER) STOCKER FORMULA 1/06/2024

Monday's Missouri Stocker formula consists of **7673 (6828)** head with a weighted average weight of **565.34 (552.82)** lbs. and a price value of **322.88 (286.07)** no comparison with the holidays last week.

*Low volume due to lack of sales due to the holiday. *

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and

MISSOURI WEEKLY CATTLE AUCTION SUMMARY 1/06/24

Total Receipts: 41,887 Week Ago: 0 Year Ago: 49,999

Compared to two weeks ago, feeder steers and heifers sold with firm to higher undertones. Although at first glance total receipts wouldn't have suggested it was a holiday week, as only a fraction of the barns in the state were back to business. Those that were however all held some type of special new year's sale and had moderate to heavy offerings. Joplin Regional Stockyards held two feeder auctions marketing just shy of 22K head. Ozarks Regional Stockyards sold 7172 head, this was for sure the largest sale since fall of 2012 and likely the largest ever as no one could find or recall a larger one-day auction. Farmers around the state spent late week preparing for the first major winter storm of the year, which was impacting auction schedules for the upcoming week before it even arrived due to the extreme forecast that not only contained significant forms of moisture but dangerous low temperatures as well. A few stick-out sales this week included what was the largest ever single draft sold at Joplin Regional Stockyards which was 1047 head of 842 lb. steers which sold for 264.85. In addition to that 120 head of 445 lb. steers sold for 382.50, and a load of 754 lb. steers at 281.00. Green City Livestock Market sold a load of 505 lb. steers for 368.00 and a load of 618 lb. steers for 322.25. On the heifer side Joplin Regional Stockyards sold a load of 515 lb. heifers at 327.00. Green City Livestock Market sold a load of 778 lb. heifers for 268.50. Boxed beef cutouts were mixed for the week. Choice closed on Friday at 325.24, up 2.86 and Select closed at 296.72, up 5.59 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled right at 69K head as of the 2:00 report cutoff time. Live sales were reported mostly from 197.00-201.00 and should establish a new record weighted average price once released on Monday. Dressed sales from mostly 310.00-315.00. The Missouri Stocker formula consists of 7673 head with a weighted average weight of 565.34 lbs. and a price value of 322.88, with no comparison available with last week. The steer/heifer spread is 36.81 per cwt.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

Grain Crushings and Co-Products Production

Highlights

October 2024 contained 31 days.
November 2024 contained 30 days.

Total corn consumed for alcohol and other uses was 514 million bushels in November 2024. Total corn consumption was down less than 1 percent from October 2024 but up 1 percent from November 2023. November 2024 usage included 92.6 percent for alcohol and 7.4 percent for other purposes. Corn consumed for beverage alcohol totaled 3.88 million bushels, up 11 percent from October 2024 but down 28 percent from November 2023. Corn for fuel alcohol, at 465 million bushels, was down less than 1 percent from October 2024 but up 2 percent from November 2023. Corn consumed in November 2024 for dry milling fuel production and wet milling fuel production was 91.6 percent and 8.4 percent, respectively.

Dry mill co-product production of distillers dried grains with solubles (DDGS) was 1.84 million tons during November 2024, down 2 percent from October 2024 but up 2 percent from November 2023. Distillers wet grains (DWG) 65 percent or more moisture was 1.25 million tons in November 2024, down 5 percent from October 2024 and down 8 percent from November 2023.

Wet mill corn gluten feed production was 258,388 tons during November 2024, up 3 percent from October 2024 and up 7 percent from November 2023. Wet corn gluten feed 40 to 60 percent moisture was 219,853 tons in November 2024, up 7 percent from October 2024 and up 9 percent from November 2023.

MISSOURI WEEKLY HAY SUMMARY 1/02/2025

The forecast of the first real winter weather event has farmers around the state preparing the best they can ahead what appears at minimum to be a week of extreme and potentially dangerous cold. The addition of significant moisture in some form or another adds another level of uncertainty. An ever so slight increase in demand has been noted mostly from equine interest and smaller farmers without a lot of storage. Although subsoil moisture might still be lacking in areas the surface is very mudding in much of the state and getting around to feed has been a big difficult for many. Hay moment remains slow although there has been a slight uptick of hauling ahead of the upcoming storm much of it local hay that was bought earlier. Hay prices are unevenly steady. The supply of hay is moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Corn Stalks - 15.00-25.00 per large round bale
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 1/13/2025

Monday's Missouri Stocker formula consists of 2817 (3255) head with a weighted average weight of 563.56 (558.81) lbs. and a price value of 322.88 (286.07) no comparison with the holidays last week.

*Low volume due to lack of sales due to the holiday. *

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 15,375 Week Ago: 41,887 Year Ago: 28,505

Compared to last week, feeder steers and heifers sold fully 5.00 to 10.00 higher, some barns saw sharply higher markets as they had to catch up with the full gains since their previous sale prior to Christmas. This week's offering was light as winter weather impacted sales. Typically, the first full week of business of the new year is one of the largest volume weeks of the year but mother nature had other plans this year. Many sales were canceled due to poor road conditions and very cold weather. Several early week sales tried to push sales to later in the week in hopes producers could get out and try to prevent a back up of cattle for their local barns in the coming week or two. Many producers are eager to get cattle sold as the new tax year has rolled around and prices for all cattle are setting at record high prices. The extended forecast doesn't look all that pleasant either and it takes a lot of feed to keep cattle gaining when they are wet and cold. Although MO didn't contribute as many head as typical due to light sales, the CME feeder cattle index set a new record high every day last week with the latest published value of 278.55, which equates to an 800 lb. steer being worth \$2228.40. Although the lighter offering this week didn't provide near as many full pot loads there was still some impressive sales around the state. Unionville Livestock Market sold 19 head of 461 lb. steers at 388.00 and 22 head of 531 lb. steers at 370.00. Springfield Livestock Marketing Center sold 60 head of 607 lb. steers at 332.00. New Cambria Livestock Market sold 24 head of 669 lb. steers at 319.00. Lolli Brothers Livestock Market sold 20 head of 713 lb. fancy steers for 303.50. and 66 head of 860 lb. steers for 272.75. Kingsville Livestock Auction sold 67 head of 814 lb. steers for 277.75. On the heifer side of the market Springfield Livestock Marketing Center sold 20 head of 513 lb. heifers for 320.00. Lolli Brothers Livestock Market sold 72 head of 729 lb. heifers for 274.85, two drafts of heifers tagged as replacements also drew attention, 31 head of 648 lb. heifers at 305.00 and 20 head of 760 lb. heifers that sold for 284.50. Eastern Missouri Commission Company sold 83 head of Large framed heifers that weighted 1180 lbs. for 217.75. Boxed beef cutouts were sharply higher. Choice closed on Friday at 332.84, up 7.60 and Select closed at 314.40, up 17.68 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled right at 66K head as of the 2:00 report cutoff time. Live sales were reported mostly from 200.00-205.00 which will establish another new record high weighted average price. Dressed sales from mostly 320.00 with a few in NE late week toping at 330.00. The Missouri Stocker formula consists of 2817 head with a weighted average weight of 563.56 lbs. and a price value of 327.94, 5.06 higher than last week and a new all-time record for the formula. The steer/heifer spread is 36.28 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday in the Southern Plains negotiated cash trading has been light with moderate demand. In the Texas Panhandle, a few live FOB purchases traded from 200.00-201.00. In Kansas, a few live FOB purchases traded at 201.00. However, not enough purchases in either region for a full market trend. Thursday was the last reported market in the Southern Plains with live FOB purchases at 200.00. In Nebraska negotiated cash trading has been light with moderate demand. When compared to the last market on Thursday, live FOB purchases traded steady at 203.00. The last reported dressed delivered market was on Thursday with purchases at 320.00. In the Western Cornbelt negotiated cash trading has been limited on light demand. The last reported market was on Thursday with live FOB purchases from 200.00-205.00 and dressed delivered purchases at 320.00.

WORLD AGRICULTURAL SUPPLY AND DEMAND EST

WHEAT: The outlook for 2024/25 U.S. wheat this month is for slightly larger supplies and domestic use, unchanged exports, and marginally higher ending stocks. Supplies are raised on higher imports, increased 5 million bushels to 130 million, all on Hard Red Spring. Feed and residual use is unchanged at 120 million bushels but there are offsetting by-class changes based on the NASS Grain Stocks report. Seed use is increased 2 million bushels to 64 million, based on the NASS Winter Wheat and Canola Seedings report. Exports are unchanged at 850 million bushels but there are offsetting by-class changes. Projected 2024/25 ending stocks are raised 3 million bushels to 798 million, up 15 percent from last year. The season-average farm price is reduced \$0.05 per bushel to \$5.55 on NASS prices reported to date and expectations for futures and cash prices for the remainder of the marketing year.

COARSE GRAINS: This month's 2024/25 U.S. corn outlook is for lower production, feed and residual use, exports, and ending stocks. Corn production is estimated at 14.9 billion bushels, down 276 million as a 3.8-bushel per acre cut in yield to 179.3 bushels is partially offset by a 0.2-million acre increase in harvested area. Total corn use is down 75 million bushels to 15.1 billion. Feed and residual use is reduced 50 million bushels to 5.8 billion, based on indicated disappearance during the September-November quarter as reflected by the Grain Stocks report. Exports are cut 25 million bushels to 2.5 billion reflecting lower supplies. With supply falling more than use, corn stocks are lowered 198 million bushels. The season-average corn price received by producers is raised 15 cents to \$4.25 per bushel.

OILSEEDS: U.S. oilseed production for 2024/25 is estimated at 128.5 million tons, down 2.7 million from the previous report. Lower soybean, peanut, rapeseed, and sunflower seed crops are partly offset by higher cottonseed. Soybean production is estimated at 4.4 billion bushels, down 95 million led by decreases for Indiana, Kansas, South Dakota, Illinois, Iowa, and Ohio. Harvested area is estimated at 86.1 million acres, down 0.2 million. Yield is estimated at 50.7 bushels per acre, down 1.0 bushel. With lower production, slightly higher imports, and unchanged exports and crush, soybean ending stocks are projected at 380 million bushels, down 90 million. The soybean oil balance sheet adjustments include increased exports and lower soybean oil used for biofuel.

MISSOURI WEEKLY HAY SUMMARY 1/09/2025

Winter arrived in full force this week. Snow in the northwest part of the state was officially reported as much as 16 inches in places before winds caused drifting. In South central and Southeast moisture came in the form of ice which totaled $\frac{3}{4}$ of an inch or slightly more in the worst areas. Many folks spent a few days without power in the Southeast. If there was one positive a week of temperatures below freezing cures most of the mud issues around. Another round of snow is expected to impact the south late this week which will continue to cause difficulty for any hay movement. Hay prices are unevenly steady to weak. The supply of hay is moderate to heavy with no shortage of hay for sale anywhere in the state, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Corn Stalks - 15.00-25.00 per large round bale
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 1/20/2025

Monday's Missouri Stocker formula consists of **8427 (8851)** head with a weighted average weight of **562.68 (553.12)** lbs. and a price value of **331.44 (299.70)**, 3.50 higher (8.04 higher) than a week ago.

*Low volume due to lack of sales due to the holiday. *

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 46,979 Week Ago: 15,375 Year Ago: 7,170

Compared to last week, feeder steers and heifers sold steady to 5.00 higher with some calves having spots of 10.00 higher. The supply of feeders was moderate. Nearly all barns were back to business this week. A few barns hadn't had an auction in nearly a month due to the holidays and the days winter weather arrived. Those barns obviously posted big gains as they had to play a little catch up to get prices back to current levels. There was a few of the southern sales that didn't see as large runs as they might have expected as there was plenty of country roads that hadn't seen enough sun to make getting trucks in and out feasible. Markets have been unbelievably strong and have set new record after new record recently. There is a fairly common aura flowing through the air that a top, at least for the moment, might have been reached. Time of course will tell several farmers have been able and more that willing to market calves a bit early or at lighter weights than typical trying to take advantage of this price rally. Winter weather over the last couple of weeks and extreme cold that arrived over the weekend, which is expected to last a few days, makes feeding requirements high and the act of getting it done difficult. Feed conversion falls as well so moving cattle a few weeks to a month early hasn't been a hard choice in most cases when big prices have been waiting at the barns. Although not every stick out sale may be a new record, they are still impressive and for the most part producers that are marketing cattle currently are doing so at prices they have never previously received. Although not necessarily the highest prices of the week here are some drafts of at least 20 head or more that stuck out this week. Callaway Livestock Center sold 24 head of 521 lb. steers at 392.00, a load of 671 lb. steers at 322.00 and a load of 835 lb. steers which sold for 279.00. Kingsville Livestock Auction sold 38 head of 738 lb. steers at 312.00 and 104 head of 877 lb. steers for 261.00. Windsor Livestock Auction sold 37 head of 537 lb. heifers for 251.25. and Lolli Brothers Livestock Market sold 75 head of 705 lb. heifers for 278.25. Boxed beef cutouts were higher again this week. Choice closed on Friday at 333.69, up 0.28 and Select closed at 319.83, up 5.43 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled near 72K head as of the 2:00 report cutoff time. Live sales were reported mostly from 200.00-206.00. Dressed sales mostly 320.00-322.00 with a few in the north up to 330.00. Weighted average prices will once again print new record highs this week, even as there were perhaps some feelings of the market topping out. The Missouri Stocker formula consists of 8427 head with a weighted average weight of 553.12 lbs. and a price value of 331.44, 3.50 higher than last week. The steer/heifer spread is 31.74 per cwt.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

TURKEY HATCHERY

Eggs in Incubators on January 1 Down 1 Percent from Last Year
Turkey eggs in incubators on January 1, 2025 in the United States totaled 24.7 million, down 1 percent from January 1, 2024. Eggs in incubators were up 1 percent from the December 1, 2024 total of 24.5 million eggs.

Poults Hatched During December Down 4 Percent from Last Year
Turkey poults hatched during December 2024 in the United States totaled 20.7 million, down 4 percent from December 2023. Poults hatched were down 1 percent from the November 2024 total of 21.0 million poults.

Net Poults Placed During December Down 4 Percent from Last Year
The 19.1 million net poults placed during December 2024 in the United States were down 4 percent from the number placed during the same month a year earlier. Net poult placements were down 1 percent from the November 2024 total of 19.2 million.

BROILER HATCHERY

Broiler-Type Eggs Set in the United States Up 4 Percent
Hatcheries in the United States weekly program set 249 million eggs in incubators during the week ending January 11, 2025, up 4 percent from a year ago. Average hatchability for chicks hatched during the week in the United States was 79.3 percent. Average hatchability is calculated by dividing chicks hatched during the week by eggs set threeweeks earlier.

Broiler-Type Chicks Placed in the United States Up 2 Percent
Broiler growers in the United States weekly program placed 192 million chicks for meat production during the week ending January 11, 2025, up 2 percent from a year ago. Cumulative placements from the week ending January 4, 2025 through January 11, 2025 for the United States were 384 million. Cumulative placements were up 3 percent from the same period a year earlier.

MISSOURI WEEKLY HAY SUMMARY 1/16/2025

Much of this week was spent digging out following the second round of winter weather over the weekend. A lot of clean up of trees and limbs occurring in the southeast part of the state. Backroads in many areas are still difficult if not impossible to traverse. The colder weather as one would expect is requiring a little extra feeding to take place. Hay prices are unevenly steady to weak. The supply of hay is moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Corn Stalks - 15.00-25.00 per large round bale
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 30.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 1/27/2025

Monday's Missouri Stocker formula consists of 7552 (7385) head with a weighted average weight of 559.84 (542.02) lbs. and a price value of 332.79 (299.06), 1.35 higher (0.64 lower) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 38,810 Week Ago: 46,979 Year Ago: 40,065

Compared to last week, feeder steers and heifers sold unevenly steady to 2.00 higher. There was some spots especially early week with instances of lower markets some of which could be contributed to a few more lower quality cattle in the offering compared to previous weeks. Several of the extreme tops also disappeared for the time being but all in all most averages for the week fell near steady or a bit stronger. The coldest temperatures of the year so far arrived last weekend causing extra problems with feeding equipment as many trucks and tractors just didn't have much desire to start and run. Combined with frozen waters and a broken pipe here and there most producers are ready for green grass even though there is still a lot of winter and feeding left. Although still well behind the cash market cattle futures posted strong gains for the week. The nearby live cattle contract passed the 200.00 mark for the first time in history and set new record highs multiple days last week. The biggest news of the week, however, came on Friday when the monthly cattle on feed report was released. On feed numbers were reported at 99.7 percent of last year right in line with pre report estimates. Marketings were reported at 99.1 percent, which was below expectations, the big number however was placements which were reported at 96.7 a full 2.1 percent under the bottom range of the estimates resulting in a very bullish report. Another point of note was the steer/heifer ratio on feed which reported as 61:39 which tends to lead to little or no indication of any herd rebuilding occurring. A long-awaited cattle inventory report will be released this Friday which many are eagerly awaiting as it has been a year since there has been any official industry wide numbers available as the July report was not published. A few stick out sales this week included, 41 head of 472 lb. steers at South Central Regional Stockyards which sold for 391.00. Callaway Livestock Center sold 40 head of 522 lb. steers at 380.00 and 82 head of 701 lb. steers at 298.25. Windsor Livestock Auction sold 46 head of 683 lb. steers for 312.25. Tina Livestock Auction sold a load of 761 lb. steers for 283.25. Eastern Missouri Commission Company had a load of 852 lb. steers which sold for 271.50. Kingsville Livestock Auction sold 34 head of 536 lb. heifers for 332.50. Windsor Livestock Auction sold 40 head of 658 lb. heifers for 296.25. Tina Livestock Auction sold a load of 701 lb. steers at 274.50. Boxed beef cutouts were lower for the week. Choice closed on Friday at 327.92, down 5.77 and Select closed at 316.29 down 3.54 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled near 62K head as of the 2:00 report cutoff time. The gap in prices between the south and north has once again gotten quite wide. Live sales in the south were mostly at 201.00 while most north sales were reported at 210.00-212.00 and dressed sales 328.00-330.00 with some up to 339.00. With most of the sales occurring in the north weighted average prices will once again print new record highs for the week. The Missouri Stocker formula consists of 7552 head with a weighted average weight of 559.84 lbs. and a price value of 332.79, 1.35 higher than last week. The steer/heifer spread is 33.73 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday negotiated cash trading in the Southern Plains
has been mostly inactive on light demand. Not enough purchases
for a market trend. In the Texas Panhandle, last week live FOB
purchases traded at 201.00. The last established market in Kansas
was Tuesday with live FOB purchases trading at 201.00. In Ne-
braska and Western Cornbelt negotiated cash trading has been
active with very good demand. In Nebraska, compared to last
week, live FOB purchases traded 7.00 higher from 210.00-212.00
and dressed delivered purchases traded 6.00-8.00 higher from
328.00- 330.00, with a few up to 339.00. In the Western Cornbelt,
compared to last week, live FOB purchases traded 6.00-7.00 high-
er from 210.00-212.00 and dressed delivered purchases traded
8.00-10.00 higher, mostly at 330.00, with a few up to 338.00.

CATTLE ON FEED

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.8 million head on January 1, 2025. The inventory was 1 percent below January 1, 2024. The inventory included 7.25 million steers and steer calves, up 1 percent from the previous year. This group accounted for 61 percent of the total inventory. Heifers and heifer calves accounted for 4.58 million head, down 3 percent from 2024.

Placements in feedlots during December totaled 1.64 million head, 3 percent below 2023. Net placements were 1.58 million head. During December, placements of cattle and calves weighing less than 600 pounds were 395,000 head, 600-699 pounds were 380,000 head, 700-799 pounds were 375,000 head, 800-899 pounds were 287,000 head, 900-999 pounds were 115,000 head, and 1,000 pounds and greater were 90,000 head.

Marketings of fed cattle during December totaled 1.74 million head, 1 percent above 2023.

Other disappearance totaled 59,000 head during December, 2 percent below 2023.

COLD STORAGE

Total natural cheese stocks in refrigerated warehouses on December 31, 2025 were up 2 percent from the previous month but down 6 percent from December 31, 2024.

Butter stocks were up 4 percent from last month and up 11 percent from a year ago.

Total frozen poultry supplies on December 31, 2025 were up 1 percent from the previous month but down 8 percent from a year ago. Total stocks of chicken were down 1 percent from the previous month and down 8 percent from last year. Total pounds of turkey in freezers were up 9 percent from last month but down 9 percent from December 31, 2024.

Total frozen fruit stocks were down 8 percent from last month and down 3 percent from a year ago.

Total frozen vegetable stocks were down 5 percent from last month and down 4 percent from a year ago.

Total red meat supplies in freezers were up 3 percent from the previous month but down 5 percent from last year. Total pounds of beef in freezers were up 4 percent from the previous month but down 5 percent from last year. Frozen pork supplies were up 2 percent from the previous month but down 6 percent from last year. Stocks of pork bellies were up 52 percent from last month but down 39 percent from last year.

MISSOURI WEEKLY HAY SUMMARY 1/23/2025

The week started with the coldest weather of the year so far making for some headaches as producers tried to get trucks and tractors running to feed. It also prevented the possibly of hay movement combined with the fact many roads and hay lots still had ice and snow cover. Even though there is a lot of hay being fed there continues to be a surplus of hay available to the market at the current time. Hay prices are unevenly steady to weak. The supply of hay is moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale

Alfalfa - Premium 200.00-250.00

Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Corn Stalks - 15.00-25.00 per large round bale

Mixed grass - Good/Premium 125.00-200.00

Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale

Mixed grass - Fair 30.00-50.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 2/03/2025

Monday's Missouri Stocker formula consists of **9013 (9841)** head with a weighted average weight of **556.69 (547.45)** lbs. and a price value of **338.51 (303.96)**, 5.72 higher (4.90 higher) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 52,105 Week Ago: 38,810 Year Ago: 52,173

Compared to last week, feeder steers and heifers sold mostly 5.00 higher with some calves having spots up to 10.00 higher. This was the largest volume week of the year so far. Weather was more cooperative early week which allowed for some very large auctions, by late week a little rain around and temperatures rising above freezing made for some pretty sloppy mud returning. Friday saw the much-anticipated yearly cattle inventory report released. Nationwide the cattle heard shrink by 1% marketing the lowest inventory in 64 years. Aside from the total number another area of interest was the number of beef heifers over 500 lbs. This number is considered a good reflection of the direction of the herd and although pre report industry estimates expected this number would be higher it was officially reported at 2.3 percent below the average guess at 99% of last year which tends to reflect that the industry is still not seeing any expansion. The total calf crop was reported even with last year which points to cows in the herd being held longer for another calf or two and that is also supported by the lower cow slaughter over the last year. Missouri held its rank as the third largest for beef cows, at 1.864 million head, which was a slight increase over last year as producers seemed to slow down on culling this past year. A few stick out sales this week included the first sale of any 3 wts. to hit the \$5.00 per pound mark. A very small package of 5 head weighting 349 lbs. sold for 500.00 even at Joplin Regional Stockyards. They also passed the \$4.00 per pound mark on 5 wts. with 19 head of 503 lb. steers at 403.00. Tina Livestock Auction sold 52 head of 609 lb. steers for 339.75. Kingsville Livestock Auction sold 42 head of 702 lb. steers for 310.50 and 168 head of 799 lb. steers at 282.00. Callaway Livestock Center sold 63 head of 829 lb. steers at 279.75 as well as 38 head of 509 lb. heifers for 351.00. Windsor Livestock Auction sold 67 head of 768 lb. heifers for 277.25. Boxed beef cutouts were mixed for the week. Choice closed on Friday at 327.68, down 0.24 and Select closed at 317.07, up 0.78 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled only 43K head as of the 2:00 report cutoff time. The gap in prices between the south and north narrowed as the south played catch up last week. Live sales in the south jumped to 208.00-209.00 the north was reported mostly at 210.00. Dressed sales were reported at mostly 330.00. Trade volume in the north was light and as of this report it is unknown if there was more trade late Friday or if this will just be recorded as a light week. There is some talk of packers cutting kill hours which could lead to a bit less demand for numbers. The Missouri Stocker formula consists of 9013 head with a weighted average weight of 556.69 lbs. and a price value of 338.51, 5.72 higher than last week. The steer/heifer spread is 34.55 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trading has been at a standstill in the Texas Panhandle and slow on moderate demand in Kansas. The last established market in the Southern Plains was Thursday with live FOB purchases at 208.00. In Nebraska negotiated cash trade was slow on moderate demand. Compared to Thursday, a few live FOB purchases traded steady at 210.00. Not enough dressed delivered purchases for a market trend. The last established dressed delivered market was Thursday at 330.00. In the Western Cornbelt, cash trade has been slow on moderate demand. Not enough purchases for a full market trend. Last week live FOB purchases traded from 210.00-212.00 and dressed delivered purchases traded at 330.00.

CATTLE INVENTORY

All cattle and calves in the United States as of January 1, 2025 totaled 86.7 million head, 1 percent below the 87.2 million head on January 1, 2024. All cows and heifers that have calved, at 37.2 million head, were slightly below the 37.4 million head on January 1, 2024. Beef cows, at 27.9 million head, were down 1 percent from a year ago. Milk cows, at 9.35 million head, were up slightly from the previous year. All heifers 500 pounds and over as of January 1, 2025 totaled 18.2 million head, 1 percent below the 18.3 million head on January 1, 2024. Beef replacement heifers, at 4.67 million head, were down 1 percent from a year ago. Milk replacement heifers, at 3.91 million head, were down 1 percent from the previous year. Other heifers, at 9.59 million head, were 1 percent below a year earlier. Steers weighing 500 pounds and over as of January 1, 2025 totaled 15.8 million head, down 1 percent from January 1, 2024. Bulls weighing 500 pounds and over as of January 1, 2025 totaled 2.01 million head, down 1 percent from January 1, 2024. Calves under 500 pounds as of January 1, 2025 totaled 13.5 million head, down slightly from January 1, 2024. Cattle and calves on feed for the slaughter market in the United States for all feedlots totaled 14.3 million head on January 1, 2025. The inventory is down 1 percent from the January 1, 2024 total of 14.4 million head. Cattle on feed in feedlots with capacity of 1,000 or more head accounted for 82.7 percent of the total cattle on feed on January 1, 2025, up slightly from the previous year. The combined total of calves under 500 pounds and other heifers and steers over 500 pounds (outside of feedlots), at 24.6 million head, was slightly below January 1, 2024. The 2024 calf crop in the United States was estimated at 33.5 million head, down slightly from the previous year's calf crop. Calves born during the first half of 2024 were estimated at 24.6 million head, down slightly from the first half of 2023. Calves born during the second half of 2024 were estimated at 8.93 million head, 27 percent of the total 2024 calf crop.

SHEEP AND GOAT INVENTORY

All sheep and lambs inventory in the United States on January 1, 2025 totaled 5.05 million head, up slightly from 2024. Breeding sheep inventory at 3.68 million head on January 1, 2025, increased slightly from 3.67 million head on January 1, 2024. Ewes one year old and older, at 2.88 million head, were slightly above last year. Market sheep and lambs on January 1, 2025 totaled 1.37 million head, up 1 percent from January 1, 2024. Market lambs comprised 94 percent of the total market inventory. Market sheep comprised the remaining 6 percent of total market inventory. The 2024 lamb crop of 3.04 million head was up slightly from 2023. The 2024 lambing rate was 106 lambs per 100 ewes one year old and older on January 1, 2024, up 3 percent from 2023. Shorn wool production in the United States during 2024 was 22.5 million pounds, down 1 percent from 2023. Sheep and lambs shorn totaled 3.17 million head, down 2 percent from 2023. The average price paid for wool sold in 2024 was \$1.43 per pound for a total value of 32.1 million dollars, down 9 percent from 35.4 million dollars in 2023. As of January 1, 2025, 27 percent of the total sheep and lambs were hair sheep or wool hair crosses. Sheep death loss during 2024 totaled 200,000 head, unchanged from 2023. Lamb death loss increased 1 percent from 365,000 head to 370,000 head in 2024. All goats and kids inventory in the United States on January 1, 2025 totaled 2.51 million head, up 1 percent from 2024. Breeding goat inventory totaled 2.07 million head, up 1 percent from 2024. Does one year old and older, at 1.54 million head, were 2 percent above last year's number. Market goats and kids totaled 442,000 head, up 2 percent from a year ago. Kid crop for 2024 totaled 1.52 million head for all goats, down 1 percent from 2023. Meat and all other goats totaled 1.98 million head on January 1, 2025, up 1 percent from 2024. Milk goat inventory was 430,000 head, up 4 percent from January 1, 2024, while angora goats were down 3 percent, totaling 102,000 head. Mohair production in the United States during 2024 was 500,000 pounds. Goats and kids clipped totaled 92,000 head. Average weight per clip was 5.4 pounds.

MISSOURI WEEKLY HAY SUMMARY 1/30/2025

The state woke up to rain on Thursday morning. Unlike last week however, the mercury is well above freezing. There is some concern with flooding in the south central and southeast parts of the state as heavy rains are predicted. Although the top might be muddy it is still frozen not far down and heavy rains this time of year result in a lot of run off. There continues to be an ample supply of hay available for anyone looking to buy. Although there is still a while before grass the arrival of February will make folks start to think of grass and spring fertilizer even though more winter is very likely. Hay prices are unevenly steady to weak. The supply of hay is moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 2/10/2025

Monday's Missouri Stocker formula consists of **7339 (8165)** head with a weighted average weight of **556.45 (548.50)** lbs. and a price value of **337.90 (299.29)**, 0.61 lower (4.67 lower) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 43,214 Week Ago: 52,105 Year Ago: 59,155

Compared to last week, feeder steers and heifers sold unevenly steady to 5.00 lower. The supply of feeders was moderate. Several reporters noted that overall quality at local auctions was not as impressive as what had been seen last several weeks. Multiple factors overshadowed last week's cattle inventory report and allowed for at least a temporary change in direction of nearly all aspects of the livestock arena this week. Falling futures throughout the week did little to support markets as the nearby Feeder Cattle contract lost 10.82 by Friday's close. Warmer temperatures as made for a nice supply of mud to deal with while feeding this week but the forecast for the upcoming weeks looks to turn that much back solid and bring more wintery precipitation to the state. A few stick out sales this week included 24 head of 542 lb. steers at Callaway Livestock Center which sold for 395.00. Green City Livestock Market sold 30 head of 625 lb. steers for 346.50 as well as 33 head of 759 lb. steers for 287.75. Tina Livestock Market sold 64 head of 857 lb. steers for 273.10. An extreme top on 18 head of heifers weighting 504 lbs. was seen at Callaway Livestock Center at 368.00. Lolli Brothers Livestock Market sold 75 head of 708 lb. heifers for 273.10. Green City Livestock Market sold 21 head of replacement heifers 791 lbs. for 304.00. Boxed beef cutouts were lower for the week. Choice closed on Friday at 327.87, down 5.81 and Select closed at 312.90, down 4.17 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled just over 71K head as of the 2:00 report cutoff time. Sales were mostly 2.00 lower. Live sales were reported mostly at 206.00-208.00 and dressed sales at 328.00. The Missouri Stocker formula consists of 7339 head with a weighted average weight of 556.45 lbs. and a price value of 337.90, 0.61 lower than last week. The steer/heifer spread is 38.61 per cwt.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

GRAIN CRUSH AND CO-PRODUCTS PRODUCTION

Total corn consumed for alcohol and other uses was 521 million bushels in December 2024. Total corn consumption was up slightly from November 2024 but down 2 percent from December 2023. December 2024 usage included 92.8 percent for alcohol and 7.2 percent for other purposes. Corn consumed for beverage alcohol totaled 3.18 million bushels, down 18 percent from November 2024 and down 16 percent from December 2023. Corn for fuel alcohol, at 473 million bushels, was up less than 1 percent from November 2024 but down 2 percent from December 2023. Corn consumed in December 2024 for dry milling fuel production and wet milling fuel production was 92.0 percent and 8.0 percent, respectively.

Dry mill co-product production of distillers dried grains with solubles (DDGS) was 1.88 million tons during December 2024, up 2 percent from November 2024 but down 4 percent from December 2023. Distillers wet grains (DWG) 65 percent or more moisture was 1.29 million tons in December 2024, up 3 percent from November 2024 but down 8 percent from December 2023.

Wet mill corn gluten feed production was 256,980 tons during December 2024, down 1 percent from November 2024 but up 4 percent from December 2023. Wet corn gluten feed 40 to 60 percent moisture was 201,311 tons in December 2024, down 8 percent from November 2024 and down 4 percent from December 2023.

OILSEED CRUSHINGS, PRODUCTIONS, CONSUMPTION, AND STOCKS

Soybeans crushed for crude oil was 6.53 million tons (218 million bushels) in December 2024, compared with 6.30 million tons (210 million bushels) in November 2024 and 6.13 million tons (204 million bushels) in December 2023. Crude oil produced was 2.57 billion pounds, up 3 percent from November 2024 and up 8 percent from December 2023. Soybean once refined oil production at 1.92 billion pounds during December 2024 increased 5 percent from November 2024 and increased 12 percent from December 2023.

Canola seeds crushed for crude oil was 225,039 tons in December 2024, compared with 211,013 tons in November 2024 and 192,796 tons in December 2023. Canola crude oil produced was 175 million pounds, up 5 percent from November 2024 and up 13 percent from December 2023. Canola once refined oil production, at 173 million pounds during December 2024, was up 2 percent from November 2024 and up 11 percent from December 2023.

Cottonseed once refined oil production, at 30.3 million pounds during December 2024, was down 26 percent from November 2024 and down 5 percent from December 2023.

Edible tallow production was 75.6 million pounds during December 2024, down 6 percent from November 2024 and down 11 percent from December 2023. Inedible tallow production was 301 million pounds during December 2024, down 6 percent from November 2024 and down 9 percent from December 2023. Technical tallow production was 116 million pounds during December 2024, down 14 percent from November 2024 and down 5 percent from December 2023. Choice white grease production, at 101 million pounds during December 2024, decreased 13 percent from November 2024 and decreased 10 percent from December 2023.

MISSOURI WEEKLY HAY SUMMARY 2/6/2025

Above average temperatures and lack of any major winter weather is putting pressure on the hay market. Supplies of average cow type hay remain heavy with a lot of hay for sale in country. There isn't a lot of movement being reported and buyer interest is moderate at best. Although there is still a lot of feeding season left the available supplies seem more than adequate unless there is some significant extended weather event that sets in. Hay prices are unevenly steady to weak. The supply of hay is moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 2/17/2025

Monday's Missouri Stocker formula consists of 3333 (3705) head with a weighted average weight of 552.79 (545.46) lbs. and a price value of 338.26 (296.42), 0.36 higher (2.87 lower) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 23,671 Week Ago: 43,214 Year Ago: 44,848

Compared to last week, feeder steers and heifers sold unevenly steady to 5.00 lower. The supply of feeders was light. Winter weather became an issue and complicated transportation of live-stock this week, resulting in several sales cancelling or having very light offerings. There has been some interest in grass calves for grazing already but buyers are being selective and want health programs, some quality and condition that does not include a lot of flesh before they are willing to get aggressive with bidding. As a whole the cattle complex has been under a lot of pressure the last couple weeks, which isn't all that out of the ordinary for the month of Feb. although the specific current reasons this year may be different than past years. Despite the unique circumstances occurring, the fundamental facts of low supplies and great beef demand remain and are still providing optimistic hope for producers and even with some losses over the last two weeks, prices remain near record highs at this time. A few stick out sales this week included 28 head of 411 lb. steers at Joplin Regional Stockyards which sold for 436.00. Kingsville Livestock Auction sold 102 head of 550 lb. steers for 380.50 and 86 head of 667 lb. steers for 309.00. Lolli Brothers Livestock sold 41 head of 715 lb. steers for 297.25. WORLD AGRICULTURAL SUPPLY AND DEMAND EST

WHEAT: The 2024/25 U.S. wheat supply and demand outlook is for slightly higher domestic use that leads to lower ending stocks. Food use is raised 4 million bushels to 970 million, as wheat flour grind during the October-December quarter was up 2 percent from last year as indicated in the NASS Flour Milling Products report. Projected ending stocks decrease 4 million bushels to 794 million but are 14 percent above last year. The season-average farm price is unchanged at \$5.55 per bushel.

The global wheat outlook for 2024/25 is for slightly larger supplies and higher consumption but lower trade and ending stocks. Supplies are raised 0.6 million tons to 1,061.3 million, primarily on higher production for Kazakhstan and Argentina. Global consumption is increased 1.8 million tons to 803.7 million on higher feed and residual use for the EU, Kazakhstan, Thailand, and Ukraine. World trade declines 3.0 million tons to 209.0 million with export reductions for the EU, Mexico, Russia, Turkey, and Ukraine. The largest import change is a decrease for China of 2.5 million tons to 8.0 million on a continued sluggish import pace. These would be their lowest imports in five years and China was the leading world wheat importer last year at 13.6 million tons. Projected 2024/25 ending stocks are lowered 1.3 million tons to 257.6 million, on a reduction for China that is only partly offset by increases for Russia, Kazakhstan, and Ukraine.

COARSE GRAINS: This month's 2024/25 U.S. corn supply and use outlook is unchanged from last month. The projected season-average farm price is raised 10 cents to \$4.35 per bushel. Global coarse grain production for 2024/25 is forecast 1.8 million tons lower to 1.492 billion. This month's foreign coarse grain outlook is for reduced production, trade, and ending stocks. Foreign corn production is forecast down with declines for Argentina and Brazil. Production is reduced for Argentina reflecting a cut in yield, as heat and dryness during January and into early February reduce yield prospects for early-planted corn in key central growing areas. For Brazil, the corn production forecast is reduced as slow second-crop planting progress in the Center-West lowers yield prospects. Major global trade changes for 2024/25 include smaller projected corn exports for Brazil, Ukraine, and South Africa. Corn imports are cut for China but raised for Vietnam and Chile. Foreign corn ending stocks are reduced reflecting a reduction for China. Global corn ending stocks, at 290.3 million tons, are down 3.0 million.

OILSEEDS: U.S. 2024/25 soybean supply and use projections are unchanged this month. The season-average soybean price is projected at \$10.10 per bushel, down 10 cents from last month. Soybean meal and oil prices are unchanged at \$310 per short ton and 43 cents per pound, respectively. Global 2024/25 soybean supply and use forecasts include lower production, higher use, and lower ending stocks. Production is reduced for Argentina and Paraguay due to persistent heat and dryness during January. Brazilian soybean production is unchanged at 169.0 million tons. Beneficial weather in the Center-West is boosting soybean prospects, but drier weather in the south accelerated soybean development at the expense of yields. Global soybean crush is raised on higher crush for Brazil. The increase is driven by favorable crush margins, strong biofuel demand, and the pace of soybean meal exports to date. Partially offsetting is lower soybean crush and soybean meal exports for Paraguay on lower supplies. With negligible changes to soybean exports, global ending stocks are reduced 4.0 million tons to 124.3 million on lower stocks for Argentina and Brazil.

MISSOURI WEEKLY HAY SUMMARY 2/13/2025

The state was quickly reminded that it is still winter. Temperatures dropped and winter precipitation passed over the state this week although snow fall wasn't as much as had been forecast in most areas. Even though the heavy coats had to come back out most farmers were willing to take it as it froze the mud back up and made getting around to feed a bit less of a pain. There continues to be a surplus of hay available for sale throughout the state. Hay prices are unevenly steady to weak. The supply of hay is moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 2/24/2025

Monday's Missouri Stocker formula consists of 757 (670) head with a weighted average weight of 573.51 (558.58) lbs. and a price value of 327.61 (284.73), 10.65 lower (11.69 lower) than a week ago. *Volume and price have been impacted by winter weather and lack of sales. *This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 5,261 Week Ago: 23,671 Year Ago: 49,899

Compared to last week, not enough auctions or receipts for a test of the market this week. A couple of sales last Monday with light offerings and then a couple of cow sales late week and over the weekend which also had very light offerings was the extent of cattle movement this week at reported locations. Record breaking cold over the entire state and snow that ranged from just a little in spots north to eleven inches in the in the south central and southeast areas of the state brought auction activity to a standstill for most of the week. As typical weather has already pulled a 180 and auctions should all be back to normal business this week. The monthly cattle on feed report was released on Friday. No big surprises for the most part, nearly everyone expected placements to be larger than a year ago as last January placements were recorded at a record low for a January report due to weather interruptions in contrast to this year in which January movement was very good with little to no issues. All that being said when the dust settled the actual number came in at 101.7 which was below the average pre report estimate of 103.00. Marketings were reported at 101.4 which was a bit less than expected and on feed numbers were right on at 99 percent of last year. All in all, the report was neutral to slightly bullish. Boxed beef cutouts were lower for the week. Choice closed on Friday at 310.77, down 3.93 and Select closed at 302.56, down 4.58 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled near 41K head as of the 2:00 report cutoff time. Live sales were mostly 3.00-5.00 lower and dressed sales 5.00-6.00 lower. Live sales were reported mostly 199.00-201.00 and dressed sales mostly 315.00. The Missouri Stocker formula consists of 757 head with a weighted average weight of 573.51 lbs. and a price value of 327.61, 10.65 lower than last week. The steer/heifer spread is 42.88 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

In Kansas, negotiated cash trade has been mostly inactive on very light demand. In the Texas Panhandle, Nebraska and the Western Cornbelt, negotiated cash trade has been light on light demand. Not enough purchases in any region for a full market trend. The last reported market in the Southern Plains was Thursday with live FOB purchases at 199.00. Thursday in Nebraska, live FOB purchases traded from 199.50-200.00 and dressed delivered purchases traded at 315.00. The last reported market in the Western Cornbelt was last week, with live FOB purchases at 203.00 and dressed delivered purchases traded from 320.00-321.00.

CATTLE ON FEED

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.7 million head on February 1, 2025. The inventory was 1 percent below February 1, 2024.

Placements in feedlots during January totaled 1.82 million head, 2 percent above 2024. Net placements were 1.76 million head. During January, placements of cattle and calves weighing less than 600 pounds were 365,000 head, 600-699 pounds were 395,000 head, 700-799 pounds were 505,000 head, 800-899 pounds were 382,000 head, 900-999 pounds were 105,000 head, and 1,000 pounds and greater were 70,000 head.

Marketings of fed cattle during January totaled 1.87 million head, 1 percent above 2024. Other disappearance totaled 60,000 head during January, 26 percent below 2024.

Cattle on Feed and Annual Size Group Estimates

Cattle and calves on feed for slaughter market in the United States for feedlots with capacity of 1,000 or more head represented 82.7 percent of all cattle and calves on feed in the United States on January 1, 2025. This is comparable to the 82.7 percent on January 1, 2024.

Marketings of fed cattle for feedlots with capacity of 1,000 or more head during 2024 represented 87.2 percent of total cattle marketed from all feedlots in the United States, down slightly from 87.3 percent during 2023.

MISSOURI WEEKLY HAY SUMMARY 2/20/2025

Extreme cold air arrived this week, setting new record lows in some location's midweek. Snow fall ranged from just a bit on the northern border to ten or eleven inches in southern areas of state. Transportation of hay was pretty much brought to a standstill and getting around to feed wasn't much better but had to be done. If there was any plus side the snow was a dry snow so even though livestock had to deal with the cold at least they were able to stay dry. Hay prices are unevenly steady to weak. The supply of hay is moderate to heavy there remains a lot of hay left in the country with plenty for sale if anyone would find themselves needing more, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 3/3/2025

Monday's Missouri Stocker formula consists of **5840 (6438)** head with a weighted average weight of **551.56 (550.91)** lbs. and a price value of **348.65 (307.06)**, 21.04 higher (22.33 higher) than a week ago.
*Volume and price have been impacted by winter weather and lack of sales from the previous week *

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 37,523 Week Ago: 5,411 Year Ago: 33,883

Compared to two weeks ago feeder steers and heifers sold fully 10.00 higher. There was not enough auctions or receipts last week for a market trend, and several barns had to look back a full three weeks since the last test due to winter weather cancellations. Some instances especially lighter weight calves suitable for grazing saw sharply higher markets as recent losses in the market was erased and added too. Buyers were aggressive this week and eager to get buying summer grazers. Other than mud this week was a huge change from last week as the state went from record lows just a week ago to well above average this week. A green tint is showing in parts of southern Missouri and a few areas in west central and southwest Missouri had enough wind to dry things out and starting to see some limited amounts of fertilizer being spread. Feeder cattle markets have climbed back to record territory with very good demand being found not only for grazing calves but also yearlings and replacement stock, even the cull market for cows and bulls is once again seeing some impressive prices. Joplin Regional Stockyards sold a high dressing bull this week that totaled up to just over \$4400.00 and they we not the only barn that had bulls meeting or exceeding 2.00 per lb. Ozark Regional Stockyards sold some young cows bred back in the 1st stage with 300 lb. calves at their side for \$4550.00. Some stick out feeder sales around the state included 30 head of 422 lb. steers at Springfield Livestock Marketing Center for 430.00. New Cambria Livestock Auction sold 21 head of 532 lb. steers for 390.50. MO Kan Livestock Market sold 25 head of 603 lb. steers for 353.00. 118 head of 741 lb. steers sold at Windsor Livestock Auction for 307.75. Interstate Regional Stockyards sold 66 head of 789 lb. steers for 288.75. A load of 857 lb. steers sold at Mid Missouri Stockyards for 276.00. Joplin Regional Stockyards sold 93 head of 921 lb. steers for 258.50. A few stick out sales of heifers included 41 head of 542 lb. heifers at Callaway Livestock Center for 256.50. Windsor Livestock Market sold 103 head of 636 lb. heifers for 310.50. A load of 713 lb. heifers at F and T Livestock Market sold for 276.50. Unionville Livestock Market sold near 100 head of fancy replacement heifers from 700-875 lbs. which sold for 2260.00-2425.00 per head. Boxed beef cutouts were mixed for the week. Choice closed on Friday at 311.83, up 1.05 and Select closed at 302.05, down 0.51 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled just under 33K head as of the 2:00 report cutoff time. Live and dressed sales were mostly 2.00 lower. Live sales were reported mostly 197.00-199.00 and dressed sales mostly 313.00. The Missouri Stocker formula consists of 5840 head with a weighted average weight of 551.56 lbs. and a price value of 348.65, 21.04 higher than last week and just a few cents lower than the record high set earlier in the week. The steer/heifer spread is 41.59 per cwt.

Frozen pork supplies were up 3 percent from the previous month but down 11 percent from last year. Stocks of pork bellies were up 24 percent from last month but down 32 percent from last year.

MISSOURI WEEKLY HAY SUMMARY 2/27/2025

Springlike weather made its way to the state this week. The amount of mud in some areas has been a hindrance when feeding and working with cattle but is much better to work in rather than the sub-zero temperatures from a couple of weeks ago. The latest drought monitor showed just over half the state impacted by some level of dryness with 32.82 percent classified abnormally dry and 15.78 percent moderate drought. In the dryer areas, farmers are thinking about spring preparations. A couple fertilizer buggies have been moving around where ruts aren't going to be an issue. Hay prices are unevenly steady. The supply of hay continues to be moderate to heavy. There is plenty for sale if anyone is finding themselves short at this point. Demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 3/10/2025

Monday's Missouri Stocker formula consists of **5876 (5876)** head with a weighted average weight of **552.76 (535.67)** lbs. and a price value of **344.94 (306.16)**, 3.71 lower (0.90 lower) than a week ago.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 36,788 Week Ago: 37,523 Year Ago: 43,047

Compared to last week, feeders sold unevenly steady to 5.00 lower although there were some instances of steady to 2.00 higher mostly on midweight steers if condition was favorable for grazing and all the work was done. Markets did show signs of strength later in the week, however late week receipts were limited. The supply of feeders was light to moderate and demand was moderate with flesh conditions playing a big part on how willing buyers were to show any aggressive bidding to try and own them. A winter cold snap passed over the state mid-week providing a little snow along with extreme winds which made some areas mostly in the north a little difficult to travel for a few hours. A big warm up came by the weekend and projected for the entire coming week quickly had thoughts shifted back to doing spring task and eager for grass. Some stick out feeder sales around the state included 24 head of 538 lb. steers at Joplin Regional Stockyards for 410.50, 34 head of 716 lb. steers for 306.00 and 160 head of 973 lbs. steers for 240.00. New Cambria Livestock Auction sold 25 head of 625 lb. steers for 344.00. Windsor Livestock Auction sold 80 head of 678 lb. steers for 330.50 along with 35 head of 752 lb. steers for 296.50. Tina Livestock Market sold 62 head of 860 lb. steers for 272.75. Callaway Livestock Center sold 28 head of 510 lb. fancy heifers for 353.00. Kingsville Livestock Auction sold 20 head of 741 lb. heifers for 279.50. Boxed beef cutouts were higher for the week. Choice closed on Friday at 314.90, up 3.07 and Select closed at 305.80, up 3.30 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled near 55K head as of the 2:00 report cutoff time. Live and dressed sales in the south took place earlier in the week mostly steady to weak. Sales in the north didn't occur till Friday afternoon mostly 2.00 to 4.00 higher. Live sales were reported mostly 197.00-202.50 and dressed sales 315.00-320.00. The Missouri Stocker formula consists of 5876 head with a weighted average weight of 552.76 lbs. and a price value of 344.94, 3.71 lower than last week. The steer/heifer spread is 38.78 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far for Friday in the Southern Plains, negotiated cash trading has been mostly inactive on very light demand. The last reported market was on Thursday with live FOB purchases at 197.00. In Nebraska, negotiated cash trading has been active on good demand. Compared to last week, live FOB and dressed delivered purchases traded 2.00-4.00 higher from 200.00-202.00 and 315.00- 317.00, respectively. In the Western Cornbelt, negotiated cash trading has been light with moderate demand. Compared to last week, on a light test, live FOB purchases traded 2.00-4.00 higher from 200.00-202.00. Not enough dressed delivered purchases for a market trend, last week dressed delivered purchases traded at 313.00.

OILSEED CRUSH, PRODUCTION, CONSUMPTION, STOCKS

Soybeans crushed for crude oil was 6.38 million tons (213 million bushels) in January 2025, compared with 6.53 million tons (218 million bushels) in December 2024 and 5.83 million tons (194 million bushels) in January 2024. Crude oil produced was 2.53 billion pounds, down 2 percent from December 2024 but up 11 percent from January 2024. Soybean once refined oil production at 1.72 billion pounds during January 2025 decreased 10 percent from December 2024 but increased 8 percent from January 2024.

Canola seeds crushed for crude oil was 205,923 tons in January 2025, compared with 223,154 tons in December 2024 and 203,989 tons in January 2024. Canola crude oil produced was 160 million pounds, down 8 percent from December 2024 and down 4 percent from January 2024. Canola once refined oil production, at 157 million pounds during January 2025, was down 9 percent from December 2024 but up 1 percent from January 2024.

Cottonseed once refined oil production, at 33.8 million pounds during January 2025, was up 12 percent from December 2024 and up 34 percent from January 2024.

Edible tallow production was 71.3 million pounds during January 2025, down 6 percent from December 2024 and down 2 percent from January 2024. Inedible tallow production was 302 million pounds during January 2025, up less than 1 percent from December 2024 but down 2 percent from January 2024. Technical tallow production was 115 million pounds during January 2025, down less than 1 percent from December 2024 but up 5 percent from January 2024. Choice white grease production, at 102 million pounds during January 2025, increased 1 percent from December 2024 but decreased 13 percent from January 2024.

GRAIN CRUSHINGS AND CO-PRODUCTS PRODUCTION

Total corn consumed for alcohol and other uses was 503 million bushels in January 2025. Total corn consumption was down 5 percent from December 2024 but up 4 percent from January 2024. January 2025 usage included 92.7 percent for alcohol and 7.3 percent for other purposes. Corn consumed for beverage alcohol totaled 2.85 million bushels, down 11 percent from December 2024 and down 29 percent from January 2024. Corn for fuel alcohol, at 457 million bushels, was down 5 percent from December 2024 but up 4 percent from January 2024. Corn consumed in January 2025 for dry milling fuel production and wet milling fuel production was 91.5 percent and 8.5 percent, respectively.

Dry mill co-product production of distillers dried grains with solubles (DDGS) was 1.85 million tons during January 2025, down 1 percent from December 2024 but up 5 percent from January 2024. Distillers wet grains (DWG) 65 percent or more moisture was 1.26 million tons in January 2025, down 2 percent from December 2024 and down 3 percent from January 2024.

Wet mill corn gluten feed production was 253,838 tons during January 2025, down 1 percent from December 2024 but up 12 percent from January 2024. Wet corn gluten feed 40 to 60 percent moisture was 204,250 tons in January 2025, up 1 percent from December 2024 and up 2 percent from January 2024.

MISSOURI WEEKLY HAY SUMMARY 3/6/2025

The roller coaster ride of the changing seasons is well under way in the state. The last few weeks have gone from one extreme to the other as we have a week of cold a week of hot then back to cold. Extreme winds and some snow blew in this week which quickly stopped the few fertilizer buggies that had been out in fields. Despite the fact there hasn't been any extended periods of snow cover this feeding season most farmers have stated it seems they have fed a lot of hay this year. Even with that there remains a lot of hay still setting around in the country. Overall, the hay market has held very well as the amount of feeding days draw shorter. Hay prices are unevenly steady on most types of hay, extremely high-quality equine hay is steady to firm. The supply of hay is moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 3/17/2025

Monday's Missouri Stocker formula consists of **5895 (5680)** head with a weighted average weight of **541.25 (533.51)** lbs. and a price value of **360.09 (321.73)**, 15.15 higher (15.57 higher) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 38,009 Week Ago: 367883 Year Ago: 28,143

Compared to last week, feeders sold fully 10.00 higher with most of the calves under 600 lbs. selling 10.00-20.00 higher. Markets moved firmly back to record levels for nearly all classes of cattle this week. Overall short supplies and green grass fever fueled the market at the auction barns and buyers were aggressively looking to fill orders. The CME feeder cattle index established a new record high, breeding stock found good demand as did slaughter animals. Regardless of where a producer might fall in the production arena current price levels are very satisfying if you are on the selling end. As the seasons are in transition mode the state saw all ends of the spectrum last week, most of the week was warm and sunny, winds have made fire a danger, however. Late wee the first severe weather of the season passed over the state with several tornados in the southern part of the state that sadly resulted in a lot of damage and some lives lost. Sunday morning much of the north half of the state woke up to with dusting to a couple inches of snow before it quickly melted away. Some stick out feeder sales around the state included 25 head of 478 lb. steers at Joplin Regional Stockyards for 427.00, 42 head of 548 lb. steers for 387.50 and 31 head of 874 lbs. steers for 283.50. Ozark Regional Stockyards sold 272 head of 570 lb. steers for 382.00. Windsor Livestock Auction sold 23 head of 622 lb. steers for 357.00. F & T Livestock Market sold 21 head of 708 lb. steers for 323.00. Lolli Brothers Livestock Market Sold 72 head of 761 lb. steers for 303.25. Kingsville Livestock Auction sold a load of 811 lb. steers for 285.00. Callaway Livestock Center sold 120 head of 924 lb. steers for 265.75. On the heifer side Windsor Livestock Auction sold 41 head of 525 lb. heifers for 351.00. Lolli Brothers Livestock Market sold three loads of heifers a few lbs. on either side of 750 lbs. for 282.25-283.00. Boxed beef cutouts were higher for the week. Choice closed on Friday at 318.27, up 3.37 and Select closed at 306.32, up 0.52 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled just under 27K head as of the 2:00 report cutoff time. Trade was very slow to develop this week and additional sales likely occurred after the report cutoff time. Live and dressed sales ranged from 200.00-208.00 and dressed sales were reported from 320.00-330.00, both sharply higher than the previous week. The Missouri Stocker formula consists of 5895 head with a weighted average weight of 541.25 lbs. and a price value of 360.09, 15.57 lower than last week and just a few cents lower than the all-time record high set the previous day on Thursday. The steer/heifer spread is 38.36 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday negotiated cash trade has been light on moderate to good demand in the Southern Plains. A few purchases at mostly at 202.00, however, not enough for a full market trend. The latest reported market in the Southern Plains was last week with live FOB purchases at 197.00. In Nebraska and the Western Cornbelt, negotiated cash trade was light to moderate on good demand. Live FOB purchases in both regions traded mostly 3.00-5.00 higher at 205.00, on a light test. Dressed delivered purchases in Nebraska traded 8.00-10.00 higher at 325.00. Not enough dressed delivered purchases in the Western Cornbelt for a market trend. Last week in the Western Cornbelt dressed purchases traded from 315.00-320.00.

WORLD AGRICULTURAL SUPPLY AND DEMAND EST

WHEAT: The outlook for 2024/25 U.S. wheat this month is for larger supplies, unchanged domestic use, lower exports, and higher ending stocks. Supplies are raised on increased imports, up 10 million bushels to 140 million on a continued robust pace. By-class increases were made to Hard Red Spring (HRS) and Durum. Wheat exports are lowered 15 million bushels to 835 million, based on Census exports through January and expectations for sales and shipments for the remainder of the marketing year. By-class reductions were made to HRS, Soft Red Winter, and Durum. Projected 2024/25 ending stocks are raised 25 million bushels to 819 million, up 18 percent from last year. The season-average farm price is reduced \$0.05 per bushel to \$5.50 on NASS prices reported to date and price expectations for the remainder of the marketing year

COARSE GRAINS: This month's 2024/25 U.S. corn outlook is unchanged relative to last month. The season-average corn price received by producers is unchanged at \$4.35 per bushel.

OILSEEDS: U.S. 2024/25 soybean supply and use projections are unchanged this month. The soybean oil balance sheet includes higher exports and lower soybean oil used for biofuel. The season-average soybean price is projected at \$9.95 per bushel, down 15 cents from last month. Soybean meal and oil prices are unchanged at \$310 per short ton and 43 cents per pound, respectively.

GRADE AND EIGHT (Grid): 2 loads Friday 328.00

MISSOURI WEEKLY HAY SUMMARY 3/13/2025

Very warm weather this week resulted in a lot of spring fever. There were a few acres of corn put in the ground around the state, some tillage and a lot of anhydrous being applied as well as pelleted fertilizer going on pastures and hay fields. Green is becoming more prominent each day and livestock are becoming less interested in cleaning up and more interested in chasing which ever springs of grass that have popped up the tallest. Still a lot of hay for sale around the state and some are looking to clean out before it is time for new crop others however are content on saving a few bales as some areas are already dry for this time of year. Hay prices are unevenly steady on most types of hay, extremely high-quality equine hay is steady to firm. The supply of hay is moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale

Alfalfa - Premium 200.00-250.00

Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 125.00-200.00

Mixed grass - Fair/Good 80.00-125.00, small square 3.50-8.00 per bale

Mixed grass - Fair 25.00-50.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Corn Stalks - 10.00-25.00 per large round bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 3/24/2025

Monday's Missouri Stocker formula consists of **5357 (5581)** head with a weighted average weight of **543.33 (532.98)** lbs. and a price value of **363.49 (323.41)**, 3.40 higher (1.68 higher) than a week ago. This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 33,462 Week Ago: 38,009 Year Ago: 39,026

Compared to last week, feeders sold steady to 10.00 higher. Markets continued to climb into uncharted territory setting new price records for nearly all sectors of the cattle market. The supply of feeders was moderate some auctions did see movement limited as some areas of the state were effected by severe weather. Demand was good to very good as buyers continue to try to fill orders for grazing stock as well as look to keep inventory flowing into feedlots. The monthly cattle on feed report were released on Friday and will be viewed as very bullish for the market. On feed numbers were 97.8, marketings at 91.1 and placements at 82.2 percent of a year ago. Of course, the placement number is always the attention getter and given placements in Feb 24 were a record high no one had any doubt the number would be lower. The combination of the timing of winter storms between last year and this year as well as the very limited imports of Mexican cattle led to a much lower number than many had expected, however. Some stick out feeder sales around the state included 20 head of 464 lb. steers at Windsor Livestock Auction which sold for 447.50. Joplin Regional Stockyards sold 36 head of 509 lb. steers for 409.00. Interstate Regional Stockyards sold 39 head of 601 lb. steers for 358.50. Kingsville Livestock Auction sold 46 head of 704 lb. steers for 319.50. Unionville Livestock Market sold 61 head of 862 lb. steers for 293.60. Tina Livestock Market sold 21 head of 511 lb. heifers for 350.00. Kingsville Livestock Auction sold 143 head of 743 lb. heifers for 282.50. Boxed beef cutouts were higher for the week. Choice closed on Friday at 325.45, up 7.18 and Select closed at 309.82, up 3.50 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled just under 50K head as of the 2:00 report cutoff time. Trade was very slow to develop this week and additional sales likely occurred after the report cutoff time. Live and dressed sales ranged from 209.00-215.00 and dressed sales were reported from 332.00-340.00, both sharply higher than the previous week and should establish new weekly weighted average records once all the data is compiled. The Missouri Stocker formula consists of 5357 head with a weighted average weight of 543.33 lbs. and a price value of 363.49, 3.40 higher than last week and establishing a new record high. The steer/heifer spread is 40.08 per cwt.

CATTLE ON FEED

United States Cattle on Feed Down 2 Percent

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.6 million head on March 1, 2025. The inventory was 2 percent below March 1, 2024.

Placements in feedlots during February totaled 1.55 million head, 18 percent below 2024. Net placements were 1.49 million head. During February, placements of cattle and calves weighing less than 600 pounds were 295,000 head, 600-699 pounds were 275,000 head, 700-799 pounds were 415,000 head, 800-899 pounds were 389,000 head, 900-999 pounds were 130,000 head, and 1,000 pounds and greater were 50,000 head.

Marketings of fed cattle during February totaled 1.63 million head, 9 percent below 2024.

Other disappearance totaled 60,000 head during February, 7 percent above 2024.

MILK PRODUCTION

February Milk Production down 2.6 Percent

Milk production in the 24 major States during February totaled 17.0 billion pounds, down 2.6 percent from February 2024. However, production was 0.9 percent above last year after adjusting for the leap year. January revised production, at 18.4 billion pounds, was up 0.6 percent from January 2024. The January revision represented an increase of 72 million pounds or 0.4 percent from last month's preliminary production estimate.

Production per cow in the 24 major States averaged 1,895 pounds for February, 66 pounds below February 2024.

The number of milk cows on farms in the 24 major States was 8.96 million head, 75,000 head more than February 2024, and 13,000 head more than January 2025.

February Milk Production in the United States down 2.5 Percent

Milk production in the United States during February totaled 17.7 billion pounds, down 2.5 percent from February 2024.

Production per cow in the United States averaged 1,885 pounds for February, 61 pounds below February 2024.

The number of milk cows on farms in the United States was 9.41 million head, 62,000 head more than February 2024, and 15,000 head more than January 2025.

MISSOURI WEEKLY HAY SUMMARY 3/20/2025

Spring officially arrived this week even if it didn't feel much like it outside. A fair amount of green is showing across pastures now and many of last years' crop fields that haven't seen any equipment are covered in shades of purple as henbit is in bloom. A bit of fertilizer has been spread but weather has put that and most field work on hold for the time being. Hay prices are mostly steady. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale

Alfalfa - Premium 200.00-250.00

Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

Mixed grass - Good/Premium 125.00-200.00

Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale

Mixed grass - Fair 25.00-50.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Corn Stalks - 10.00-25.00 per large round bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 3/31/2025

Monday's Missouri Stocker formula consists of **5563 (5349)** head with a weighted average weight of **533.54 (530.53)** lbs. and a price value of **371.72 (329.68)**, 8.23 higher (6.27 higher) than a week ago. This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 32,613 Week Ago: 33,462 Year Ago: 26,323

Compared to last week, feeders sold steady to 5.00 higher, with some lighter weights 10.00 higher. At the risk of sounding like a broken record markets continued to climb once again finding several new records to replace. Some areas of the state got back into the fields applying fertilizer, working ground and even getting some corn planted. This isn't the case statewide however as other areas are still much too wet and spring storms dropped even more rain this week. The supply of feeders was moderate and although there were still several loads of yearlings showing up calves are making up more of the supply each week. Demand is good to very good for all classes of cattle but those with less flesh and ready to eat grass and gain weight finding the best demand. Some stick out feeder sales around the state included 44 head of 408 lb. steers at Kingsville Livestock Auction that sold for 488.00. Joplin Regional Stockyards sold 20 head of 505 lb. steers for 395.00. Interstate Regional Stockyards sold 30 head of 583 lb. steers for 373.00 F & T Livestock Market sold 21 head of 601 lb. steers for 363.00. Callaway Livestock Center sold 24 head of 702 lb. steers for 330.00 as well as 60 head of 866 lb. steers for 289.10. Lolli Brothers Livestock Market sold 26 head of 757 lb. steers at 301.00. Kingsville Livestock Auction sold 144 head of 722 lb. heifers which were not bought as replacements for 295.00. Boxed beef cutouts were higher for the week. Choice closed on Friday at 332.82, up 7.37 and Select closed at 318.68, up 8.86 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled near 25,500 head as of the 2:00 report cutoff time. Once again trade was slow to develop this week and additional sales likely occurred after the report cutoff time. Live and dressed sales ranged from 207.00-214.00 and dressed sales were reported from 330.00-345.00. Based on the limited volume as of Friday afternoon live sales were steady to slightly lower and dressed sales steady to 5.00 higher. The Missouri Stocker formula consists of 5563 head with a weighted average weight of 533.54 lbs. and a price value of 371.72, 8.23 higher than last week. The stocker formula set another record high mid-week before backing off slightly at the end to the week. The steer/heifer spread is 42.04 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday in the Texas Panhandle, negotiated cash trade has been mostly inactive on light demand. In Kansas and the Western Cornbelt, negotiated cash trade has been light on moderate demand. A few live FOB purchases in Kansas traded at 209.00. Last week in the Southern Plains live FOB purchases traded at 210.00. Last week in the Western Cornbelt, live FOB purchases traded from 212.00-215.00 and dressed delivered purchases traded at 335.00. Negotiated cash trade in Nebraska has been light on moderate to good demand. Compared to last week, on a light test, dressed delivered purchases traded steady to 10.00 higher from 335.00-345.00. A few live FOB purchases traded at 213, however, not enough for a full market trend. Last week in Nebraska, live FOB purchases traded from 212.00-215.00.

QUARTERLY HOGS AND PIGS

United States inventory of all hogs and pigs on March 1, 2025 was 74.5 million head. This was down slightly from March 1, 2024, and down 1 percent from December 1, 2024. Breeding inventory, at 5.98 million head, was down 1 percent from last year, and down slightly from the previous quarter. Market hog inventory, at 68.5 million head, was down slightly from last year, and down 1 percent from last quarter. The December 2024-February 2025 pig crop, at 33.7 million head, was down slightly from last year. Sows farrowing during this period totaled 2.89 million head, down 1 percent from previous year. The sows farrowed during this quarter represented 48 percent of the breeding herd. The average pigs saved per litter was 11.65 for the December 2024-February 2025 period, compared to 11.53 last year.

MISSOURI HOGS AND PIGS

Missouri inventory of all hogs and pigs on March 1, 2025 was 3.40 million head, down 1 percent from December 1, 2024 but up 5 percent from last year. **Breeding inventory**, at 420,000 head, was down 20,000 from the previous quarter and down 5,000 from last year. **Market hog inventory**, at 2.98 million head, was down 1 percent from last quarter but up 5 percent from last year.

The December-February 2025 pig crop, at 2.68 million head, was up 8 percent from 2024. Sows farrowing during this period totaled 225,000 head, up 5,000 from a year ago. The average pigs saved per litter was 11.90 for the December-February period, compared with 11.30 last year.

COLD STORAGE

Total natural cheese stocks in refrigerated warehouses on February 28, 2025 were up 2 percent from the previous month but down 5 percent from February 29, 2024.

Butter stocks were up 17 percent from last month and up 3 percent from a year ago.

Total frozen poultry supplies on February 28, 2025 were up 2 percent from the previous month but down 3 percent from a year ago. Total stocks of chicken were down 1 percent from the previous month but up 1 percent from last year. Total pounds of turkey in freezers were up 13 percent from last month but down 11 percent from February 29, 2024.

Total frozen fruit stocks were down 7 percent from last month but up 8 percent from a year ago.

Total frozen vegetable stocks were down 7 percent from last month and down 3 percent from a year ago.

Total red meat supplies in freezers were down 1 percent from the previous month and down 5 percent from last year. Total pounds of beef in freezers were down 6 percent from the previous month and down 2 percent from last year. Frozen pork supplies were up 4 percent from the previous month but down 8 percent from last year. Stocks of pork bellies were up 17 percent from last month but down 24 percent from last year.

MISSOURI WEEKLY HAY SUMMARY 3/27/2025

Farmers are starting to get back into fields and get some work done in some areas of the state. In contrast to what the latest drought monitor shows the areas of the state showing as the dryest (northeast) seem to at least have the most topsoil moisture and very little work if any has been done. Feeding days are coming to an end very quickly and some hay producers are trying to clean out inventory especially if they don't have barns for storage before it is time to make this year's crop. Hay prices continue to hold mostly steady even as feeding and demand is light. The supply of hay is moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 4/7/2025

Monday's Missouri Stocker formula consists of **5179 (5948)** head with a weighted average weight of **524.48 (523.05)** lbs. and a price value of **373.27 (329.60)**, 1.55 higher (0.08 lower) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 34,424 Week Ago: 32,613 Year Ago: 29,662

Compared to last week, feeders sold mostly steady. Locally spots of both higher and lower markets could be found but when all was said and done most price averages were pretty close to the previous week. Several reporters did note that quality wasn't as attractive this week and many of the extreme tops were absent. Extremely heavy rains and severe weather resulted in a lot of water and flooding in the south central and southeast portions of the state. Other areas may have been spared from the excessive rains but still got enough to make standing water common in many fields. Global trade uncertainty mid-week caused for some major losses in livestock and soybean futures. There was at least a noteworthy uptick in demand for replacement stock this week. Several packages of high-quality open feeder heifers returned to the farm as well as several bred cows and pairs finding a bit more interest. Some stick out feeder sales around the state included 22 head of 512 lb. steers at Joplin Regional Stockyards that sold for 400.00. Tina Livestock Market sold 35 head of 606 lb. steers for 353.00. Green City Livestock Auction sold 47 head of 745 lb. steers for 319.00 and 70 head of 802 lb. steers for 302.00. Unionville Livestock Market sold 62 head of 846 lbs. steers for 292.60. Kingsville Livestock Auction that sold for 488.00. On the heifer side of the market 25 head of 539 lb. heifers at Green City Livestock Auction sold for 364.00. Kingsville Livestock Auction sold 70 head of 715 lb. heifers for 294.00. Boxed beef cutouts were mixed this week. Choice closed on Friday at 338.45, up 5.63 and Select closed at 317.18, down 1.50 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled just over 67K head as of the 2:00 report cutoff time. As futures markets dropped lower mid-week feedlot trade also began a bit sooner this week with some light sales Wednesday and then more occurring on Thursday the bulk of the sales however still occurred on Friday. Prices were steady to slightly lower this week. Live and dressed sales ranged from 208.00-213.00 and dressed sales were reported from mostly at 335.00. The Missouri Stocker formula consists of 5179 head with a weighted average weight of 524.48 lbs. and a price value of 373.27, 1.55 higher than last week setting an all-time record high once again. The steer/heifer spread is 43.67 per cwt.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

NATIONAL BOXED BEEF CUTOUT VALUES

PROSPECTIVE PLANTINGS

Corn planted area for all purposes in 2025 is estimated at 95.3 million acres, up 5 percent or 4.73 million acres from last year. Compared with last year, planted acreage is expected to be up or unchanged in 40 of the 48 estimating States.

Soybean planted area for 2025 is estimated at 83.5 million acres, down 4 percent from last year. Compared with last year, planted acreage is down or unchanged in 23 of the 29 estimating States.

All wheat planted area for 2025 is estimated at 45.4 million acres, down 2 percent from 2024. If realized, this represents the second lowest all wheat planted area since records began in 1919. The 2025 winter wheat planted area, at 33.3 million acres, is down 2 percent from the previous estimate and down less than 1 percent from last year. Of this total, about 23.6 million acres are Hard Red Winter, 6.09 million acres are Soft Red Winter, and 3.66 million acres are White Winter. Area expected to be planted to other spring wheat for 2025 is estimated at 10.0 million acres, down 6 percent from 2024 estimate. Of this total, about 9.40 million acres are Hard Red Spring wheat. Durum planted area for 2025 is expected to total 2.02 million acres, down 2 percent from the previous year.

All cotton planted area for 2025 is estimated at 9.87 million acres, down 12 percent from last year. Upland area is estimated at 9.71 million acres, down 12 percent from 2024. American Pima area is estimated at 157,000 acres, down 24 percent from 2024.

GRAIN STOCKS

Corn stocks in all positions on March 1, 2025 totaled 8.15 billion bushels, down 2 percent from March 1, 2024. Of the total stocks, 4.50 billion bushels were stored on farms, down 11 percent from a year earlier. Off-farm stocks, at 3.65 billion bushels, are up 12 percent from a year ago. The December 2024 - February 2025 indicated disappearance is 3.92 billion bushels, compared with 3.82 billion bushels during the same period last year.

Soybeans stored in all positions on March 1, 2025 totaled 1.91 billion bushels, up 4 percent from March 1, 2024. Soybean stocks stored on farms are estimated at 877 million bushels, down 6 percent from a year ago. Off-farm stocks, at 1.03 billion bushels, are up 13 percent from last March. Indicated disappearance for the December 2024 - February 2025 quarter totaled 1.19 billion bushels, up 3 percent from the same period a year earlier.

All wheat stored in all positions on March 1, 2025 totaled 1.24 billion bushels, up 14 percent from a year ago. On-farm stocks are estimated at 307 million bushels, up 13 percent from last March. Off-farm stocks, at 930 million bushels, are up 14 percent from a year ago. The December 2024 - February 2025 indicated disappearance is 336 million bushels, 1 percent above the same period a year earlier.

GRAIN CRUSH AND CO-PRODUCTS PRODUCTION

Total corn consumed for alcohol and other uses was 465 million bushels in February 2025. Total corn consumption was down 10 percent from January 2025 and down 6 percent from February 2024. February 2025 usage included 92.6 percent for alcohol and 7.4 percent for other purposes. Corn consumed for beverage alcohol totaled 3.04 million bushels, up 7 percent from January 2025 but down 33 percent from February 2024. Corn for fuel alcohol, at 421 million bushels, was down 10 percent from January 2025 and down 5 percent from February 2024. Corn consumed in February 2025 for dry milling fuel production and wet milling fuel production was 91.9 percent and 8.1 percent, respectively.

OILSEED CRUSH, PROD, CONSUMPTION, AND STOCKS

Soybeans crushed for crude oil was 5.67 million tons (189 million bushels) in February 2025, compared with 6.38 million tons (213 million bushels) in January 2025 and 5.80 million tons (193 million bushels) in February 2024. Crude oil produced was 2.24 billion pounds, down 11 percent from January 2025 and down 2 percent from February 2024. Soybean once refined oil production at 1.61 billion pounds during February 2025 decreased 6 percent from January 2025 and decreased 1 percent from February 2024.

MISSOURI WEEKLY HAY SUMMARY 4/3/2025

Severe weather and heavy rains over several days prevented any field work from taking place this week. Priorities shifted as many were dealing with flooding along with wind and even some tornado damage. Hay prices continue to hold mostly steady even as feeding days are quickly winding down and turn out is beginning in some areas. Hay demand is light and the supply of hay is moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 8.00-12.00 per bale
Alfalfa - Premium 200.00-250.00
Alfalfa - Good 150.00-200.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 4/14/2025

Monday's Missouri Stocker formula consists of **3151 (2902)** head with a weighted average weight of **522.80 (515.52)** lbs. and a price value of **351.44 (319.49)**, 21.83 lower (10.11 lower) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 16,816 Week Ago: 34,424 Year Ago: 29,485

Compared to last week, steers and heifers mostly 5.00 to 10.00 lower, spots 15.00 to 20 lower mostly in early week sales. Demand was good with a light to moderate supply. Markets cautiously opened this week with volatile futures markets until mid-week when there was an announcement that some tariffs were being paused. Quite a few sale barns noted lighter-than-normal supply partially due to uncertainty in the markets. Live cattle futures closed on Friday uneven with the front months (April, June, August) 0.15 to 1.40 lower, but October and December 0.70 to 1.77 higher, compared to a week ago. Feeder cattle futures closed out the week 2.62 to 5.75 higher, counteracting the days that closed in the red. In feedlot trade, there were just under 49,000 head reported on Friday afternoon. Very little early week trade from 204.00 to 208.00 live and 327.00-328.00 dressed. Late week trade live up to 212.50 and dressed 325.00-328.00. Boxed beef cuts closed on Friday at 334.22 for choice and 313.96 for select, 4.23 lower and 3.22 lower for the week, respectively. The Missouri Stocker Formula consists of 3,151 head with a weighted average weight of 522.80 lbs and a price value of 351.44, 21.83 lower than a week ago. The first weekly crop progress report for the year was released last week. It showed 6 percent of Missouri's corn had been planted and 3 percent of soybeans had been planted, as of April 6. There's no doubt that plenty of headway has been made in the past week. The planters have been rolling and farmers are getting seed into the ground while there is some time between rain showers. Fertilizer buggies and spreader trucks have been hard at work spreading on pastures, too. Grass has been greening up and the warmer weather has encouraged growth. Last week's pasture condition was rated 94 percent in the fair, good, or excellent categories.

MISSOURI CROP PROGRESS AND CONDITION

There were 2.3 days suitable for fieldwork in the week ending April 6, 2025. Statewide, the average temperature was 49.3 degrees, 0.7 degrees below normal. Precipitation averaged 3.83 inches, 3.11 inches above normal. Topsoil moisture supply was rated 1 percent very short, 8 percent short, 61 percent adequate, and 30 percent surplus. Subsoil moisture supply was rated 2 percent very short, 15 percent short, 67 percent adequate, and 16 percent surplus. Corn planted reached 6 percent, compared to the 5-year average of 3 percent. Soybeans planted reached 3 percent, compared to the 5-year average of 1 percent. Rice planted reached 2 percent, compared to the 5-year average of 3 percent. Winter wheat headed reached 2 percent, compared to the 5-year average of 1 percent. Winter wheat condition was rated 7 percent poor, 29 percent fair, 59 percent good, and 5 percent excellent.

	Week Ending

Soybeans Planted	3	2	3	1
Rice Planted	2	-	12	3
Winter wheat headed	2	-	2	1

WORLD AG SUPPLY AND DEMAND ESTIMATES

WHEAT: This month's supply and demand outlook for 2024/25 U.S. wheat is for larger supplies, slightly smaller domestic use, reduced exports, and increased ending stocks. Supplies are raised on higher projected imports, up 10 million bushels to 150 million, with increases for Hard Red Spring (HRS), Durum, White, and Hard Red Winter (HRW). At this level, imports would be the largest since 2017/18. Domestic consumption is forecast 2 million bushels lower on reduced seed use, based primarily on the March NASS Prospective Plantings report. Feed and residual use is unchanged at 120 million bushels, but there are off-setting by-class revisions based on the March 31 NASS Grain Stocks report. Exports are lowered 15 million bushels to 820 million with reductions to HRS and HRW. Projected 2024/25 ending stocks are raised 27 million bushels to 846 million, 22 percent above the previous year. The season average farm price is unchanged at \$5.50 per bushel.

COARSE GRAINS: This month's 2024/25 U.S. corn outlook is for greater exports, reduced feed and residual use, and smaller ending stocks. Feed and residual use is cut 25 million bushels to 5.8 billion based on disappearance during the December-February quarter as indicated in the March 31 Grain Stocks report. Exports are raised 100 million bushels reflecting the pace of sales and shipments to date and relatively competitive U.S. prices. With no other use changes, ending stocks are down 75 million bushels from last month to 1.5 billion. The season-average corn price received by producers is unchanged at \$4.35 per bushel.

OILSEEDS: The outlook for U.S. soybean supply and use for 2024/25 includes higher imports and crush, and lower ending stocks. Soybean crush is raised 10 million bushels to 4.42 billion on higher soybean meal domestic use and soybean oil exports. Soybean oil exports are increased based on export commitments. Soybean oil for biofuel is lowered based on pace to date. However, stronger use is forecast for the last part of the marketing year due to tariffs impacting imports of other biofuel feedstocks, like used cooking oil. With soybean exports unchanged and imports increased slightly, soybean ending stocks are lowered 5 million bushels to 375 million. The U.S. season-average soybean price for 2024/25 is forecast unchanged at \$9.95 per bushel. The soybean meal price is lowered \$10 to \$300 per short ton and the soybean oil price is raised 2 cents to 45 cents per pound.

MISSOURI WEEKLY HAY SUMMARY 4/10/2025

Many producers that were in the direct line of last week's storms once again spent a fair amount of time this week cleaning up, fixing fences and water gaps. Those in areas that didn't receive extreme amounts are slowing finding some spots that they can get over and returning to field work along with spreading fertilizer on pastures and hay fields if they hadn't gotten it done earlier. Hay demand is light as feeding season draws to an end and the supply of hay is moderate. Hay prices are steady to weak. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 10.00-14.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 4/21/2025

Monday's Missouri Stocker formula consists of **6853 (6211)** head with a weighted average weight of **529.04 (516.92)** lbs. and a price value of **372.33 (332.63)**, 20.79 higher (13.14 higher) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 37,330 Week Ago: 16,816 Year Ago: 35,524

Compared to the light test from last week, feeder steers and heifers sold 5.00 to 25.00 higher gaining back all of last week's losses and then some. Auctions barns shook of the uncertainty and volatility of the prior week and seemed to forget about factors outside of the fundamental factors directly related to supply and demand of cattle. The supply of feeders was moderate with several large drafts of yearlings being offered at various auctions this week as well as plenty of calves which is typical for this time of year. Demand was good to very good for all classes of cattle from grazing calves to fill the green grass pastures that are quickly growing to yearlings that could go multiple ways and even replacement heifers. The monthly cattle on feed report was released a day early this month due to Good Friday. Overall, on the surface the report was mostly neutral to perhaps an ever so slight touch bearishness but looking at the bigger picture of total numbers and several months of reports nothing negative to be found at this point. On feed was published at 98.4 percent, placements at 105.1 and marketings at 101.1 percent of a year ago. Being a quarterly report the break down of steers and heifers on feed was included and published with a percentage of 62:38 which still does not support any major retention or growth in breeding stock at this point. A few stick out sales this week included 31 head of 420 lb. steers at South Central Regional Stockyards which sold for 420.00. Callaway Livestock Center sold 53 head of 501 lb. fancy grazing steers for 440.00 as well as 120 head of 883 lb. steers for 280.75. Joplin Regional Stockyards sold 103 head of 619 lb. steers for 354.00 and 498 head of 841 lb. steers for 292.10. Mo-Kan Livestock Market sold 130 head of 939 lb. steers for 264.00. On the heifer side Callaway Livestock Center sold 67 head of 548 lb. heifers for 351.25. Lolli Brothers Livestock Market sold five loads of heifers from 714-743 lbs. all for 293.75. Boxed beef cutouts were mixed this week. Choice closed on Friday at 331.52, down 2.70 and Select closed at 315.55, up 1.59 compared to last Friday. Negotiated feedlot sales as of the Friday afternoon report totaled just over 64K head as of the 2:00 report cutoff time. Live prices were 4.00 to 7.00 higher and dressed sales were 5.00 to 12.00 higher. Live sales in the south were mostly 208.00-210.00 and 212.00-215.00 in the north with dressed sales in the north 332.00-340.00. The Missouri Stocker formula consists of 6853 head with a weighted average weight of 529.04 lbs. and a price value of 372.33, 20.79 higher than a week ago. The steer/heifer spread at 39.60.

CATTLE ON FEED

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.6 million head on April 1, 2025. The inventory was 2 percent below April 1, 2024. The inventory included 7.26 million steers and steer calves, down slightly from the previous year. This group accounted for 62 percent of the total inventory. Heifers and heifer calves accounted for 4.38 million head, down 4 percent from 2024.

Placements in feedlots during March totaled 1.84 million head, 5 percent above 2024. Net placements were 1.79 million head. During March, placements of cattle and calves weighing less than 600 pounds were 335,000 head, 600-699 pounds were 285,000 head, 700-799 pounds were 475,000 head, 800-899 pounds were 506,000 head, 900-999 pounds were 175,000 head, and 1,000 pounds and greater were 65,000 head.

Marketings of fed cattle during March totaled 1.73 million head, 1 percent above 2024.

Other disappearance totaled 55,000 head during March, 4 percent below 2024.

MISSOURI WEEKLY HAY SUMMARY 4/17/2025

Producers were back in the fields planting and finishing up fertilizer application early week. Rains later in week and forecast for a few days likely to slow activity, however. As of the start of this week corn and bean planting still both under 10 percent complete as weather just hasn't been very cooperative so far. Pasture conditions are mostly in the fair to good rating. There is a good section of dryness that is somewhat concerning this early in the year which includes a strip of the state from the Southwest to Northeast corners of the state. So far, no reports of anyone cutting and wrapping any hay but that should get underway soon. Hay prices are steady to weak, supply and demand are light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-14.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

MISSOURI STEER (HEIFER) STOCKER FORMULA 4/28/2025

Monday's Missouri Stocker formula consists of **4065 (3215)** head with a weighted average weight of **533.49 (513.06)** lbs. and a price value of **374.50 (340.62)**, 2.27 higher (7.99 higher) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 23,059 Week Ago: 37,330 Year Ago: 32,408

Compared to the light test from last week, feeder steers and heifers sold steady to 5.00 higher. The supply of feeders was light as heavy rains once again limited auction volume combined with several of the northern sales already being on an off-schedule week. The majority of the feeder offering was calves this week with many fresh off of the cow and unweaned. Demand was good to very good as buyers continue to aggressively try to fill orders and keep prices in record territory. Ample moisture for most areas of the state has grass eager for more sunshine in order to really take off. The latest drought monitor finally showed significant improvement with most of the state drought free and just under 12 percent remaining listed as abnormally dry. Planting has been slow due to rains which seem to be spaced just right to prevent many fields from drying enough to get over. As of the start of last week 33 percent of corn and 15 percent of beans had been planted. A few stick out sales this week included 25 head of 455 lb. steers at Kingsville Livestock Auction which sold for 440.50, 22 head of 513 lb. steers for 421.00 and a full load of 807 lb. steers for 299.00. Windsor Livestock Auction sold 35 head of 702 lb. steers for 331.50, a full load of 859 lb. steers for 290.50 and 41 head of 969 lb. steers for 269.50. Joplin Regional Stockyards sold 22 head of 557 lb. steers for 405.00. Tina Livestock Auction had 34 head of 610 lb. steers which brought 363.00. On the heifer side Kingsville Livestock Auction sold 35 head of 506 lbs. fancy heifers for 378.50 and a full load of 709 lb. heifers at 310.00. Boxed beef cutouts were higher for the week. Choice closed on Friday at 336.48, up 4.96 and Select closed at 320.11, up 5.56 compared to last Friday. Negotiated feedlot sales were very slow to develop just under 14K head were reported as of the 2:00 report cutoff time Friday afternoon. Almost certain there was significant volume that occurred after the deadline to report that will show up on the weekly recap. Live prices were 2.00 to 6.00 higher and dressed sales were steady to 5.00 higher. Live sales were reported at 210.00-218.00 and dressed sales were reported at 335.00-342.00. The Missouri Stocker formula consists of 4065 head with a weighted average weight of 533.49 lbs. and a price value of 374.50, 2.27 higher than last week. The steer/heifer spread is 33.88 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday negotiated cash trade has been light on moderate demand in all trading regions. A few live FOB purchases in the Texas Panhandle traded at 212.00. In the Western Cornbelt, a few live FOB purchases traded at 218.00. However, not enough in any region for a market trend. Last week in the Texas Panhandle, live FOB purchases traded from 208.00-210.00. For the prior week in Kansas, live FOB purchases traded at 210.00. Last week in Nebraska, live FOB purchases traded from 212.00-214.00 and dressed delivered purchases traded from 332.00-340.00. For the prior week in the Western Cornbelt, live FOB purchases traded at 212.00 and dressed delivered purchases traded at 335.00.

COLD STORAGE 4/24/25

Total natural cheese stocks in refrigerated warehouses on March 31, 2025 were up 1 percent from the previous month but down 4 percent from March 31, 2024.

Butter stocks were up 6 percent from last month and up 4 percent from a year ago.

Total frozen poultry supplies on March 31, 2025 were up 1 percent from the previous month but down 3 percent from a year ago. Total stocks of chicken were down 1 percent from the previous month but up 3 percent from last year. Total pounds of turkey in freezers were up 4 percent from last month but down 15 percent from March 31, 2024.

Total frozen fruit stocks were down 10 percent from last month but up 3 percent from a year ago.

Total frozen vegetable stocks were down 8 percent from last month and down 4 percent from a year ago.

Total red meat supplies in freezers were down 1 percent from the previous month and down 4 percent from last year. Total pounds of beef in freezers were down 2 percent from the previous month but up 1 percent from last year. Frozen pork supplies were down slightly from the previous month and down 9 percent from last year. Stocks of pork bellies were up 14 percent from last month but down 26 percent from last year.

MISSOURI WEEKLY HAY SUMMARY 4/23/2025

Heavy rains over the last week stopped all field work once again. Flooding occurred along many smaller creeks and rivers across the state and standing water became common in many low-lying fields. All but a few counties in the NW and NE parts of the state have been removed from the drought monitor now. With most areas having ample moisture the above average temperatures this week should really get pastures and hay fields growing. As of earlier this week 69 percent of the state's pastures were rated in good to excellent condition, 23 percent fair and 4 percent poor. Hay prices are steady to weak, supply and demand are light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 10.00-14.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 5/5/2025

Monday's Missouri Stocker formula consists of **8456 (7614)** head with a weighted average weight of **534.60 (528.26)** lbs. and a price value of **387.36 (343.10)**, 12.86 higher (2.48 higher) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 40,473 Week Ago: 23,059 Year Ago: 33,232

Compared to the light test from last week, feeder steers and heifers sold 10.00 to 15.00 higher. The feeder supply was moderate. Although several loads of yearling steers and 7wt. heifers sold at various auctions, the majority of the offering was calves under 600 lbs. Also of note was that 47% of the total feeder offering was heifers. Markets once again spiked higher with many never-before-seen prices flashing across the sold boards at the auction barns. Demand for all classes of cattle is good to very good. Many areas of the state continue to be pretty wet and field work either planting or hay wrapping has been limited. Pastures are in good condition but about everything would benefit from a little more sunshine and some warmer days. With the markets in record territory once again nearly every sale is impressive but a couple of notables this week was that the weighted average price statewide for 500-550 lb. M&L 1 steers was over 400.00 per cwt and 700-750 lb. M&L 1 heifers was over 300.00 per cwt. Stick out sales were abundant making it hard to figure out just was a highlight among an entire week of highlights. Joplin Regional Stockyards sold 55 head of 503 lb. steers for 426.00, as well as 32 head of 706 lb. steers for 344.00. Ozarks Regional Stockyards sold 28 head of 653 lb. steers for 351.00. Unionville Livestock Market sold 2 loads of steers 857 and 866 lbs. both for 330.00. Multiple barns sold loads of 700-750 lb. heifers this week from 310.00-317.00 with Kingsville Livestock Auction selling 148 head of 703 lbs. heifers which sold for 320.00. Boxed beef cutouts were higher for the week. Choice closed on Friday at 342.90, up 6.42 and Select closed at 325.35, up 5.24 compared to last Friday. Negotiated feedlot sales developed with the bulk of the trade reported on Wednesday with a few more sales on both Thursday and Friday, pushing volume to the largest since at least last fall. As of the 2:00 cutoff time for Friday afternoons report nearly 96K head was reported for the week. Live prices were 4.00 to 5.00 higher and dressed sales were 7.00-10.00 higher. Live sales were reported mostly at 218.00 in the south and 222.00 in the north, dressed sales were reported mostly at 350.00. The Missouri Stocker formula consists of 8456 head with a weighted average weight of 534.60 lbs. and a price value of 387.36, 12.86 higher than last week and once again a new record high. The steer/heifer spread is 44.26 per cwt.

*Graph is updated the first Monday of each month. Axis value ranges may be updated to reflect data points.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far Friday negotiated cash trade was mostly limited on good demand in all regions. Not enough purchases in any feeding region for an adequate market test. The latest established market in the Southern Plains was on Thursday with live purchases at 218.00. In Nebraska on Thursday dressed purchases traded at 350.00 with a few dressed FOB purchases noted at 352.00. Live purchases traded from 222.00-223.00 on Wednesday. In the Western Cornbelt on Thursday live purchases traded from 222.00-223.00 with dressed purchases at 350.00.

GRAIN CRUSHINGS AND CO-PRODUCTS PRODUCTION

March 2025 contained 31 days. Total corn consumed for alcohol and other uses was 504 million bushels in March 2025. Total corn consumption was up 8 percent from February 2025 but down 4 percent from March 2024. March 2025 usage included 92.2 percent for alcohol and 7.8 percent for other purposes. Corn consumed for beverage alcohol totaled 4.21 million bushels, up 39 percent from February 2025 but down 2 percent from March 2024. Corn for fuel alcohol, at 454 million bushels, was up 8 percent from February 2025 but down 4 percent from March 2024. Corn consumed in March 2025 for dry milling fuel production and wet milling fuel production was 91.6 percent and 8.4 percent, respectively.

OILSEED CRUSH, PROD, CONSUMPTION, STOCKS

Soybeans crushed for crude oil was 6.20 million tons (207 million bushels) in March 2025, compared with 5.69 million tons (190 million bushels) in February 2025 and 6.11 million tons (204 million bushels) in March 2024. Crude oil produced was 2.47 billion pounds, up 10 percent from February 2025 and up 3 percent from March 2024. Soybean once refined oil production at 1.88 billion pounds during March 2025 increased 16 percent from February 2025 and increased 5 percent from March 2024.

MISSOURI WEEKLY HAY SUMMARY 5/1/2025

Another pretty wet week has prevented much field work in the state for all but just a few areas. There was a bit of high moisture hay cut and wrapped last week but that too has been very limited. Several would like to get started but there hasn't even been enough dry days in most areas to accomplish that. Pastures and hay fields do look good with all the moisture but at this point some warm sunshine is needed. Hay prices are steady to weak, supply and demand are light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-14.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

MISSOURI WEEKLY SHEEP/GOAT AUCTION SUMMARY

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 41,736 Week Ago: 40,473 Year Ago: 29,107

Compared to last week, steers and heifers mostly steady to 5.00 higher, however there were some spots 5.00 lower on unweaned, less attractive cattle and spots 10.00 higher on program, good condition cattle. The extreme tops weren't seen this week, especially on the calf offering. The feeder supply was moderate. A thing of note was the feeder supply was mostly under 600 lbs with yearlings at only 40 percent of the statewide offering. Demand for all classes of cattle remain good to very good. Producers are continuing to take the opportunity to market calves early as prices have been breaking record levels. Farmers have also been making planting progress, in areas that are dry enough to work. Last week's Missouri Crop Progress report showed 54 percent of the state's corn has been planted and 31 percent has emerged, close to the five-year average for both. For soybeans, planting progress is at 28 percent complete and 9 percent emerged, a little ahead of the five-year average for planting, but in line with emergence average. While we did get some rain over the last week, late week and into the weekend provided some wind and warmer weather, allowing fields to dry out. Today's report should show that farmers had several days of planting progress. Along with planting progression, alfalfa has started to be cut across the state and farmers have also started wrapping some fields of rye and wheat. Last week's crop progress report showed winter wheat condition categorized: 9 percent excellent, 67 percent good, 20 percent fair, and 4 percent poor. In the markets this week, a few stick out sales: Joplin Regional Stockyards had 306 head of 763 lb heifers at 293.00, 85 head of 867 lb heifers at 267.25; Kingsville Livestock Auction had 181 head of 776 lb steers at 322.50, 142 head of 709 lb heifers at 320.00; Eastern Missouri Commission Company had 104 head of 1054 lb heifers at 242.00; Green City Livestock Auction had 80 head of 756 lb heifers at 307.00, 72 head of 751 lb heifers at 307.00. Boxed beef cuts closed out the week at 345.97 for Choice and 331.17 for Select, 3.07 higher and 5.82 higher compared to a week ago, respectively. As of the Friday afternoon report, negotiated feedlot sales totaled just over 80,000 head. Nebraska had live purchases on Thursday from 225.00 to 228.00 and dressed mostly at 355.00. The Western Cornbelt reached top prices of 230.00 live and one load at 360.00 dressed delivered on Friday, albeit most trade was from 226.00 to 228.00 live. The Missouri Stocker Formula consists of 9617 head with a weighted average weight of 536.33 lbs. and a price value of 389.18, 1.82 higher than last week. The Stocker Formula once again hit an all-time high on Thursday at 289.45.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

Receipts: 11,226 Week ago: 10,610 Year Ago: 8,109

MISSOURI WEEKLY HAY SUMMARY 5/8/2025

Hay season got started for a few this past week. A bit of Alfalfa and some high moisture hay was wrapped. Harvest has been limited thus far however and producers have been watching quality decline as they wait to get into fields. Conventional grass hay is still a few weeks away and many producers historically sacrifice some quality for higher yields as most grass hay baling doesn't really get underway till around the Memorial Day holiday. Pasture conditions across the state are mostly good to excellent. Currently most hay demand is coming from equine interest. Hay prices are steady, supply and demand are light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 10.00-14.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale
Corn Stalks - 10.00-25.00 per large round bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 39,366 Week Ago: 41,736 Year Ago: 38,550

Compared to the light test from last week, feeder steers and heifers sold steady to 5.00 higher. The supply of feeders was moderate with the majority of the offering being calves under 600 lbs. Markets began the week with the continued upward climb. Mid-week futures made a big price correction, but it was mostly ignored by cash markets at the local auction barns. Hay harvest got under way with a lot of wrapping occurring. Pasture conditions are rated mostly in good condition, although the northern third of the state is now all showing on the latest drought monitor. Stick out sales this week included 89 head of 450 lb. steers at Callaway Livestock Center which sold for 454.50 and 20 head of 506 lb. steers for 439.00. South Central Regional Stockyards sold 29 head of 596 lb. steers for 410.50. Joplin Regional Stockyards sold 22 head of 608 lb. steers for 395.00. Windsor Livestock Auction sold a full load of 708 lb. steers for 329.00. Loll Brothers Livestock Market sold 50 head of 902 lb. steers for 297.50. On the heifer side of the market, Joplin Regional Stockyards sold 99 head of 525 lb. heifers for 371.00. Windsor Livestock Auction sold 129 head of 599 lb. heifers for 364.00. Three loads of 734-747 lb. heifers at Loll Brothers Livestock Market all sold at 315.75. Boxed beef cutouts continued the upward climb this week. Choice closed on Friday at 352.49, up 6.52 and Select closed at 342.39, up 11.22 compared to last Friday. Negotiated feedlot sales developed with the bulk of the trade reported on Thursday. As of the 2:00 cutoff time for Friday afternoons report nearly 76K head was reported for the week. Live prices were Steady to 4.00 higher and dressed sales were 3.00 higher. Live sales were reported mostly at 220.00 in the south and 228.00-229.00 in the north, dressed sales were reported mostly at 558.00. The Missouri Stocker formula consists of 7632 head with a weighted average weight of 538.23 lbs. and a price value of 394.34, 5.16 higher than last week and once again a new record high.

MISSOURI CROP PROGRESS AND CONDITION 5/12/25

There were 4.9 days suitable for fieldwork in the week ending May 11, 2025. Topsoil moisture supply was rated 1 percent very short, 8 percent short, 77 percent adequate, and 14 percent surplus. Subsoil moisture supply was rated 1 percent very short, 7 percent short, 82 percent adequate, and 10 percent surplus. Corn planted reached 68 percent, compared to the 5-year average of 71 percent. Corn emerged reached 43 percent, compared to the 5-year average of 45 percent. Soybeans planted reached 40 percent, compared to the 5-year average of 29 percent. Soybeans emerged reached 17 percent, compared to the 5-year average of 14 percent. Cotton planted reached 54 percent, compared to the 5-year average of 37 percent. Cotton emerged reached 13 percent. Rice planted reached 77 percent, compared to the 5-year average of 69 percent. Rice emerged reached 51 percent, compared to the 5-year average of 49 percent. Rice condition was rated 6 percent poor, 9 percent fair, 82 percent good, and 3 percent excellent. Winter wheat headed reached 76 percent, compared to the 5-year average of 63 percent. Winter wheat condition was rated 4 percent poor, 18 percent fair, 66 percent good, and 12 percent excellent.

Other hay cut	3	-	6	3

WORLD AG SUPPLY AND DEMAND ESTIMATES

The **2025/26 outlook for U.S. soybeans** shows slightly lower supplies, higher crush, reduced exports, and lower ending stocks compared with 2024/25. The soybean crop is projected lower at 4.34 billion bushels with trend yield and lower area. With higher beginning stocks but lower imports and production, soybean supplies are down less than 1 percent from 2024/25. The **2025/26 U.S. corn outlook** is for record supplies and total use, and higher ending stocks. The corn crop is projected at 15.8 billion bushels, up 6 percent from a year ago on increases to both area and yield. Planted area of 95.3 million acres if realized would be the highest in over a decade. The yield projection of 181.0 bushels per acre is based on a weather-adjusted trend assuming normal planting progress and summer growing season weather. With smaller beginning stocks partially offsetting the increase in production, total corn supplies are forecast at 17.3 billion bushels. The **2025/26 U.S. wheat outlook** is for increased supplies, modestly higher domestic use, reduced exports, and higher stocks. Supplies are projected up 2 percent from 2024/25 as higher beginning stocks more than offset lower production. All wheat production is projected at 1,921 million bushels, down 3 percent from last year on lower harvested acreage. The all wheat yield is projected at 51.6 bushels per acre, up 0.4 bushels from last year. The first 2025 NASS survey-based winter wheat production forecast of 1,382 million bushels is up 2 percent from 2024 with Hard Red Winter and White accounting for most of the increase. Total 2025/26 domestic use is marginally higher, mostly on food use, which is projected at a record 977 million bushels. Projected 2025/26 ending stocks are 10 percent above last year at 923 million bushels, the highest level in six years.

MISSOURI WEEKLY HAY SUMMARY 5/15/2025

Several producers finally got to the hay fields this week, baling Alfalfa and getting some wheat, rye or the like wrapped. Those that produce some grain crops made good progress planting if they hadn't already gotten crops in. Pasture conditions across the state are mostly good to excellent. Although pastures are lush and green there is beginning to be some concern especially in the Northern third of the state as the area showing on the drought monitor slowly grows each week. Twenty-two percent of the state is currently listed with some areas creeping into D1 status now. Currently most hay demand is coming from equine interest. Hay prices are steady, supply and demand are light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 10.00-17.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 41,699 Week Ago: 39,366 Year Ago: 36,118

Compared to the light test from last week, feeder steers and heifers sold steady to 5.00 lower with most of the decline on calves under 600 lbs. The supply of feeders was moderate with the majority of the offering still being calves under 600 lbs. Several producers came to town this week feeling market tops might have now been made and given the holiday week with many barns taking the week off it was time to turn them loose. The monthly cattle on feed report was released on Friday and was mostly a nonevent as actual numbers for all three areas were right in line with pre-report estimates. On feed numbers were reported at 98.4 percent, placements at 97.4 percent, and marketings at 97.4 percent of last year. Still some very impressive sales taking place some stick out sales this week included 43 head of 437 lb. steers at Joplin Regional Stockyards for 490.00. Kingsville Livestock Auction sold 33 head of 506 lb. steers for 424.00. MoKan Livestock Market sold 30 head of 551 lb. steers for 410.00. Windsor Livestock Action sold 68 head of 699 lb. steers for 344.00. Ozark Regional Stockyards sold 22 head of 716 lb. steers for 318.00 and 120 head of 885 lb. steers for 295.00. Joplin Regional Stockyards sold 61 head of 835 lb. steers for 299.00. Tina Livestock Auction sold 64 head of 929 lb. steers for 285.00. On the heifer side of the market, Ozark Regional Stockyards sold 79 head of 533 lb. heifers for 370.00. New Cambria Livestock Auction sold 75 head of 730 lb. heifers for 321.00. Boxed beef cutouts continued the upward climb this week. Choice closed on Friday at 361.55, up 9.06 and Select closed at 351.22, up 8.93 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time for Friday afternoons report totaled just over 44K head for the week. Live prices were mostly steady to 2.00 higher and dressed sales were 2.00 higher. Live sales were reported mostly at 219.00-220.00 in the south and 230.00 in the north, dressed sales were reported mostly at 360.00. The Missouri Stocker formula consists of 10,575 head with a weighted average weight of 542.12 lbs. and a price value of 388.47, 5.87 lower than last week. The steer/heifer spread is 42.58 per cwt.

NORTHWEST MISSOURI WEEKLY SUMMARY

(Tina)

Receipts: 1,457 Week Ago: 1,530 Year Ago: 914
Compared to last week, feeder cattle mostly steady. Slaughter cows
and bulls mostly 5.00 higher.

FEEDER STEERS: Medium and Large 1

300-400 lbs. 460.00-473.00
400-500 lbs. 431.00-450.00
500-600 lbs. 385.50-425.00
600-700 lbs. 354.00-387.00
700-750 lbs. 311.00-319.00
Pkg 854 lbs. 284.00
900-1000 lbs. 277.00-285.00

FEEDER HEIFERS: Medium and Large 1

300-400 lbs. 435.00-440.00
400-500 lbs. 360.00-420.00
500-600 lbs. 317.50-360.00
600-700 lbs. 310.00-326.75
Pkg 903 lbs. 243.50

SLAUGHTER BULLS:
Yield Grade 1-2 1460-2235 lbs
174.00-190.00; couple high dress-
ing 200.50-210.00.

SLAUGHTER COWS: Breaking
and Boning, (70-85% lean) 143.00-
159.00; high dressing 155.00-
165.00. Lean (85-90%) 120.00-
132.50.

BRED COWS: Scarce

COW/CALF PAIRS: Scarce

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far Friday in all feeding regions trade has been limited on moderate to good demand. A few live purchases have been reported in the Southern Plains mostly at 220.00, however not enough for an adequate market test. The latest established market in any feeding region was on Wednesday in Nebraska with live purchases from 230.00-231.00 with dressed purchases ranging from 360.00-370.00, mostly at 360.00. On Wednesday in the Western Cornbelt live purchases traded mostly at 230.00 with dressed purchases ranging from 360.00-365.00, mostly at 360.00 on a light test. The last established live market in Kansas was last week at 220.00. The last established live market in the Texas Panhandle was last week at mostly 220.00.

CATTLE ON FEED

United States Cattle on Feed Down 2 Percent

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.4 million head on May 1, 2025. The inventory was 2 percent below May 1, 2024.

Placements in feedlots during April totaled 1.61 million head, 3 percent below 2024. Net placements were 1.56 million head. During April, placements of cattle and calves weighing less than 600 pounds were 310,000 head, 600-699 pounds were 225,000 head, 700-799 pounds were 370,000 head, 800-899 pounds were 443,000 head, 900-999 pounds were 195,000 head, and 1,000 pounds and greater were 70,000 head.

Marketings of fed cattle during April totaled 1.83 million head, 3 percent below 2024.

Other disappearance totaled 50,000 head during April, 11 percent below 2024.

MISSOURI WEEKLY HAY SUMMARY 5/15/2025

Special Note: Beginning 6/19/25, this report will be published biweekly. Any questions or concerns can be emailed to mymarketnews@usda.gov.

Hay equipment is back in the fields in many areas of the state, not only is some wrapping being done but also some dry hay being baled. Several producers are trying to catch up on what has become a late first cutting of alfalfa in many cases, do to earlier than usual growth and poor conditions to get into fields. Although there has not been a lot of new crop hay sold thus far asking prices are mostly steady, supply and demand are light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-17.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. List your hay for sale at: [Hay Listing Online Form](#). Explanation of Hay Quality Guidelines: [Hay Quality Designation Guidelines](#). Glossary of Terms: [Livestock, Poultry, & Grain Hay Terms](#)

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 10,776 Week Ago: 41,699 Year Ago: 11,405

Compared to last week, the holiday shorten week did not provide enough volume for an adequate market test. Many auctions were closed for the week and the few that were open had very light offerings. Early week rumors that proved to be untrue caused already nervous futures markets to drop sharply and end the week lower although they did recover some of the early week's losses by Friday. Cash markets mostly brushed off the news as overall short supplies and continued demand for beef seem to out weight all else. Hay season is near full swing even though the weather isn't totally cooperative farmers are still managing to get several fields baled. Corn planting is all but done now and beans are quickly wrapping up as well. There were a few loads of yearlings sold around the state, calves that sold however were mostly in very small lots with very few drafts over 20 head. Ozarks Regional Stockyards sold 19 head of 538 lb. steers for 397.50. Unionville Livestock Market sold 22 head of 705 lb. steers for 339.00 as well as 7 full loads of 875-910 lb. reputation steers that sold from 293.75-299.50. Kingsville Livestock Auction sold 45 head of 750 lbs. steers for 323.00, 111 head of 909 lb. steers for 295.00. They also sold 151 head of 730 lb. heifers for 317.50. Windsor Livestock Auction sold 10 head of 505 lb. heifers for 382.50. Boxed beef cutouts closed higher on Friday for the 11th consecutive day. Choice closed at 366.34, up 4.79 and Select closed at 356.65, up 5.10 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time for Friday afternoons report totaled just over 74K head for the week. Weighted average prices will once again set a new record high following this week's trade. Live prices in the south 1.00 to 3.00 higher 221.00-223.00, in the north 4.00 to 5.00 higher mostly at 335.00, and dressed sales were 3.00 to 5.00 higher mostly at 370.00. The Missouri Stocker formula consists of 1933 head with a weighted average weight of 547.20 lbs. and a price value of 378.09, 10.38 lower than last week. The steer/heifer spread is 38.12 per cwt.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

Receipts: 2,335 Week ago: 13,196 Year Ago: 1,802
Compared to last week, steers mostly 3.00 to 8.00 higher, spots up to 12.00 higher. Heifers under 500 lbs weak undertone, over 500 lbs mostly 3.00 to 6.00 higher. Slaughter cows 2.00 to 5.00 higher. Slaughter bulls steady.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been light on very good demand in Nebraska and the Western Cornbelt. In Nebraska, compared to Thursday, live purchases traded 1.00 higher ranging from 235.00-237.00, mostly at 236.00. The latest established dressed market in Nebraska was on Thursday with dressed purchases from 365.00-370.00. Trade was inactive on moderate demand in the Southern Plains. Not enough purchases in any other feeding region for an adequate market test. The latest established market in the Texas Panhandle was on Thursday with live purchases ranging from 221.00-223.00, mostly at 223.00. The latest established market in Kansas was on Thursday with live purchases at 222.00. The latest established market in the Western Cornbelt was on Thursday with live purchases ranging from 230.00-235.00 and dressed purchases at 371.00.

MISSOURI WEEKLY HAY SUMMARY 5/29/25

Special Note: Beginning 6/19/25, this report will be published biweekly. Any questions or concerns can be emailed to mymarketnews@usda.gov.

Although it continues to be abnormally to moderately dry in the northern one-third of the state traveling south yields a quite different story. The Springfield area for example has recorded the wettest April/May combination on record. Despite a slow start haying is now running ahead of average with 38 percent of the first cutting of Alfalfa complete, 10 percent ahead of the five year average. Other hay is 21 percent baled, which is 6 percent ahead of the five year average. Although there has not been a lot of new crop hay sold thus far asking prices are mostly steady, supply is moderate and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 10.00-17.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 39,834 Week Ago: 10,776 Year Ago: 45,354

No comparison available with last week due to the light offering from the holiday week. Feeders started this week mixed with some spots trending lower on calves although yearlings were firm to higher. As the week went on however the markets continued to gain strength seemingly each day. After the Memorial Day holiday typically the calf market finds some pressure as heat sets in, and grass buying is limited. That seemed to be the case early week but overall fundamentals of the lack of cattle across all sectors may prove that to be wrong this year. Buying interest seemed to pick up as the week progressed. Fed cattle trade at the current time is leading the market and other sectors are following along to keep in line. As of the latest crop progress and condition report MO has some of the best pastures of any of the major cattle states. Hay crop looking to be very good although rains and wet conditions are complicating harvest. The CME feed cattle index set a new record once again this week with the most recent value at 306.16, based roughly on an 800 lb. steer through the auction in the twelve-state feeding region. The market for both cull cows and bulls as well as breeding stock is also at record levels. A few stick out sales this week included 37 head of 495 lb. steers at New Cambria Livestock Auction which sold for 446.00. Lolli Brothers Livestock Market sold a lot of 521 lb. steers for 439.00. South Central Regional Stockyards sold 32 head of 614 lb. steers for 390.00. Kingsville Livestock Auction sold 147 head of 752 lb. steers for 347.00. Callaway Livestock Center sold 120 head of 857 lb. steers at 316.10. A load of 918 lb. steers at Joplin Regional Stockyards sold for 285.00. Lolli Brothers Livestock Market sold 4 loads of heifers 723-738 lbs. all for 322.10. Boxed beef cutout values were mixed for the week, choice closed at 365.08, down 1.26 and Select closed at 356.73, up 0.08 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time for Friday afternoons report totaled just over 66K head for the week. Weighted average prices will once again set a new record high following this week's trade as prices were sharply higher. Live prices in the south 8.00 to 12.00 higher 230.00-235.00, in the north 3.00 to 10.00 higher 240.00-244.00, and dressed sales were 10.00 to 15.00 higher mostly at 380.00. The Missouri Stocker formula consists of 9775 head with a weighted average weight of 546.95 lbs. and a price value of 384.46, 6.37 higher than last week. The steer/heifer spread is 35.66 per cwt.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

Receipts: 16,330 Week ago: 2,335 Year Ago: 16,135
Compared to last week's limited trade, steers and heifers steady to 5.00 higher, however there were some lightweight feeders weak to 10.00 lower early week. Slaughter cows and bulls steady to 2.00 higher, spots 5.00 higher.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been light on very good demand in all feeding regions. In the Texas Panhandle, there have been a few live purchases at 232.00, but not enough for an adequate market test. The last market test in the Texas Panhandle was on Thursday at 232.00. In Kansas, live purchases have been 5.00 higher at 235.00 compared to Thursday. For Nebraska, compared to Thursday, live purchases have been 2.00-3.00 higher from 242.00-244.00. The latest dressed market in Nebraska was Thursday at 380.00. Compared to Thursday, live and dressed purchases in the Western Cornbelt have been mostly steady at 240.00 and 380.00, respectively.

OILSEED CRUSH, PRODUCTION, CONSUMPTION, STOCKS

Soybeans crushed for crude oil was 6.07 million tons (202 million bushels) in April 2025, compared with 6.20 million tons (207 million bushels) in March 2025 and 5.33 million tons (178 million bushels) in April 2024. Crude oil produced was 2.40 billion pounds, down 3 percent from March 2025 but up 15 percent from April 2024. Soybean once refined oil production at 1.75 billion pounds during April 2025 decreased 7 percent from March 2025 but increased 2 percent from April 2024.

GRAIN CRUSHINGS AND CO PRODUCTS

Total corn consumed for alcohol and other uses was 475 million bushels in April 2025. Total corn consumption was down 6 percent from March 2025 but up 1 percent from April 2024. April 2025 usage included 91.7 percent for alcohol and 8.3 percent for other purposes. Corn consumed for beverage alcohol totaled 3.36 million bushels, down 20 percent from March 2025 and down 19 percent from April 2024. Corn for fuel alcohol, at 426 million bushels, was down 6 percent from March 2025 but up 1 percent from April 2024. Corn consumed in April 2025 for dry milling fuel production and wet milling fuel production was 91.5 percent and 8.5 percent, respectively.

MISSOURI WEEKLY HAY SUMMARY 6/5/25

Special Note: Beginning 6/19/25, this report will be published biweekly. Any questions or concerns can be emailed to mymarketnews@usda.gov. Much of the state received moisture this week, including the northern third, however it did not arrive soon enough in the week to be reflected in this week's drought monitor. As of the latest crop condition report, Missouri currently has some of best pastures in the nation with 87% rated as good to excellent. Hay harvest for both Alfalfa and other types of hay is running just slightly ahead of the 5-yr average. It has been quite a challenge to get hay put up dry this year, but some producers are doing a great job even with the challenging weather. Although there still has not been a lot of new crop hay sold asking prices are mostly steady, supply is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 10.00-17.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed grass - Good/Premium 125.00-200.00
Mixed grass-Fair/Good 80.00-125.00, small square 3.50-8.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 29,702 Week Ago: 47,369 Year Ago: 29,412
Compared to last week, feeder steers sold 5.00-10.00 higher, heifers sold steady to 5.00 higher. A moderate to light supply this week, which is fairly typical as summer heat starts to arrive and many sales in the north go to every other week schedules. Demand was good best for load lots of yearlings as they become harder to find for the next few months. Pastures are mostly in good to excellent condition and continue to be some of the best rated of all of the major cattle states currently. Late week futures resulted in losses for the week in both live and feeder cattle contracts and fed cattle trade seemed to at least take a breath after several weeks of consecutive higher money. That being said the CME Feeder Cattle Index sets at a record high and the Missouri Stocker Formula is with in a couple dollars of its record. A few stick out sales this week included 27 head of 418 lb. steers at Joplin Regional Stockyards at 480.00, 80 head of 506 lb. thin fleshed steers for 467.50 and 47 head 572 lb. steers for 432.00. Callaway Livestock Center sold 46 head of 620 lb. steers for 385.00, and a load of 752 lb. steers for 345.00. South Central Regional Stockyards sold 32 head of 703 lb. steers for 359.25. Lolli Brothers Livestock Market sold a load of 876 lb. steers at 321.85. Unionville Livestock Market sold a load of light 9 wt. steers for 307.25. Ozarks Regional Stockyards sold two loads of 982 lb. steers for 278.75. On the heifer side Joplin Regional Stockyards sold a load of 538 lb. fancy heifers for 415.00. Lolli Brothers Livestock Market sold 3 loads of heifers 710-712 lbs. all for 323.00. Boxed beef cutout values were sharply higher for the week, choice closed at 377.88, up 12.80 and Select closed at 363.50, up 6.77 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time for Friday afternoons report totaled just under 49K for the week. Live prices in the south mostly 235.00, in the north 240.00-242.00, and dressed sales were mostly at 380.00. The Missouri Stocker formula consists of 5777 head with a weighted average weight of 545.67 lbs. and a price value of 392.86, 8.40 higher than last week. The steer/heifer spread is 41.30 per cwt.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

Receipts: 9,317 Week ago: 16,330 Year Ago: 11,094

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been moderate on moderate demand in Nebraska with live purchases steady to 2.00 lower from 240.00-242.00, compared to last week. Dressed purchases have been steady at 380 compared to Thursday. Negotiated cash trade has been limited on moderate demand in all other feeding regions, although not enough for an adequate market test. The latest established market in the Texas Panhandle was Wednesday at 235.00. The latest market test in Kansas was Thursday with live purchases from 233.00-238.00, mostly 235.00. The latest established market in the Western Cornbelt was Thursday, with live purchases from 240.00-241.00 and dressed purchases at 380.00.

MISSOURI CROP PROGRESS 6/9/25

There were 2.7 days suitable for fieldwork in the week ending June 8, 2025. Topsoil moisture supply was rated 1 percent very short, 5 percent short, 68 percent adequate, and 26 percent surplus. Subsoil moisture supply was rated 1 percent very short, 9 percent short, 75 percent adequate, and 15 percent surplus. Corn planted reached 98 percent, compared to the 5-year average of 97 percent. Corn emerged reached 93 percent, compared to the 5-year average of 91 percent. Corn condition was rated 1 percent very poor, 5 percent poor, 19 percent fair, 68 percent good, and 7 percent excellent. Soybeans planted reached 83 percent, compared to the 5-year average of 74 percent. Soybeans emerged reached 69 percent, compared to the 5-year average of 59 percent. Soybean condition was rated 4 percent poor, 21 percent fair, 71 percent good, and 4 percent excellent. Winter wheat headed reached 99 percent, compared to the 5-year average of 98 percent. Winter wheat harvested reached 2 percent, compared to the 5-year average of 5 percent. Winter wheat condition was rated 5 percent poor, 23 percent fair, 60 percent good, and 12 percent excellent.

	Week Ending			5 yr average
	6/8/24	6/1/25	6/8/25	
Corn Emerged	89	86	93	91
Soybeans Planted	77	79	83	74
Soybeans Emerged	65	60	69	59
Winter Wheat Headed	100	98	99	98
Winter Wheat Harvested	9	1	2	5
Alfalfa hay 1st cutting	70	55	60	63
Other hay cut	43	29	34	37

WASDE 6/12/25

Oilseeds: U.S. 2025/26 soybean supply, use, and price projections are unchanged this month. The U.S. season-average soybean price is forecast at \$10.25 per bushel; soybean meal and oil prices are projected at \$310 per short ton and 46 cents per pound, respectively. **Wheat:** The outlook for 2025/26 U.S. wheat this month is for slightly larger supplies, unchanged domestic use, higher exports, and lower ending stocks. Supplies are raised on minimally higher output as all wheat production is projected at 1,921 million bushels, up 115,000 bushels from last month as higher Soft Red Winter and White Winter production offset lower Hard Red Winter (HRW) production. The all wheat yield is virtually unchanged at 51.6 bushels per acre. Exports are raised 25 million bushels to 825 million on strong early 2025/26 sales, especially for HRW. Projected 2025/26 ending stocks are lowered 25 million bushels to 898 million but are still 7 percent above last year. The projected 2025/26 season-average farm price is \$0.10 per bushel higher at \$5.40 on the reduced stocks. **Coarse Grains:** The 2025/26 U.S. corn outlook is little changed from last month, with lower beginning and ending stocks. Corn area and yield forecasts are unchanged. USDA will release its Acreage report on June 30, which will provide survey-based indications of planted and harvested area. Beginning stocks down 50 million bushels reflecting a forecast increase in exports for 2024/25. Exports are raised 50 million bushels, based on reported U.S. Census Bureau shipments through the month of April, inspection data during the month of May, and current outstanding sales. With no use changes for 2025/26, ending stocks are lowered 50 million bushels to 1.8 billion. The season-average farm price received by producers is unchanged at \$4.20 per bushel.

MISSOURI WEEKLY HAY SUMMARY 6/12/25

Special Note: Beginning 6/19/25, this report will be published biweekly. Any questions or concerns can be emailed to mymarketnews@usda.gov.

Producers are getting some hay baled as small windows of weather allow. Thus far there has not been any extended periods of days in which farmers can just go without having to look at weather and calculate if the risk of getting hay wet is worth it or not. Starting to see some new crop hay come to market. Demand is light as pastures in the state are some of the best in the nation with 88% rated good to excellent. Hay prices are steady to weak. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 32,235 Week Ago: 29,702 Year Ago: 27,168

Compared to last week, feeder steers and heifers sold steady to 10.00 lower. Locally barns were very mixed and uneven. Extreme heat and in many cases lower quality short or unweaned calves weighted on the market this week and as a whole the market did lose ground this week. Weather finally gave many the rain break they had been waiting for and producers headed to the hay fields in full force this week. Fescue seed and wheat harvest is also under way. Joplin Regional Stockyards held a special value-added pre-vac sale on Thursday. Despite a market that saw pressure all week the prevac cattle did find premiums over the regular sale on Monday as buyers are willing to pay for reduced health risk cattle. Several special sales at various barns in the next few weeks will provide the opportunity for several yearlings before what is typically a big mid-summer slowdown. A few stick out sales this week included 28 head of 473 lb. steers at Tina Livestock Market which sold for 435.00. Kingsville Livestock Auction sold 32 head of 547 lb. steers for 410.00 Joplin Regional Stockyards sold 85 head of 645 lb. steers at their Thursday sale for 379.00 and 103 head of 683 lb. steers on Monday at 355.00 Callaway Livestock Center sold 72 head of 720 lb. steers for 346.00 and a load of 929 lb. steers for 307.75. New Cambria Livestock Auction sold 28 head of 804 lb. steers for 318.50. Kingsville Livestock Auction sold 23 head of 509 lb. heifers for 390.00. Several loads of 700-725 lb. heifers sold this week with 152 head of 718 lb. heifers at Kingsville selling at 329.50. Boxed beef cutout values were sharply higher again this week, choice closed at 390.50, up 12.62 and Select closed at 376.95, up 13.45 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time for Friday afternoons report totaled just under 51K for the week. Prices turned lower this week. Live trade in the south was limited prices in the south mostly with prices ranging from 225.00-231.00, in the north live sales from 235.00-238.00 and dressed sales were mostly at 376.00. The Missouri Stocker formula consists of 6592 head with a weighted average weight of 549.64 lbs. and a price value of 381.85, 11.01 lower than last week. The steer/heifer spread is 37.49 per cwt.

CATTLE ON FEED

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.4 million head on June 1, 2025. The inventory was 1 percent below June 1, 2024.

Placements in feedlots during May totaled 1.89 million head, 8 percent below 2024. Net placements were 1.82 million head. During May, placements of cattle and calves weighing less than 600 pounds were 335,000 head, 600-699 pounds were 275,000 head, 700-799 pounds were 450,000 head, 800-899 pounds were 516,000 head, 900-999 pounds were 230,000 head, and 1,000 pounds and greater were 80,000 head.

Marketings of fed cattle during May totaled 1.76 million head, 10 percent below 2024.

Other disappearance totaled 62,000 head during May, unchanged from 2024.

MISSOURI WEEKLY HAY SUMMARY 6/12/25

Special Note: Beginning 6/19/25, this report will be published biweekly. Any questions or concerns can be emailed to mymarketnews@usda.gov.

Producers are getting some hay baled as small windows of weather allow. Thus far there has not been any extended periods of days in which farmers can just go without having to look at weather and calculate if the risk of getting hay wet is worth it or not. Starting to see some new crop hay come to market. Demand is light as pastures in the state are some of the best in the nation with 88% rated good to excellent. Hay prices are steady to weak. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 21,146 Week Ago: 32,235 Year Ago: 22,283

Compared to last week, feeder steers and heifers sold steady to 10.00 lower. Offerings were limited due to excessive heat across the state, several sales remained dark or did not have enough to establish or test the market. As the Fourth of July approaches many sales will be off next week as well. There are some auctions however that have yearling specials and customer BBQs around the holiday. Unionville Livestock Market held theirs on Tuesday and although prices were lower there were still some impressive quotes. The excessive heat has also brought in a lot of unstable weather. Moisture for much of the state is not a problem as various storms have dump several inches of rain over areas wherever a cloud decided to build and empty. Mud developed and several cases of flash flooding in the southern part of the state. Most of this week's stick out sales came from the Unionville Livestock Market's customer appreciation sale. 97 head of 528 lb. steers sold for 419.50, 70 head of 670 lb. steers sold for 379.50, 28 head of 707 lb. steers sold for 350.50, and 4 loads of 887-895 lb. steers sold for 306.50-310.25. The largest draft of the week was 601 head of 863 lb. steers at Joplin Regional Stockyards which sold for 318.00. Kingsville Livestock Auction sold 22 head of 764 lb. steers for 335.00. On the heifer side of the market Unionville Livestock Market sold 27 head of 525 lb. heifers for 384.00. Loll Brothers Livestock Market sold 8 loads of 660-697 lb. heifers from 338.25-345.00 and a load of 726 lb. heifers 320.50. Boxed beef cutout values were sharply higher again this week, choice closed at 396.51, up 6.01 and Select closed at 382.95, up 6.00 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time for Friday afternoons report to-taled just over 41K for the week. Prices continued lower this week. Live trade in the south 222.00-225.00, in the north live sales from 229.00-223.00 and dressed sales were 365.00-373.50. That makes live sales 3.00-6.00 lower and dressed sales 6.00-8.00 lower. The Missouri Stocker formula consists of 3714 head with a weighted average weight of 554.62 lbs, and a price value of 374.31, 7.54 lower than last week. The steer/heifer spread is 33.97 per cwt.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

Receipts: 10,938 Week ago: 16,809 Year Ago: 10,568

COW/CALF PAIRS: Scarce

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far Friday negotiated cash trade was light to moderate in the Western Cornbelt. Compared to last week, live purchases traded 3.00-6.00 lower from 230.00-233.00, mostly at 232.00. Dressed purchases compared to last week traded 6.00-8.00 lower from 368.00-370.00 on a light test. Trade was light on moderate demand in the Southern Plains and Nebraska, however not enough purchases for an adequate market test. The latest established market in the Texas Panhandle was on Thursday with live purchases from 223.00-225.00, most at 224.00. In Kansas on Thursday live purchases traded from 223.00-225.00, mostly at 225.00. In Nebraska on Thursday live purchases traded at 230.00 with dressed purchases at 368.00 with a few up to 373.50.

COLD STORAGE

Total frozen poultry supplies on May 31, 2025 were up 2 percent from the previous month but down 6 percent from a year ago. Total stocks of chicken were up slightly from the previous month and up 1 percent from last year. Total pounds of turkey in freezers were up 8 percent from last month but down 18 percent from May 31, 2024.

Total frozen fruit stocks were down 5 percent from last month and down 4 percent from a year ago. **Total frozen vegetable stocks** were down 8 percent from last month and down 6 percent from a year ago.

Total red meat supplies in freezers were down 2 percent from the previous month and down 4 percent from last year. Total pounds of beef in freezers were down 3 percent from the previous month and down 1 percent from last year. Frozen pork supplies were down 1 percent from the previous month and down 7 percent from last year. Stocks of pork bellies were down 7 percent from last month and down 26 percent from last year.

MISSOURI WEEKLY HAY SUMMARY 6/26/25

Special Note: Beginning 6/19/25, this report will be published biweekly. Any questions or concerns can be emailed to mymarketnews@usda.gov.

This week's drought monitor shows conditions basically unchanged from last week with near twenty percent of the state either abnormally to moderately dry, those numbers however are likely outdated as several counties in the northwest and north central areas of the state received several inches of rain early this week. This was, however, after the report cutoff time so will not be reflected until next week's report. Fields around the state have been very busy the last two-weeks. Wheat harvest and fescue seed harvest have combines back to getting use. Hay harvest is in full swing as well, it has been a slow start for much of the state due to excessive moisture. As of the latest crop progress report hay excluding alfalfa is at 57 percent complete, that compares to 71 percent at this time last year and 66 percent for the five-year average. Alfalfa cuttings are slightly behind but much closer to normal pace at this point. Pasture conditions in the state remain some of the best in the nation, and although the sun and growing degrees have been much appreciated, the extreme heat is likely to result in some decline of conditions if the heat persist too long. Hay prices are steady. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 17,504 Week Ago: 21,146 Year Ago: 17,650

Compared to last week, feeder steers and heifers sold with sharply higher undertones. Auctions were limited due to the holiday shortened week with many barns taking the week off, although some special holiday sales were held. Taking that into factor any comparisons made this week really wouldn't be apples to apples. Joplin Regional Stockyards also held their annual Big Bang Video auction this week which totaled near 60K head of yearlings that will deliver now through the end of the year. Green City Livestock Auction held their annual BBQ sale over two days selling loads of yearlings on Monday and part loads and smaller lots on Wednesday. A big consignment of near 500 head at Callaway Livestock Center along with several other pot loads posted some impressive prices on mid-weight calves and yearlings this week. Pasture conditions continue to be outstanding across the state, and although it has been a struggle hay is getting made. Stick out sales this week included 100 head of 532 lb. steers at Callaway Livestock Center which sold for 440.00, 87 head of 608 lb. steers sold for 400.00 and 78 head of 653 lb. steers sold for 379.50. Green City Livestock Auction sold several loads of reputation yearlings with quality and condition that made for some big checks. A load of 784 lb. steers sold for 333.25, a load of 824 lb. steers sold for 328.50 and another load of 860 lb. steers sold for 322.00. Tina Livestock Market sold 131 head of 918 lb. steers for 313.50. A load of 708 lb. heifers at Green City Livestock Auction sold for 351.50. Boxed beef cutout values were lower for the week, choice closed on Thursday at 389.75, down 6.76 and Select closed at 378.44, down 4.51 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time on Thursday afternoon report totaled just over 45K for the week. Prices were unevenly steady this week. Live trade in the south 222.00-224.00, in the north live sales from 230.00-233.00 and dressed sales were mostly at 368.00. The Missouri Stocker formula consists of 3260 head with a weighted average weight of 557.58 lbs. and a price value of 389.96, 15.65 higher than last week. The steer/heifer spread is 37.11 per cwt.

ACREAGE

Corn planted area for all purposes in 2025 is estimated at 95.2 million acres, up 5 percent or 4.61 million acres from last year. This represents the third highest planted acreage in the United States since 1944. Compared with last year, planted acreage is expected to be up or unchanged in 41 of the 48 estimating States. Area harvested for grain, at 86.8 million acres, is up 5 percent from last year.

Soybean planted area for 2025 is estimated at 83.4 million acres, down 4 percent from last year. Compared with last year, planted acreage is down or unchanged in 25 of the 29 estimating States.

All wheat planted area for 2025 is estimated at 45.5 million acres, down 1 percent from 2024. The 2025 winter wheat planted area, at 33.3 million acres, is down less than 1 percent from last year but up slightly from the previous estimate. Of this total, about 23.6 million acres are Hard Red Winter, 6.10 million acres are Soft Red Winter, and 3.67 million acres are White Winter. Area planted to other spring wheat for 2025 is estimated at 10.0 million acres, down 5 percent from the 2024 estimate. Of this total, about 9.44 million acres are Hard Red Spring wheat. Durum planted area for 2025 is estimated at 2.11 million acres, up 2 percent from the previous year.

MISSOURI WEEKLY HAY SUMMARY 6/26/25

Special Note: Beginning 6/19/25, this report will be published biweekly. Any questions or concerns can be emailed to mymarketnews@usda.gov.

This week's drought monitor shows conditions basically unchanged from last week with near twenty percent of the state either abnormally to moderately dry, those numbers however are likely outdated as several counties in the northwest and north central areas of the state received several inches of rain early this week. This was, however, after the report cutoff time so will not be reflected until next week's report. Fields around the state have been very busy the last two-weeks. Wheat harvest and fescue seed harvest have combines back to getting use. Hay harvest is in full swing as well, it has been a slow start for much of the state due to excessive moisture. As of the latest crop progress report hay excluding alfalfa is at 57 percent complete, that compares to 71 percent at this time last year and 66 percent for the five-year average. Alfalfa cuttings are slightly behind but much closer to normal pace at this point. Pasture conditions in the state remain some of the best in the nation, and although the sun and growing degrees have been much appreciated, the extreme heat is likely to result in some decline of conditions if the heat persist too long. Hay prices are steady. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 27,159 Week Ago: 17,504 Year Ago: 31,815
Compared to last week, feeders under 650 lbs. sold 5.00 to 10.00 higher and over 650 lbs. sold steady to 5.00 higher. The supply of feeders was moderate with several auctions seeing some larger consignments of reputation cattle that producers save for marketing about point annually. Demand was good to very good with the rising cost of yearlings pulling up the price of calves which typically do not establish new yearly highs in the middle of summer. Most years also don't typically have pasture conditions rated at 88 percent good to excellent in the middle of July either. The Missouri Stocker Formula was at a new all-time record higher earlier in the week with in just a few cents of the 400.00 mark. The CME Feeder Cattle Index also climbed to new records this week with the most recent value of 323.37. Stick out sales this week included 54 head of 514 lb. steers at Callaway Livestock Center which sold for 454.00, 62 head of 624 lb. steers sold for 407.50. Interstate Regional Stockyards sold 91 head of 651 lbs. steers for 370.75. South Central Regional Stockyards sold 65 head of 707 lb. steers for 356.75 and 68 head of 830 lb. steers for 325.00. Joplin Regional Stockyards sold 125 head of 875 lb. steers for 321.50. On the heifer side of the market 86 head of 539 lb. heifers sold at Callaway Livestock Center for 421.25. Windsor Livestock Auction sold 149 head of 666 lb. heifers for 343.75. Several loads of 700-750 lb. heifers sold at various barns again this week with nearly all of them being high enough to be consider stick out sales but the one that really stuck out was 73 head of 716 lb. heifers at Kingsville Livestock Auction that sold for 333.00. Boxed beef cutoff values were sharply lower for the week, choice closed on Friday at 378.64, down 11.11 and Select closed at 366.49, down 11.95 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report totaled just under 58K for the week. Prices were sharply higher nearing record territory once again. Live trade in the south 228.00-230.00, in the north live sales from 235.00-242.00 and dressed sales were 375.00 to mostly at 380.00. The Missouri Stocker formula consists of 5910 head with a weighted average weight of 552.31 lbs. and a price value of 396.77, 6.81 higher than last week. The steer/heifer spread is 39.35 per cwt.

Other hay cut	84	66	79	83

WASDE

U.S. oilseed production for 2025/26 is projected at 128.3 million tons, down 0.1 million from last month on lower soybean, sunflower, canola, and peanut production partly offset by higher cottonseed. The 2025/26 outlook for U.S. soybeans shows slightly lower production, higher crush, reduced exports, and increased ending stocks compared to last month. Soybean production is projected at 4.3 billion bushels, down 5 million from last month on lower harvested acres and an unchanged yield of 52.5 bushels per acre. The outlook for 2025/26 U.S. wheat this month is for increased supplies, unchanged domestic use, higher exports, and lower ending stocks. Supplies are raised as wheat production is projected at 1,929 million bushels, up 8 million from last month on higher yields more than offsetting reduced harvested area. The all wheat yield is 52.6 bushels per acre, up 1.0 bushel from last month. Winter wheat production is lowered 36 million bushels to 1,345 million with reductions in Hard Red Winter and Soft Red Winter. Exports are raised by 25 million bushels to 850 million on a strong early pace of sales and shipments. Projected 2025/26 ending stocks are lowered 8 million bushels to 890 million but are up 5 percent from last year. The projected 2025/26 season-average farm price (SAFP) is unchanged at \$5.40 per bushel, down from last year's final SAFP of \$5.52. This month's 2025/26 U.S. corn outlook is for smaller supplies, domestic use, and ending stocks. Corn beginning stocks are cut 25 million bushels to 1.3 billion, reflecting an increase in exports that is partly offset by lower feed and residual use for 2024/25. Feed and residual use is down 75 million based on indicated disappearance in the June 30 Grain Stocks report. Exports are raised 100 million bushels to 2.8 billion based on current outstanding sales and shipments to date and, if realized, would be record high. Corn production for 2025/26 is forecast down 115 million bushels on lower planted and harvested area from the June 30 Acreage report. The yield is unchanged at 181.0 bushels per acre.

MISSOURI WEEKLY HAY SUMMARY 7/10/25

Special Note: Beginning 6/19/25, this report will be published biweekly. Any questions or concerns can be emailed to mymarketnews@usda.gov. As of the latest drought monitor just over 90% of the state is considered drought free. Pasture conditions are rated at 88% good to excellent. Neither of those two things would be considered common for Mid-July. Hay progress for hay other than alfalfa is running slightly behind average pace. Getting hay baled this year has been a challenge due to rains, although weather has been good for grass growth and much of the hay has been baled with a significant amount of maturity which has affected quality. Demand is light to moderate with most coming from equine interest. Most cattle producers not really in the market at this time. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 21,924 Week Ago: 27,159 Year Ago: 16,697

Compared to last week, feeder under 600 lbs. sold 5.00 to 10.00 higher and steers and heifers over 600 lbs. sold steady to 5.00 higher. On paper the market for steer calves appeared lower for the week, however this was more of a supply and issue in both numbers and quality than it was an actual downturn of the market. That being said demand for the unworned bawling calves was less this week as extreme heat set in and this makes it very hard to deal with these types of calves that don't handle stress well. The supply of feeders was light to moderate several auctions were on an off-schedule week and there were others that had very light runs or canceled due to the extreme heat. Rains have continued to fall, and pastures remain in great shape at this point much above neighboring states. Stick out sales this week included 34 head of 348 lbs. steers at Kingsville Livestock Auction for 595.00. Tina Livestock Auction sold a pkg of 512 lb. steers for 444.00. Joplin Regional Stockyards sold 57 head of 552 lbs. steers for 420.00. Loll Brothers Livestock Market sold 27 head of 611 lb. steers for 414.00, 68 head of 731 lb. steers for 364.75 and 65 head of 875 lb. steers for 319.50. Callaway Livestock Center which sold 120 803 lb. steers for 334.25. Joplin Regional Stockyards sold 131 head of 917 lb. steers for 315.25. Farmington Regional Stockyards sold 100 head of 531 lb. heifers for 389.00. Loll Brothers Livestock Market sold 75 head of 702 lbs. heifers for 342.85. Boxed beef cutout values were sharply lower for the week, choice closed on Friday at 373.55, down 5.02 and Select closed at 351.49, down 15.00 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report totaled just over 45K for the week. Prices were steady to 2.00 higher. Live trade in the south mostly 230.00, in the north live sales from 237.00-242.00 and dressed sales were mostly at 380.00. The Missouri Stocker formula consists of 3671 head with a weighted average weight of 552.98 lbs. and a price value of 388.43, 8.34 lower than last week. The steer/heifer spread is 26.49 per cwt.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

Receipts: 9,029 Week ago: 8,071 Year Ago: 7,699

Compared to last week, steers sold 3.00-15.00 higher with most advance on heavy 5 wts, heifers under 625 lbs. sold steady to 20.00 higher with most gains on 4 wts. over 625 lbs. uneven from 2.00 lower to 5.00 higher. Slaughter cows sold 6.00 lower to 6.00 higher.

MISSOURI WEEKLY HAY SUMMARY 7/10/25

Special Note: Beginning 6/19/25, this report will be published biweekly. Any questions or concerns can be emailed to mymarketnews@usda.gov. As of the latest drought monitor just over 90% of the state is considered drought free. Pasture conditions are rated at 88% good to excellent. Neither of those two things would be considered common for Mid-July. Hay progress for hay other than alfalfa is running slightly behind average pace. Getting hay baled this year has been a challenge due to rains, although weather has been good for grass growth and much of the hay has been baled with a significant amount of maturity which has affected quality. Demand is light to moderate with most coming from equine interest. Most cattle producers not really in the market at this time. The supply of hay is moderate, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>
Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 7/21/2025

Monday's Missouri Stocker formula consists of **3671 (3710)** head with a weighted average weight of **552.98 (538.12)** lbs. and a price value of **368.43 (361.94)**, 8.34 lower (4.52 higher) than a week ago.

This a rolling seven day calculated value which combines all Feder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1-2 and Medium and Large 2-2 frame and muscled classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 14,253 Week Ago: 21,924 Year Ago: 23,952

Compared to last week, feeder steers sold steadily to 5.00 higher, with spots of 10.00 higher, heifers were mixed from 5.00 lower to 5.00 higher. Supply was very light this week as extreme heat limited cattle movement. Unweaned calves or those with fescue hair are not very desirable as they become very stressed in the heat. Yearlings found very good demand. Buyers are said to be wanting and needing cattle, but limited offerings has made it hard to put together loads and fill orders. Friday saw the release of two cattle reports the monthly cattle on feed and the semi-annual inventory. The cattle on feed report was extremely bullish on feed numbers were 98.4 percent of last year, marketings were 95.5 and placements were 92.1 percent which was 6 percent below the average pre-report estimate. Two of several factors playing into this was the missing numbers of Mexican imports and the fact that grass is abundant in most areas and many calves are likely to be spending more days on pasture and adding weight on grass before coming to the feedlots at heavier weights. The other report was the semi-annual inventory report which hasn't been released for two years so comparisons were a bit more difficult to make this report is also much more limited in data than the January version. Most numbers were slightly above pre-report estimates but still below two years ago. The general take away is that producers are keeping cows for another calf rather than culling which is also supported by the low slaughterer thus far this year. There were mixed views if any heifer retention is really taking place, but most agreed if so, it was regional and likely limited so far. Stick out sales this week included Unionville Livestock Market sold 83 head of 602 lb. steers for 416.25 and 5 loads of 864-888 lb. steers that sold at 326.75-328.75. Callaway Livestock Center sold a load of 758 lb. steers for 368.75. A load of 824 lb. steers at Kingsville Livestock Auction sold for 334.75. Joplin Regional Stockyards sold a load of 909 lb. steers for 317.00 and two loads of 1035 lb. steers for 305.50 as well as 28 head of 545 lb. heifers at 380.00. F and T Livestock Market sold 49 head of 734 lb. heifers for 344.75. Boxed beef cutout values continued to decline, choice closed on Friday at 366.68, down 6.87 and Select closed at 344.87, down 6.67 compared to last Friday. The choice cutout has now lost near 30.00 in July and select has lost near 40.00 this month. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report totaled just under 20K for the week. Sales were very slow to develop this week with most waiting to see the Friday afternoon COF and inventory report. Several more sales likely took place after the 2:00 cutoff time. Prices were mostly steady. Live trade in the south mostly 230.00-231.00, and mostly 240.00 in the north. Dressed sales mostly at 380.00. The Missouri Stocker formula consists of 2145 head with a weighted average weight of 557.13 lbs. and a price value of 992.67, 4.24 higher than last week. The steer/heifer spread is 34.58.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

Receipts: 6,860 Week ago: 9,029 Year Ago: 7,535

Compared to last week, feeder steers sold steady to 10.00 higher, heifers sold steady to 3.00 higher. Slaughter cows sold mixed 2.00 lower to 10.00 higher. Bulls sold 2.00 lower to 4.00 higher.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far Friday trade was limited on moderate demand in the South-
ern Plains. A few live purchases traded from 230.00-237.50 in Kan-
sas, however not enough purchases in the Southern Plains for an ade-
quate market test. The last established market in the Texas Panhandle
was last week at 230.00. Last week in Kansas live purchases traded
from 230.00-231.00. Trade was light on moderate in Nebraska and the
Western Cornbelt. In Nebraska a few early purchases traded from
240.00-242.00 and from 378.00-380.00 respectfully, however not
enough for an adequate market test. The last established market in
Nebraska was last week with live purchases at 240.00 and dressed
purchases at 380.00. In the Western Cornbelt early live purchases
traded steady at 240.00. Early dressed purchases traded from 375.00-
380.00, not enough for an adequate market test. The latest established
dressed market in the Western Cornbelt was last week at 380.00.

Cattle Inventory

July 1 Cattle Inventory Down 1 Percent All cattle and calves in the United States on July 1, 2025 totaled 94.2 million head, 1 percent below the 95.4 million head on July 1, 2023. **All cows and heifers that have calved** totaled 38.1 million head, 1 percent below the 38.4 million head on July 1, 2023. Beef cows, at 28.7 million head, are down 1 percent from two years ago. Milk cows, at 9.45 million head, are up 1 percent from 2023. **All heifers 500 pounds and over** on July 1, 2025 totaled 14.6 million head, 2 percent below the 14.9 million head on July 1, 2023. Beef replacement heifers, at 3.70 million head, are down 3 percent from two years earlier. Milk replacement heifers, at 3.50 million head, are unchanged from 2023. Other heifers, at 7.40 million head, are 3 percent below two years ago. **Steers 500 pounds and over** on July 1, 2025 totaled 13.8 million head, down 1 percent from July 1, 2023. **Bulls 500 pounds and over** on July 1, 2025 totaled 1.90 million head, unchanged from two years earlier. **Calves under 500 pounds** on July 1, 2025 totaled 25.8 million head, down 2 percent from 2023. **Cattle and calves on feed** for the slaughter market in the United States for all feedlots totaled 13.0 million head on July 1, 2025, down 1 percent from two years earlier. Cattle on feed in feedlots with capacity of 1,000 or more head accounted for 85.6 percent of the total cattle on feed on July 1, 2025, down slightly from two years ago. The total of calves under 500 pounds and other heifers and steers over 500 pounds (outside feedlots), at 34.0 million head, is down 2 percent from 07/01/23

MISSOURI WEEKLY HAY SUMMARY 7/24/25

As of the latest drought monitor the entire state is now considered 100 percent drought free. Significant improvement was noted for just about all the states in the Midwest this week. Rains, which if one was under specific clouds were excessive at times, have been plentiful for July thus far has the state looking much more like Mid-May rather than late July. Pastures in the state continue to be some of the highest rated in the nation and much better than those in neighboring states. Hay movement has been slow, prices are steady to week, supplies are heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 11,401 Week Ago: 14,253 Year Ago: 16,942

Compared to last week, feeders under 600 lbs. sold 10.00 to 20.00 higher, feeders over 600 lbs. sold steady to 10.00 higher. A very light offering this week, but markets were full of strength and demand was good to very good. Buyers are having hard times currently finding enough cattle to fill orders as the dog days of summer have kept receipts very limited. This isn't unusual for mid-summer and there are always a few weeks of extreme heat that makes transporting cattle a huge challenge. The overall continuing conformation with each cattle report released which keeps showing overall tighter supplies continues to add fundamental support to the market. Both the Missouri Stocker formula and the CME feeder cattle index recorded new all-time records last week. Late in the week temperatures cooled bringing some much-needed relief and should allow for more pleasant marketing opportunities this coming week. Stick out sales this week included 45 head of 506 lb. steers at Tina Livestock Auction which sold for 446.00, 137 head of 835 lb. steers for 347.85 and 11 head of 874 lb. steers for 330.75. Kingsville Livestock Auction sold 20 head of 621 lb. steers for 405.00 and 69 head of 791 lb. steers for 350.00. Mid-Missouri Stockyards sold 76 head of 697 lb. steers for 373.50. Joplin Regional Stockyards sold 74 head of 713 lb. steers for 356.00 and 23 head of 515 lb. heifers for 380.00. Lolli Brothers Livestock Market sold 241 head of 694 lb. heifers for 352.50 and a load of 658 lb. fancy heifers for 372.50. Kingsville Livestock Auction sold 73 head of 723 lb. heifers for 347.00. Boxed beef cutoff values continued to decline, choice closed on Friday at 363.22, down 3.46 and Select closed at 340.50, down 4.32 compared to last Friday. The choice cutoff lost 34.28 in July and Select was 38.69 lower for the month. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report totaled just over 57K for the week. Prices were mostly higher for the week. Live trade in the south mostly 235.00, in the north live sales mostly 245.00 and dressed sales were mostly at 383.00. The Missouri Stocker formula consists of 1409 head with a weighted average weight of 538.33 lbs. and a price value of 409.15, 16.48 higher than last week. The steer/heifer spread is 41.40 per cwt.

AGRICULTURE PRICES

June Prices Received by Farmers Crop production: The June index, at 103.6, is 0.3 percent higher than May but 3.5 percent lower than June 2024. The fruit & tree nut and vegetable & melon index increases more than offset the grain & oilseed and other crop index decreases. **Grain and oilseed:** The June index, at 78.2, is down 3.1 percent from May and 5.3 percent from June 2024. Feed grain and food grain index decreases more than offset the oilseed index increase. **Feed grain:** The June index, at 74.8, decreased 3.5 percent from last month and 0.7 percent from a year ago. The corn price, at \$4.47 per bushel, is down 17 cents from last month and 1 cent from June 2024. **Livestock production:** The index for June, at 170.2, decreased 0.2 percent from the previous month but increased 16 percent from June a year earlier. The lower poultry & egg index more than offset the higher meat animal index. **Meat animal:** At 181.6, the June index increased 4.4 percent from the previous month and 22 percent from a year earlier. At \$76.70 per cwt, the June hog price is \$8.30 higher than May and \$7.90 higher than a year earlier. The June beef cattle price of \$228.00 per cwt is \$9.00 higher than the previous month and \$39.00 higher than June 2024. **Dairy:** The index for June, at 106.0, is unchanged from the previous month but down 6.5 percent from June a year ago. The June all milk price of \$21.30 per cwt is unchanged from May but \$1.50 lower than June 2024.

MISSOURI WEEKLY HAY SUMMARY 7/24/25

As of the latest drought monitor the entire state is now considered 100 percent drought free. Significant improvement was noted for just about all the states in the Midwest this week. Rains, which if one was under specific clouds were excessive at times, have been plentiful for July thus far has the state looking much more like Mid-May rather than late July. Pastures in the state continue to be some of the highest rated in the nation and much better than those in neighboring states. Hay movement has been slow, prices are steady to week, supplies are heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 25.00-50.00 per large round bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 26,376 Week Ago: 11,401 Year Ago: 11,721

Compared to last week, feeders sold 5.00 to 10.00 higher than the very light offering from last week. Although still hot the weather wasn't as unbearable or dangerous as it has been for the last few weeks and auction volume picked up to a pretty normal late summer pace. Auction prices continued to set new highs nearly every day with every barn posting some new record on some weight or class at every auction. Live and Feeder futures established several new records last week until a huge sell off on Friday, even with that all contracts still closed higher for the week. Demand for feeders continues to be incredible and a few special replacement cow sales this week also had recorded sales that made for a lot of chatter and disbelief at the coffee shops the next morning. Pastures continue to be in very good shape for Mid-August and some of the areas in the south that showed back up on the drought monitor last week managed to get a much-needed shower or two over the weekend. More reports of army worms stretching into central MO now means producers need to be checking crops and pastures every day. Stick out sales this week included 27 head of 525 lb. steers at Callaway Livestock Center which sold for 459.00 and a load of 855 lb. steers for 344.75. Kingsville Livestock Auction sold 52 head of 570 lb. steers for 445.00. Joplin Regional Stockyards sold 32 head of 610 lb. steers for 425.00. Mo-Kan Livestock Market sold 21 head of 665 lb. steers for 404.00. Green City Livestock Market sold 25 head of 723 lb. steers for 380.00, a load of 800 lb. steers for 364.00, and a load of 944 lb. steers for 336.50. Windsor Livestock Auction sold 87 head of 585 lb. heifers for 394.00 and 126 head of 804 lb. heifers for 327.50. Kingsville Livestock Auction sold a load of 707 lb. heifers for 359.50. Boxed beef cutout values were higher for the week, choice closed on Friday at 378.84, up 15.62 and select closed at 355.09, down 14.59 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report was just under 24K for the week. Prices in the south early week were higher, steady to lower on trade later week in the north, likely more trade took place after the report cut off time. Live trade in the south mostly 237.00, in the north live sales mostly 242.00-245.00 and dressed sales were mostly at 380.00. The Missouri Stocker formula consists of 4036 head with a weighted average weight of 551.53 lbs. and a price value of 415.20, 6.05 higher than last week establishing another new record high. The steer/heifer spread is 38.88 per cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been light to moderate on moderate demand in Nebraska and the Western Cornbelt. Early live purchases in Nebraska have been at 245.00 and early dressed purchases have been from 378.00-385.00, but not enough for an adequate market test. The last established market in Nebraska was last week with live purchases from 245.00-247.00 and dressed purchases from 383.00-385.00, mostly at 383.00. Early live purchases in the Western Cornbelt have been from 240.00-242.00, with a few up to 245.00, but not enough for an adequate market test. The last established market in the Western Cornbelt was last week with live purchases ranging from 240.00-245.00, mostly at 245.00, and dressed purchases were mostly at 383.00. Negotiated cash trade has been mostly inactive on moderate demand in all other feeding regions. The last established market in the Texas Panhandle was last week at 235.00. The last established market in Kansas was last week from 235.00-236.00.

AGRICULTURE LAND VALUES 2025 SUMMARY

Agricultural Land Values Highlights The United States farm real estate value, a measurement of the value of all land and buildings on farms, averaged \$4,350 per acre for 2025, up \$180 per acre (4.3 percent) from 2024. The United States cropland value averaged \$5,830 per acre, an increase of \$260 per acre (4.7 percent) from the previous year. The United States pasture value averaged \$1,920 per acre, an increase of \$90 per acre (4.9 percent) from 2024. Missouri farm real estate value was \$5,000 per acre up 4.2%, Missouri cropland value was \$5,150 up 4.9%, and Missouri pasture value was \$2,750 up 3.8% from 2024.

MISSOURI WEEKLY HAY SUMMARY 8/07/25

July was very wet for the northern half of the state however the southern half very little moisture during the month. The extreme heat over the last few weeks resulted in some areas of the state returning to the drought monitor. Some reports of army worms showing up along the MO/KS boarder, producers should be checking fields as some infestations have been bad enough to require spraying. Pasture conditions have saw some decline over the last two weeks, mostly resulting from areas in the south. For the first of Aug. however, grass supplies are still much above normal. Hay movement has been slow, prices are steady to week, supplies are heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 21,145 Week Ago: 26,376 Year Ago: 19,591

Compared to last week, feeders sold steady to 10.00 higher, with some instances 20.00 higher on some lighter weight calves. The supply of feeders was moderate but made up of mostly heavier weight cattle this week with 67% of the feeder offering over 600 lbs. Most of the calves under 550 lbs. came to town as small groups with very few drafts over 20 head. Condition and health programs are becoming more important each day although some producers are still getting by without complete weaning or shot programs as long as calves don't have too much hair or flesh. Once weather swings start to arrive in a few weeks buyers will get more and more picky, and discounts will become more extreme as health risk increase. As a whole the cash markets at the auctions have ignored the volatility and extreme trading ranges seen in the futures markets and just continue to push higher each day as concerns about limited supplies are becoming more and more valid. Both the CME feeder index and the MO Stocker Formula set new records this past week, and nearly every barn sold some weight or class of cattle at a new barn record at a minimum with some seeing multiple records fall. Drought conditions are showing back up in the southern part of the state, but a few spots did get a shower over the weekend. Given that it is late Aug even the dry spots look better than most years at this time. Stick out sales this week included 30 head of 501 lb. steers at Springfield Livestock Marketing Center which sold for 442.00 and a load of 742 lb. steers for 382.50. Ozarks Regional Stockyards sold a load of 573 lb. steers for 442.00. Kingsville Livestock Auction sold 45 head of 635 lb. steers for 422.00. F & T Livestock Market sold 27 head of 655 lb. steers for 412.75 and 22 head of 758 lb. steers for 375.00. Joplin Regional Stockyards sold a load of 803 lb. steers for 348.00. Lolli Brothers Livestock Market sold a load of 922 lb. steers for 338.00. Boxed beef cutout values were sharply higher for the week, choice closed on Friday at 400.57, up 21.73 and select closed at 370.76, up 15.67 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report totaled just under 53K for the week. Trade in the south was very limited with a few sales in KS at 237.00 live. In the North live sales were reported from 238.00-245.00 and dressed sales from 380.00-385.00. The Missouri Stocker formula consists of 2738 head with a weighted average weight of 556.97 lbs. and a price value of 415.79, 0.59 higher than last week.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

CROP PRODUCTION

Corn Production Up 13 Percent from 2024

Soybean Production Down 2 Percent from 2024

Cotton Production Down 8 Percent from 2024

Winter Wheat Production Up 1 Percent from July Forecast

Corn production for grain is forecast at 16.7 billion bushels, up 13 percent from 2024, which if realized would be the highest production for grain on record for the United States. Based on conditions as of August 1, the yield is forecast at a record high 188.8 bushels per acre, up 9.5 bushels from last year's 179.3 bushels. Total planted area, at 97.3 million acres, is up 2 percent from the previous estimate and up 7 percent from the previous year. Area harvested for grain is forecast at 88.7 million acres, up 2 percent from the previous forecast and up 7 percent from the previous year.

Soybean production for beans is forecast at 4.29 billion bushels, down 2 percent from 2024. Based on conditions as of August 1, yields are expected to average a record high 53.6 bushels per acre, up 2.9 bushels from 2024. Area harvested for beans in the United States is forecast at 80.1 million acres, down 3 percent from the previous forecast and down 7 percent from 2024.

MISSOURI WEEKLY HAY SUMMARY 8/07/25

July was very wet for the northern half of the state however the southern half very little moisture during the month. The extreme heat over the last few weeks resulted in some areas of the state returning to the drought monitor. Some reports of army worms showing up along the MO/KS boarder, producers should be checking fields as some infestations have been bad enough to require spraying. Pasture conditions have saw some decline over the last two weeks, mostly resulting from areas in the south. For the first of Aug. however, grass supplies are still much above normal. Hay movement has been slow, prices are steady to week, supplies are heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale

Alfalfa - Premium 175.00-225.00

Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale

Alfalfa - Fair 125.00-150.00

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 15,088 Week Ago: 21,145 Year Ago: 23,530
Compared to last week, feeders sold steady to 10.00 higher, with some instances 20.00 higher. The supply of feeders was light as extreme heat continued to limit cattle movement. Demand was good to very good as buyers desperately want to fill some orders which has been difficult the last few weeks with the light runs. The market has been incredibly strong seemingly adding dollars each day. Hard to find any big groups of lighter weight calves as most have been selling in small groups. Several loads of yearlings at various barns around the state. Nearly every barn seems to be setting some kind of barn records on some weights of cattle currently. Both the CME Feeder Index and the MO Stocker Formula once again set all-time record highs again this week. Some spotty rains occurred in the south but dryness across the southern half of the state continues to worsen. No one seems to be feeding yet but with out some rain in the next couple of weeks that couple become a possibility. The cooler weather in the forecast will be a welcomed relief. The Monthly Cattle on Feed Report was released on Friday. On feed numbers were at 98.4 per cent of last year, marketings were at 94.2 percent of last year, both nearly even with pre-report estimates. Placements were at 93.8 percent of last year which was just slightly under the top end of the pre-report estimates. Stick out sales this week included 42 head of 553 lb. steers at New Cambria Livestock Auction which sold for 467.50. and 16 head of 614 lb. steers for 445.00. Windsor Livestock Auction sold 70 head of 664 lb. steers for 420.75. Eastern Missouri Commission Company sold 59 head of 729 lb. steers for 380.50. Callaway Livestock Center sold a load of 817 lb. steers for 366.25. AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far Friday negotiated cash trade was moderate on moderate to good demand in the Texas Panhandle. Compared to the latest established market two weeks ago live purchases in the Texas Panhandle traded 5.00 higher at 240.00. In Kansas trade was light to moderate on moderate to good demand. Compared to last week in Kansas, live purchases traded mostly 5.00 higher at 240.00. Trade was mostly inactive on moderate demand in Nebraska and the Western Cornbelt. Not enough purchases in those regions for an adequate market test. On Thursday in Nebraska live purchases in Nebraska were steady at 245.00 with dressed purchases on Wednesday ranging from 385.00- 392.00. On Thursday, in the Western Cornbelt live purchases traded at 245.00. The last established dressed market was last week ranging from 380.00-385.00 on a light test.

CATTLE ON FEED

United States Cattle on Feed Down 2 Percent

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 10.9 million head on August 1, 2025. The inventory was 2 percent below August 1, 2024.

Placements in feedlots during July totaled 1.60 million head, 6 percent below 2024. Net placements were 1.55 million head. During July, placements of cattle and calves weighing less than 600 pounds were 340,000 head, 600-699 pounds were 245,000 head, 700-799 pounds were 365,000 head, 800-899 pounds were 378,000 head, 900-999 pounds were 195,000 head, and 1,000 pounds and greater were 75,000 head.

Marketings of fed cattle during July totaled 1.75 million head, 6 percent below 2024. Other disappearance totaled 51,000 head during July, 9 percent below 2024.

MISSOURI WEEKLY HAY SUMMARY 8/21/25

Lack of rain over most of southern half of the state has resulted in just over 50 percent of the state showing on the latest drought monitor. Pasture conditions for the state are still well above normal but there is a lot more yellow in the south than green now. There has been scattered showers this week but nothing widespread. At this point conditions aren't bad enough to require any feeding. Cooler temperatures in the forecast will help but more moisture to get pastures back to growing would be very welcomed. There continues to be several reports of army worms scattered around which are extremely unwelcomed and doing a lot of damage in areas where they show up. Hay movement has been slow, prices are steady to weak, supplies are heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 33,940 Week Ago: 15,088 Year Ago: 15,841

Compared to last week, feeders 10.00 to 20.00 higher. The supply of feeders was moderate. Cooler weather made transporting livestock much less stressful and overall volume was pretty large for a late summer week. Some producers are marketing calves ahead of normal schedules due to the current record price levels while others are still holding as the upward trend has been consistent for some time now. More of the state appeared in the latest drought monitor with just over 60 percent of the state in some stage of drought now. At this point conditions aren't bad enough that they are requiring any widespread feeding, water concerns, or liquidation. Pasture conditions are still better than normal for this point in the year and cooler weather is an added bonus. Many, especially those in the southern half of the state, would gladly welcome a good rain at this point. Overall, it was another good week in the markets even if there some concerns along the way this week. Prices at the auctions seemed to get higher every day this week, with many new records set. Both the CME Feeder Cattle index and The MO Stocker Formula established new highs once again. Stick out sales this week included a pkg of 502 lb. steers are F&T Livestock Market which sold for 518.00. Tina Livestock Market sold a lot of 563 lb. steers for 472.00. Windsor Livestock Auction sold a lot of 644 lb. steers for 431.00 and another lot of 741 lb. steers tagged as fancy for 421.00. South Central Regional Stockyards sold 27 head of 662 lb. steers for 414.00. Windsor Livestock Auction had a load of 770 lb. steers that sold for 394.50. Lolli Brothers Livestock Market sold 29 head of 814 lb. steers for 362.00 Kingsville Livestock Auction sold 123 head of 866 lb. steers for 359.00. Joplin Regional Stockyards sold 111 head of 924 lb. steers for 350.50 and 42 head of 500 lbs. heifers at 420.00. Lolli Brothers Livestock Market sold 480 head of heifers from 650-675 lbs. for 390.10. Kingsville Livestock Auction sold 146 head of 714 lb. heifers for 368.00. Boxed beef cutout values, aside from a couple weeks during covid, established all-time highs ahead of the holiday weekend, choice closed on Friday at 415.41 up 7.50 and select closed at 390.00, up 6.34 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report totaled just over 54K head for the week. Trade in the south was 242.00 live. Northern live sales were reported mostly at 245.00 and dressed sales mostly 385.00-392.00. The Missouri Stocker formula consists of 5202 head with a weighted average weight of 549.78 lbs. and a price value of 435.67, 11.33 higher than last week. The steer/heifer spread is 41.74/cwt.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been light to moderate on moderate demand in Nebraska. Compared to Thursday, live purchases have been steady at 245.00 while there have been a few dressed purchases at 385.00, but not enough for an adequate market test. The last dressed market test in Nebraska was Thursday from 385.00-392.00, mostly at 385.00. Negotiated cash trade has been mostly inactive on moderate demand in all other feeding regions. The last established market in the Texas Panhandle was Thursday with live purchases at 242.00. The last established market in Kansas was Thursday with live purchases at 242.00. The last established market in the Western Cornbelt was Thursday with live purchases at 245.00 and dressed purchases from 385.00-392.00, mostly 385.00.

MISSOURI CROP PROGRESS REPORT 8/24/25

There were 6.2 days suitable for fieldwork in the week ending Aug 24, 2025. Topsoil moisture supply was rated 5 percent very short, 30 percent short, 63 percent adequate, and 2 percent surplus. Subsoil moisture supply was rated 3 percent very short, 18 percent short, 76 percent adequate, and 3 percent surplus. Corn in the dough stage reached 94 percent, compared to the 5-year average of 94 percent. Corn denteds is at 66 percent, compared to the 5 year average of 67. Corn Mature is at 15 percent, compared to the 5 year average of 8 percent. Corn condition was rated 1 percent very poor, 4 percent poor, 16 percent fair, 60 percent good, and 19 percent excellent. Soybeans setting pods reached 82 percent, compared to 79 percent for the 5-year average. Soybeans dropping leaves is at 1 percent, compared to the 5 year average of 5 percent. Soybean condition was rated 1 percent very poor, 5 percent poor, 18 percent fair, 51 percent good, and 25 percent excellent. Pasture conditions was rated at 1 percent very poor, 5 percent poor, 18 percent fair, 66 percent good, and 8 percent excellent.

AGRICULTURE PRICES

July Prices Received Index Down 1.4 Percent The July Prices Received Index 2011 Base (Agricultural Production), at 136.4, decreased 1.4 percent from June but increased 11 percent from July 2024. At 102.7, the Crop Production Index was down 0.3 percent from last month but up 2.5 percent from the previous year. The Livestock Production Index, at 172.5, increased 1.4 percent from June and 13 percent from July last year. Producers received lower prices during July for broilers, grapes, corn, and milk but higher prices for lettuce, turkeys, hogs, and market eggs. In addition to prices, the volume change of commodities marketed also influences the indexes. In July, there was decreased marketing of cattle, milk, broilers, and oranges and increased monthly movement for grapes, wheat, hay, and cotton.

July Prices Paid Index Up 0.5 Percent The July Prices Paid Index for Commodities and Services, Interest, Taxes, and Farm Wage Rates (PPITW), at 150.8, is up 0.5 percent from June 2025 and 7.9 percent from July 2024. Higher prices for feeder cattle, milk cows, diesel, and nitrogen more than offset lower prices for concentrates, complete feeds, feeder pigs, and feed grains.

MISSOURI WEEKLY HAY SUMMARY 8/21/25

Lack of rain over most of southern half of the state has resulted in just over 50 percent of the state showing on the latest drought monitor. Pasture conditions for the state are still well above normal but there is a lot more yellow in the south than green now. There has been scattered showers this week but nothing widespread. At this point conditions aren't bad enough to require any feeding. Cooler temperatures in the forecast will help but more moisture to get pastures back to growing would be very welcomed. There continues to be several reports of army worms scattered around which are extremely unwelcomed and doing a lot of damage in areas where they show up. Hay movement has been slow, prices are steady to weak, supplies are heavy, and demand is light. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 7,349 Week Ago: 28,192 Year Ago: 10,237

Compared to last week, feeders sold mostly steady to firm. The shorten holiday week didn't provide a very good test of the markets as many barns were closed and most others had very light offerings. Demand remains very good, and buyers seemly just want to own cattle. That being said, some buyers are starting to discount those calves that have more health risk. If history is any indicator these discounts will increase in the coming weeks as weather gets more variable. The lack of any widespread or significant rains is becoming concerning and there were several reports of hay feeding taking place now, mostly in south central parts of the state. Abundant rain and lush pastures though the month of July were a saving grace this year and most farmers that are feeding are doing so in an effort to manage pastures wisely, so that when it does rain, they will bounce back. Even with the lighter offering there were still some stick out sales at barns around the state. Ozark Regional Stockyards sold 37 head of 510 lb. steers for 457.50. Green City Livestock Market sold a load of 770 lb. steers for 390.50 and another load of 861 lb. steers for 368.75.00. Kingsville Livestock Auction sold a load of 824 lb. steers for 373.00. On the heifer side of the market Green City Livestock Market sold 45 head of 678 lb. heifers for 390.00 and a full load of 819 lb. heifers for 342.75. Boxed beef cutout values were lower for the week. Choice closed on Friday at 410.76 down 4.65 and select closed at 385.19, down 4.81 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report totaled just under 66K head for the week. Trade in the south was 242.00-243.00 live. In the North lives sales were reported mostly at 242.00-243.00 which was lower for the week and erasing any premium the north had been carrying. Dressed sales were reported at mostly 383.00. The Missouri Stocker formula consists of 1135 head with a weighted average weight of 535.15 lbs. and a price value of 436.83, 1.16 higher than last week. The steer/heifer spread is 45.82.

ANNUAL GRAIN CRUSHINGS

2024 Grain Crushings and Co-Products Production As part of the Current Agricultural Industrial Reports (CAIR) program, the 2024 Annual Summary of the Grain Crushings and Co-Products Production contains data and annual totals for January through December 2024. **Total corn consumed** for alcohol for 2024 was 5.65 billion bushels, up 4 percent from 2023. Corn for beverage alcohol in 2024 totaled 47.4 million bushels, down 25 percent from 2023. Corn for fuel alcohol was 5.52 billion bushels in 2024, up 4 percent from 2023. **Dry mill co-product production** of distillers dried grains with solubles (DDGS) was 22.5 million tons during 2024, up 7 percent from 2023. Distillers wet grains (DWG) 65 percent or more moisture was 14.7 million tons in 2024, down 6 percent from 2023. Distillers dried grain (DDG) was 4.54 million tons in 2024, down 2 percent from 2023. **Wet mill corn gluten feed production** was 3.16 million tons during 2024, up less than 1 percent from 2023. Wet corn gluten feed 40 to 60 percent moisture was 2.43 million tons, up 1 percent from 2023. **Dry and wet mill carbon dioxide captured** was 2.75 million tons in 2024, up 8 percent from 2023.

MISSOURI WEEKLY HAY SUMMARY 9/04/25

Much cooler weather has been a welcome relief the last couple of weeks, however rains have been spotty and light with most producers missing out altogether. Following one of the driest August on record pastures and crop conditions have seen the impact. As of the latest drought monitor near 94 percent of the state is now listed as abnormally to moderately dry. Some producers in the south would argue conditions are worse than the monitor reflects. There have been some reports of hay feeding and some slight concerns with water, situations are spotty and even though everyone is seeing dryness, conditions do have variability by traveling just a few miles one way or the other. Hay feeding is somewhat reflecting of stocking inventory as pastures were exceptional though July and some producers were able to stockpile more grass than others. Hay movement has been mostly slow, prices are steady to weak, supplies are heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 39,495 Week Ago: 11,661 Year Ago: 37,869

Compared to last week, feeders sold mostly 5.00-10.00 lower, with instances of 10.00-20.00 lower generally on higher health risk calves. The markets started the week on the same upward trajectory that has been the case for quite some time now. A limit down day for feeder futures on Tuesday changed the tone and buyers at auctions quickly began adjusting what they were willing to pay. Historically September typically does see cattle markets turn lower, as grilling comes to an end, weather changes begin to occur, and many farmers turn attention to grain harvest. The supply of feeders was on the top end of moderate this week, driven by a combination of factors. Aside from nervousness in seeing markets turn lower, dryness is also an issue. Lack of moisture has several farmers providing some additional feed as pastures are dwindling or mostly gone with hopes of preventing over grazing so that if rains come before the end of the growing season maybe grasses can bounce back. Demand remains very good as fundamentally nothing has changed with the supply of cattle and numbers are still extremely tight. As weather swings continue to increase discounts for high-risk calves is likely to become quite substantial given the current price levels. Even with the downturn of the market prices are still very impressive and stick out sales this week included 35 head of 495 lb. steers at F&T Livestock which brought 497.50. South Central Regional Stockyards sold a package of 518 lb. steers for 492.50. Callaway Livestock Center sold a load of 601 lb. steers for 458.00. Windsor Livestock Auction sold a load of 704 lb. steers for 407.50. Joplin Regional Stockyards sold 31 head of 754 lbs. steers for 383.00 and 195 head of 915 lb. steers for 352.00. Unionville Livestock Market sold 4 loads of steers from 873-882 lbs. that sold from 362.00-366.00. On the heifer side of the market 28 head of 508 lb. heifers at Kingsville Livestock Market brought 448.00. Windsor Livestock Auction sold 160 head of 661 lb. heifers for 394.00. Unionville Livestock sold 24 head of 747 lb. heifers for 384.00. Boxed beef cutout values continued to move lower for the week. Choice closed on Friday at 400.04 down 10.72 and select closed at 378.44, down 6.75 compared to last Friday. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report totaled just under 54K head for the week. Trade started the week on Tuesday much lower with the future market sell off, however even with the lower futures markets for the week prices added back a couple of dollars late week. Live sales in all regions were reported at 237.00 to mostly 240.00 and dresses sales 375.00-380.00. The Missouri Stocker formula consists of 5950 head with a weighted average weight of 549.06 lbs. and a price value of 427.25, 9.58 lower than last week. The steer/heifer spread is 42.92.

CROP PRODUCTION

Corn Production Up Less Than 1 Percent from August Forecast Soybean Production Up Less Than 1 Percent Cotton Production Up Slightly

Corn production for grain is forecast at 16.8 billion bushels, up less than 1 percent from the previous forecast and up 13 percent from 2024. If realized, this would be the highest grain production on record for the United States. Based on conditions as of September 1, yields are expected to average a record high 186.7 bushels per acre, down 2.1 bushels from the previous forecast but up 7.4 bushels from last year. Total planted area, at 98.7 million acres, is up 2 percent from the previous estimate and up 9 percent from the previous year. Area harvested for grain is forecast at 90.0 million acres, up 2 percent from the previous forecast and up 9 percent from the previous year.

Soybean production for beans is forecast at 4.30 billion bushels, up less than 1 percent from the previous forecast but down 2 percent from 2024. Based on conditions as of September 1, yields are expected to average a record high 53.5 bushels per acre, down 0.1 bushel from the previous forecast but up 2.8 bushels from 2024. Total planted area, at 81.1 million acres, is up less than 1 percent from the previous estimate but down 7 percent from the previous year. Area harvested for beans in the United States is forecast at 80.3 million acres, up less than 1 percent from the previous forecast but down 7 percent from 2024.

MISSOURI WEEKLY HAY SUMMARY 9/04/25

Much cooler weather has been a welcome relief the last couple of weeks, however rains have been spotty and light with most producers missing out altogether. Following one of the driest August on record pastures and crop conditions have seen the impact. As of the latest drought monitor near 94 percent of the state is now listed as abnormally to moderately dry. Some producers in the south would argue conditions are worse than the monitor reflects. There have been some reports of hay feeding and some slight concerns with water, situations are spotty and even though everyone is seeing dryness, conditions do have variability by traveling just a few miles one way or the other. Hay feeding is somewhat reflecting of stocking inventory as pastures were exceptional though July and some producers were able to stockpile more grass than others. Hay movement has been mostly slow, prices are steady to weak, supplies are heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 23,335 Week Ago: 39,495 Year Ago: 26,204

Compared to last week, feeders sold mostly 5.00-10.00 lower, with Spots of 15.00 lower. Some short-weaned calves without any medical records and less than favorable condition are seeing some hefty discounts that will likely continue or perhaps even get larger until after a good frost, regardless of how tight supplies may be. The supply of feeders this week was light to moderate. Several farmers have gotten to shelling corn and attention has shifted for the time being although that could be slowed by rains that come over the weekend. Many areas did finally receive at least some rain over the last week which was very welcome. Producers especially those in the south need some fall grass growth as many have already started feeding in some fashion. The Monthly Cattle on Feed Report was published on Friday. No major surprises as numbers were all close to pre-report estimates and with in the ranges of expectations. On feed numbers were reported at 98.4 percent, Placements at 90.0 percent and Marketings at 86.3 percent of year ago numbers. A few stick out sales this week included 23 head of 553 lb. steers at Lolli Brothers Livestock Markets that sold for 460.00. Tina Livestock Market sold 24 head of 601 lb. steers for 446.00. Kingsville Livestock Auction sold 29 head of 672 lb. steers for 430.00. Joplin Regional Stockyards sold 36 head of 709 lbs. steers for 391.00 and 315 head of 888 lb. steers for 362.00. MO-Kan Livestock Market 134 head of 772 lb. steers for 380.00. On the heifer side of the market 25 head of 545 lb. heifers at Lolli Brothers Livestock Market brought 430.50. Windsor Livestock Auction sold 84 head of 639 lb. heifers for 400.00 and 160 head of 681 lb. heifers for 393.00. Kingsville Livestock Auction sold a load of 734 lb. heifers for 363.25. Boxed beef cutout values continued to see a seasonal decline. Choice closed on Friday at 382.80, down 17.99 and select closed at 359.92, down 18.52 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report totaled just over 44K head for the week. Live sales in the south were reported mostly at 240.00 while northern sales were reported at 236.00-238.00. Dressed sales mostly at 370.00. The Missouri Stocker formula consists of 3153 head with a weighted average weight of 544.10 lbs. and a price value of 417.67, 9.58 lower than last week. The steer/heifer spread is 40.19.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

Receipts: 9,820 Week ago: 15,562 Year Ago: 10,761

Compared to last week, feeders sold 2.00 to 15.00 lower, except some steers over 750 lbs early week that had spots of 3.00 higher. Slaughter cows and bulls sold 1.00 to 6.00 lower.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been mostly inactive on
light to moderate demand in the Southern Plains. The last established
market in the Texas Panhandle was last week at 240.00. The last estab-
lished market in Kansas was Thursday at 240.00. Negotiated cash has
been limited on moderate demand in Nebraska and the Western Corn-
belt. There has been a few live purchases in Nebraska at 237.00, but not
enough for an adequate market test. The last established market in Ne-
braska was Thursday with live purchases from 236.00-238.00 and
dressed purchases at mostly 370.00. There has been a few live purchas-
es in the Western Cornbelt at 236.00, but not enough for an adequate
market test. The last established live market test in the Western Corn-
belt was Thursday from 236.00-237.00, mostly 237.00. The last estab-
lished dressed market was last week from 375.00- 378.00, mostly
378.00.

CATTLE ON FEED

United States Cattle on Feed Down 1 Percent

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.1 million head on September 1, 2025. The inventory was 1 percent below September 1, 2024.

Placements in feedlots during August totaled 1.78 million head, 10 percent below 2024. Net placements were 1.73 million head. During August, placements of cattle and calves weighing less than 600 pounds were 355,000 head, 600-699 pounds were 265,000 head, 700-799 pounds were 390,000 head, 800-899 pounds were 420,000 head, 900-999 pounds were 260,000 head, and 1,000 pounds and greater were 90,000 head. Marketings of fed cattle during August totaled 1.57 million head, 14 percent below 2024.

Marketings were the lowest for August since the series began in 1996.

Other disappearance totaled 51,000 head during August, 6 percent below 2024.

MISSOURI WEEKLY HAY SUMMARY 9/18/25

Scattered rains fell in various areas of the state over the last few days, locations and amounts varied greatly, with nothing widespread enough to change the current situation of dryness. Drought conditions have continued to worsen as heat came back into the picture and moisture has not been a thing for most. Hay feeding or supplementing of some kind has become fairly common in the southern half of the state. Luckily before rains quit in early Aug, grass had been abundant, and producers baled a lot of hay early. Without some fall rains soon though, it could make for an incredibly long feeding season as first frost date isn't all that far away. Hay movement has been slow to moderate. There has been an uptick but with many baling a lot of hay and having supplies on hand it hasn't been anything extreme at this point, and there is currently a lot of hay offered for sale without having to travel very far regardless of where in the state one might be. Hay prices are steady to firm, supplies are moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00

MISSOURI STEER (HEIFER) STOCKER FORMULA 9/29/2025

Monday's Missouri Stocker formula consists of **3973 (2899)** head with a weighted average weight of **545.96 (529.73)** lbs. and a price value of **426.22 (384.51)**, 8.55 higher (7.03 higher) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 23,335 Week Ago: 39,495 Year Ago: 26,204

Compared to last week, feeders sold mostly 5.00-10.00 higher. The supply of feeders this week was light to moderate, with near half of the total feeder volume sold at Joplin Regional Stockyards. Many of the northern auctions were on an off-schedule week so total number of auctions reported was also lower than usual. The big news of this week was rains that fell for many across the state. Although it will take more time and moisture to make a solid change to the drought map and not everyone even got rain, it was a relief to know it can rain. In areas that did get rain many were surprised how quickly a tint of green reappeared in pastures. There were several reports of Fall army worms on either side of the MO/KS boarder doing some pretty severe damage. A few stick out sales this week included 37 head of 509 lb. steers at Callaway Livestock Center which sold for 485.00. Tina Livestock Market sold 21 head of 615 lb. steers for 443.50 and 63 head of 856 lb. steers for 370.00. Joplin Regional Stockyards sold 336 head of 772 lb. steers for 403.00 and 133 head of 911 lb. steers for 360.50. Callaway Livestock Center sold 48 head of 510 lb. heifers for 412.00. Tina Livestock Market sold 76 head of 661 lb. heifers for 387.00. Joplin Regional stockyards sold 33 head of 715 lb. heifers for 373.00. Boxed beef cutout values continued to see a seasonal decline. Choice closed on Friday at 371.43, down 10.62 and select closed at 352.44, down 7.48 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report totaled just under 53K head for the week. Live sales in the south continued to hold a premium to the north this week due to lack of supplies in the south and a slight back up of cattle in the north. Live sales in the south were reported mostly at 235.00-237.00 while northern sales were reported at 230.00-235.00. Dressed sales mostly at 365.00. The Missouri Stocker formula consists of 3973 head with a weighted average weight of 545.96 lbs. and a price value of 426.22, 8.55 higher than last week. The steer/heifer spread is 41.71.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)
Receipts: 10,662 Week ago: 9,820 Year Ago: 6,713

Compared to last week, steers sold 5.00 to 20.00 higher, heifers sold steady to 14.00 higher. Slaughter cows and bulls sold 1.00 to 7.00 lower.

NORTHWEST MISSOURI WEEKLY SUMMARY

(Tina)

Receipts: 1,842 Last reported: 1,497 Year ago: 1,478
Compared to last week, feeder cattle traded with a steady undertone.
The slaughter cattle traded mostly steady.

FEEDER STEERS: Medium and Large 1

400-500 lbs. 482.50-500.00
500-600 lbs. 459.00-466.00
600-700 lbs. 408.00-443.50
700-800 lbs. 380.75-400.00
800-900 lbs. 362.25-370.00

FEEDER HEIFERS: Medium and Large 1

400-500 lbs. 450.00-452.50
500-600 lbs. 402.50
600-700 lbs. 387.00-391.50
700-800 lbs. 347.00

SLAUGHTER BULLS: Yield
Grade 1-2 1170-2145 lbs 180.00-
204.50, low dressing 143.00-
180.00

SLAUGHTER COWS: Breaking
and Boning, (70-85% lean) 150.00-
171.00, high dressing 170.00-
182.50. Lean (85-90%) high dress-
ing 143.00-151.00

BRED COWS: Medium and
Large 1 2-4 yrs. 3rd stage 3950.00
-4150.00; 2-8 yrs. 2nd-3rd stage
3600.00-4400.00

COW/CALF PAIRS: Medium and
Large 1 with 150-300 lb. calves, 2-8
yrs. Open, 3850.00-4650.00

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

Thus far on Friday negotiated cash trade was inactive on light demand in the Southern Plains. The latest establishment market in the Southern Plains was on Thursday with live purchases in the Texas Panhandle at 237.00 and from 235.00-237.00 in Kansas on a light test. Trade was light on moderate demand in Nebraska and the Western Cornbelt. In Nebraska compared to Thursday, a few live purchases traded 3.00 higher at 235.00. On Thursday in Nebraska dressed purchases traded at 365.00. The latest established market in the Western Cornbelt was on Thursday with live purchases from 231.00-233.00, mostly at 232.00 and dressed purchases at 365.00.

Quarterly Hogs and Pigs

United States Hog Inventory Down 1 Percent

United States inventory of all hogs and pigs on September 1, 2025 was 74.5 million head. This was down 1 percent from September 1, 2024, but up 1 percent from June 1, 2025.

Breeding inventory, at 5.93 million head, was down 2 percent from last year, and down slightly from the previous quarter.

Market hog inventory, at 68.5 million head, was down 1 percent from last year, but up 1 percent from last quarter.

The June-August 2025 pig crop, at 34.1 million head, was down 3 percent from 2024. Sows farrowing during this period totaled 2.88 million head, down 3 percent from 2024. The sows farrowed during this quarter represented 48 percent of the breeding herd. The average pigs saved per litter was 11.82 for the June-August period, compared to 11.72 last year.

MISSOURI WEEKLY HAY SUMMARY 9/18/25

Scattered rains fell in various areas of the state over the last few days, locations and amounts varied greatly, with nothing widespread enough to change the current situation of dryness. Drought conditions have continued to worsen as heat came back into the picture and moisture has not been a thing for most. Hay feeding or supplementing of some kind has become fairly common in the southern half of the state. Luckily before rains quit in early Aug, grass had been abundant, and producers baled a lot of hay early. Without some fall rains soon though, it could make for an incredibly long feeding season as first frost date isn't all that far away. Hay movement has been slow to moderate. There has been an uptick but with many baling a lot of hay and having supplies on hand it hasn't been anything extreme at this point, and there is currently a lot of hay offered for sale without having to travel very far regardless of where in the state one might be. Hay prices are steady to firm, supplies are moderate to heavy, and demand is light to moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 9/29/2025
Monday's Missouri Stocker formula consists of **3973 (2899)** head with a weighted average weight of **545.96 (529.73)** lbs. and a price value of **426.22 (384.51)**, 8.55 higher (7.03 higher) than a week ago.
This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 31,188 Week Ago: 23,722 Year Ago: 22,634

Compared to last week, feeders sold mostly 5.00-15.00 lower with the biggest decline on steer calves under 650 lbs. That isn't to say there wasn't some instances of higher spots, especially on some loads of yearlings but overall, the market was undoubtably lower. Fall temperature swings make it hard to keep even the best calves with all the proper vaccination and weaning programs and healthy weight on prices this time of year. This is an every year occurrence and buyers have to be realistic and factor in those risk regardless of overall tight supplies. Fall grain harvest is in full swing and even some fall hay being baled in a few areas despite dry conditions. A few stick out sales this week included 37 head of 487 lb. steers at Lollie Brothers Livestock Market which sold for 524.00. F&T Livestock Market sold 24 head of 565 lb. steers for 457.00. Mid Missouri Stockyards sold 33 head of 628 lb. steers for 434.50. Joplin Regional Stockyards sold 39 head of 655 lb. steers for 429.00 and 156 head of 766 lb. steers for 389.00. Tina Livestock Market sold 156 head of 703 lb. steers at 413.25. Green City Livestock Market sold a load of 859 lb. steers for 359.00. Wheeler Livestock Auction sold 122 head of 900 lb. steers for 349.25. On the heifer side of the market F&T Livestock Market sold 22 head of 514 lb. heifers for 410.00. Lollie Brothers Livestock Market had 3 loads (222 head) of heifers averaging 659 lbs. that sold at 395.35. Green City Livestock Auction sold 188 head of 722 lb. heifers for 375.00. Boxed beef cutoff values continued to search for bottom as levels continue to drop from extreme highs from summer spikes. Choice closed on Friday at 362.27, down 9.16 and select closed at 345.38, down 7.06 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just a few over 38K head. There was basically nothing reported in the south. If any sales occurred, it was late Friday after the report cutoff time. Live sales in the north reported at 228.00 to mostly 235.00. Dressed sales 357.00 to mostly 360.00. The Missouri Stocker formula consists of 4627 head with a weighted average weight of 541.90 lbs. and a price value of 417.42, 8.80 lower than last week. The steer/heifer spread is 35.21.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been limited on mod-
erate demand in the Western Cornbelt. There have not been
enough live or dressed purchases for an adequate market test.
The last established market test in the Western Cornbelt was
Thursday with live purchases at 230.00 and dressed purchases at
360.00. Negotiated cash trade has been mostly inactive on light
to moderate demand in all other feeding regions. The last estab-
lished market in the Texas Panhandle was last week with live
purchases at 237.00. The last established market in Kansas was
last week with live purchases from 235.00-237.00. The last es-
tablished market in Nebraska was live purchases at 230.00
Thursday and dressed purchases at 360.00 Wednesday.

GRAIN STOCKS

Corn Stocks Down 13 Percent from September 2024
Soybean Stocks Down 8 Percent
All Wheat Stocks Up 6 Percent

Old crop corn stocks in all positions on September 1, 2025 totaled 1.53 billion bushels, down 13 percent from September 1, 2024. Of the total stocks, 643 million bushels are stored on farms, down 18 percent from a year earlier. Off-farm stocks, at 888 million bushels, are down 10 percent from a year ago. The June - August 2025 indicated disappearance is 3.11 billion bushels, compared with 3.23 billion bushels during the same period last year.

Old crop soybeans stored in all positions on September 1, 2025 totaled 316 million bushels, down 8 percent from September 1, 2024. Soybean stocks stored on farms totaled 91.5 million bushels, down 18 percent from a year ago. Off-farm stocks, at 225 million bushels, are down 3 percent from last September. Indicated disappearance for June - August 2025 totaled 691 million bushels, up 10 percent from the same period a year earlier.

All wheat stored in all positions on September 1, 2025 totaled 2.12 billion bushels, up 6 percent from a year ago. On-farm stocks are estimated at 692 million bushels, up 4 percent from last September. Off-farm stocks, at 1.43 billion bushels, are up 7 percent from a year ago. The June - August 2025 indicated disappearance is 715 million bushels, up 5 percent from the same period a year earlier.

MISSOURI WEEKLY HAY SUMMARY 10/03/2025

Pasture conditions across the state improved ever so slightly over the last week, but it was a very minor amount. Surprisingly there are a few producers finding a little something to bale into fall hay after the rains from a couple of week ago. Others however, are just hoping for enough fall growth to stop feeding for a while before snow flies. Fall grain harvest is running full speed and for many that is where attention currently is focused. Hay movement is moderate as early feeding has everyone paying close attention to inventories on hand given the shortness of pasture and quickly approaching average first frost date. That being said at this time supplies aren't a major concern as producers were able to bale a lot of hay earlier in the year and if they don't feel they have enough it can still easily be found. Hay prices are steady to firm. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 23,923 Week Ago: 31,188 Year Ago: 25,308

Compared to last week, feeders sold very uneven but overall, the market was mostly 5.00-10.00 higher gaining back last week's losses. There were some instances of steer calves being sharply higher. Currently the market is completely dependent upon health risk associated with each consignment. It sounds like a broken record this time of year, but keeping calves healthy is a huge challenge as nights get down in the high 40's to low 50's and days began wet and cool before climbing into the 80's which is a not a good recipe for anything. Calves without shots or short weaned are seeing severe discounts and will continue to see those until a good frost and more stable cooler temperatures. Some rains over the last week helped to keep grass green, and growing a bit and perhaps even settle dust for a bit. Moisture levels in the subsoil however remain very low. Although states to the west are setting the fall run here in MO it hasn't really gotten under way yet as many producers who also farm grain are mostly focused on harvest. The CME feeder cattle index climbed and posted an all-time new record high again late week. And a several barns around the state did post a few records or very near record sales once again. A few stick out sales this week included: 28 head of 412 lb. steers at Windsor Livestock Auction that sold for 520.00 and 79 head of 509 lb. steers that brought 495.00. Joplin Regional Stockyards sold 20 head of 648 lbs. steers for 438.00, 223 head of 769 lb. steers for 403.00 and 90 head of 813 lbs. steers for 370.00. Four State Stockyards sold 29 head of 706 lb. steers for 406.00. Kingsville Livestock Auction sold 50 head of 958 lb. steers for 352.75. On the heifer side of the market Lolli Brother Livestock Market sold 40 head of 524 lb. heifers for 425.00. South Central Regional Stockyards sold 120 head of 702 lb. heifers for 367.00. Boxed beef cutout values may have finally found a bottom as small gains were posted for the week. Choice closed on Friday at 366.57, up 3.30 and select closed at 346.39, up 1.01 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just a over 28K head. Trade was slow to develop this week, and likely more sales took place after the report cutoff. Trade in the south was very limited and only moderate in the north. Price levels were higher with live sales reported 230.00-235.00 and dressed sales mostly 362.00-364.00. The Missouri Stocker formula consists of 3395 head with a weighted average weight of 537.69 lbs. and a price value of 424.03, 6.61 higher than last week. The steer/heifer spread is 35.36.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin, Springfield, Exeter)

Receipts: 9,020 Week ago: 12,588 Year Ago: 8,580

Compared to last week, feeders sold very uneven from 15.00 lower to 15.00 higher, with some spots of 25.00 higher on some 5 wt. steers. Slaughter cows sold steady to 2.00 higher.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been moderate on moderate demand in Nebraska and the Western Cornbelt. Compared to last week in Nebraska, live purchases have been 4.00-5.00 higher from 234.00-235.00 and dressed purchases have been 2.00 higher at 362.00. Compared to Thursday in the Western Cornbelt, live purchases have been 1.00-4.00 higher from 232.00-235.00. There have been a few dressed purchases at 362.00, but not enough for an adequate market test. The last established dressed market in the Western Cornbelt was last week at 360.00. Negotiated cash trade was mostly inactive on moderate demand in the Southern Plains. The last established market in the Texas Panhandle was last week at 233.00. The last established market in Kansas was last week at 232.00-233.00, mostly 233.00.

GRAIN STOCKS

Corn Stocks Down 13 Percent from September 2024
Soybean Stocks Down 8 Percent
All Wheat Stocks Up 6 Percent

Old crop corn stocks in all positions on September 1, 2025 totaled 1.53 billion bushels, down 13 percent from September 1, 2024. Of the total stocks, 643 million bushels are stored on farms, down 18 percent from a year earlier. Off-farm stocks, at 888 million bushels, are down 10 percent from a year ago. The June - August 2025 indicated disappearance is 3.11 billion bushels, compared with 3.23 billion bushels during the same period last year.

Old crop soybeans stored in all positions on September 1, 2025 totaled 316 million bushels, down 8 percent from September 1, 2024. Soybean stocks stored on farms totaled 91.5 million bushels, down 18 percent from a year ago. Off-farm stocks, at 225 million bushels, are down 3 percent from last September. Indicated disappearance for June - August 2025 totaled 691 million bushels, up 10 percent from the same period a year earlier.

All wheat stored in all positions on September 1, 2025 totaled 2.12 billion bushels, up 6 percent from a year ago. On-farm stocks are estimated at 692 million bushels, up 4 percent from last September. Off-farm stocks, at 1.43 billion bushels, are up 7 percent from a year ago. The June - August 2025 indicated disappearance is 715 million bushels, up 5 percent from the same period a year earlier.

MISSOURI WEEKLY HAY SUMMARY 10/03/2025

Pasture conditions across the state improved ever so slightly over the last week, but it was a very minor amount. Surprisingly there are a few producers finding a little something to bale into fall hay after the rains from a couple of week ago. Others however, are just hoping for enough fall growth to stop feeding for a while before snow flies. Fall grain harvest is running full speed and for many that is where attention currently is focused. Hay movement is moderate as early feeding has everyone paying close attention to inventories on hand given the shortness of pasture and quickly approaching average first frost date. That being said at this time supplies aren't a major concern as producers were able to bale a lot of hay earlier in the year and if they don't feel they have enough it can still easily be found. Hay prices are steady to firm. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 27,892 Week Ago: 23,923 Year Ago: 25,351

Compared to last week, feeders sold 5.00 to 15.00 higher, with several instances of calves selling 20.00-25.00 higher on the more desirable consignments, which currently means shots are pretty much mandatory, as far as weaning goes buyers prefer all the weaning (45 days plus) but it can be none (right off the cow with milk still dripping from their lips) but absolutely not some (a few days to 2 weeks is a train wreck). The supply of feeders has been moderate but many grain farmers are still spending time in combines so there hasn't yet been any big runs at the barns here in MO. Some decent rains fell around much of the state over the weekend and although many jackets and flannel shirts came out there has been no frost thus far. From here on out every additional day is just a bonus for the pastures. Cash markets remain very strong with several new records set once again this week. Up until Friday the futures markets seemed unstoppable, Friday proved once again what goes up can go down at a much faster pace. Headlines which give any hint of negativity quickly gain a lot of attention and prove the markets are still extremely nervous at such high levels. A few stick out sales this week included: 22 head of 440 lb. steers at Callaway Livestock Center sold for 531.00. Lolli Brothers Livestock Market sold 24 head of 520 lb. steers for 519.50. Windsor Livestock Auction sold for 83 head of 679 lb. steers for 425.00. Joplin Regional Stockyards sold 70 head of 726 lb. steers for 411.00 and 183 head of 820 lbs. steers for 393.50. Ozarks Regional Stockyards sold 61 head of 861 lb. steers for 379.00 a new state record for 850-900 lb. steers. On the heifer side of the market 20 head of 500 lb. heifers at Callaway Livestock Center sold for 425.00. Windsor Livestock Auction sold 162 head of 708 lb. heifers for 389.75. Boxed beef cutout values closed slightly higher for the week. Choice closed on Friday at 366.77, up 1.20 and select closed at 350.27, up 3.88 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just a over 76K head. Trade was slow to develop this week, but once gates began swinging prices were significantly higher and volume was the largest seen in at least two months and maybe longer depending on how many head moved after the report cutoff time on Friday. Live sales were reported from 238.00-241.00 with most at 240.00. Dressed sales were reported 370.00-374.00. The Missouri Stocker formula consists of 4158 head with a weighted average weight of 538.46 lbs. and a price value of 436.69, 12.66 higher than last week. The steer/heifer spread is 37.64.

GRAIN STOCKS

Corn Stocks Down 13 Percent from September 2024

Soybean Stocks Down 8 Percent

All Wheat Stocks Up 6 Percent

Old crop corn stocks in all positions on September 1, 2025 totaled 1.53 billion bushels, down 13 percent from September 1, 2024. Of the total stocks, 643 million bushels are stored on farms, down 18 percent from a year earlier. Off-farm stocks, at 888 million bushels, are down 10 percent from a year ago. The June - August 2025 indicated disappearance is 3.11 billion bushels, compared with 3.23 billion bushels during the same period last year.

Old crop soybeans stored in all positions on September 1, 2025 totaled 316 million bushels, down 8 percent from September 1, 2024. Soybean stocks stored on farms totaled 91.5 million bushels, down 18 percent from a year ago. Off-farm stocks, at 225 million bushels, are down 3 percent from last September. Indicated disappearance for June - August 2025 totaled 691 million bushels, up 10 percent from the same period a year earlier.

All wheat stored in all positions on September 1, 2025 totaled 2.12 billion bushels, up 6 percent from a year ago. On-farm stocks are estimated at 692 million bushels, up 4 percent from last September. Off-farm stocks, at 1.43 billion bushels, are up 7 percent from a year ago. The June - August 2025 indicated disappearance is 715 million bushels, up 5 percent from the same period a year earlier.

MISSOURI WEEKLY HAY SUMMARY 10/16/2025

Even with some recent showers 98.5 percent of the state is in some stage of drought, with a few areas in the southwest moving into D3 or extreme drought. From the road conditions may not look that bad, fall pastures may not be tall but there has been just enough rain in most of the state to make them green and give a little fall growth which has been very welcome. Subsoil moisture levels however are very low and need some recharging. The minor rains have not caused hardly any delays with grain harvest and sure no fighting fields of mud. Hay movement has been moderate as some livestock owners have looked to pick up a little more hay, due to early feeding or concerns of short pastures as the growing season ends. Even with the extra activity there is a lot of lower quality hay in the state and prices on that type is steady to weak, true top - quality hay is steady to firm. Supplies are moderate to heavy, and demand is moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 26,507 Week Ago: 27,892 Year Ago: 29,685

Compared to last week, feeders sold 5.00 to 10.00 lower with instances of 10.00-20.00 lower especially later in the week. There were a few cases here and there in which a few drafts might have found steady to higher money if everything was right, but this was an exception this week. The feeder supply was moderate albeit slightly unusual. A larger than typical percent of the offering were steers this week but even more unusual was the percentage of feeders under 600 lbs. which was 52 percent. Of course, one week does not make a pattern and most little it was just an odd combination of events. After ignoring headlines and rumors for what seems like weeks now cash markets were no longer able to so. Feeder futures have seen three limit lower days in the last six trading days despite the fact that fundamentally nothing at all has changed at this point. Weather really began to act more fall like this week, temperatures got much cooler with a few reports of some light frost in the Ozarks. Foggy drizzle with a bit of a chill in the air as the story for most of the weekend. Although there have been no official reports of progress, grain harvest seems to be going at a good pace. There hasn't really been any weather that has shut things down for more than maybe a day or two here and there and farmers were able to get right back at it. A few stick out sales this week included: 28 head of 506 lb. steers at South Central Regional Stockyards that sold for 490.00. Unionville Livestock Market sold 43 head of 571 lbs. steers for 469 and a load of 881 lb. steers for 367.10. Callaway Livestock Center sold 45 head of 633 lb. steers for 438.00. Joplin Regional Stockyards sold 56 head of 835 lbs. steers for 370.00. Kingsville Livestock Auction sold a lot of 519 lb. steers for 390.00. South Central Regional Stockyards sold a lot of 519 lb. heifers suitable for replacements at 438.00. Boxed beef cutout values closed higher for the week. Choice closed on Friday at 375.76, up 8.99 and select closed at 357.97, up 7.70 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just a under 70K head. Trade was slow to develop, and prices lost a bit of ground this week. Live sales were reported mostly 238.00 and dressed sales were reported 370.00. The Missouri Stocker formula consists of 4781 head with a weighted average weight of 544.14 lbs. and a price value of 430.84, 5.85 lower than last week. The steer/heifer spread is 41.65.

SOUTHWEST MISSOURI WEEKLY SUMMARY

Large 1-2, 5-8 yrs., 1st-2nd
stage, 1155-1410 lbs., 2900.00

COW & CALF PAIRS: Scarce

NORTHWEST MISSOURI WEEKLY SUMMARY

(Tina)

Receipts: 1,042 Last reported: 1,040 Year ago: 1,326
Compared to last week, feeder steers and heifers traded steady
with not a lot of comparisons. Slaughter cows and bulls traded
firm to 5.00 higher on a good offering.

FEEDER STEERS:

Medium and Large 1

400-500 lbs. 458.00-465.00
500-600 lbs. 446.00-458.00
600-700 lbs. 416.50-426.00
800-850 lbs. 369.00

FEEDER HEIFERS:

Medium and Large 1

400-500 lbs. 426.00
500-600 lbs. 375.00-412.50

SLAUGHTER BULLS: Scarce

SLAUGHTER COWS: Breaking
and Boning, (70-85% lean) 153.00-
173.00, high dressing 165.00-
179.00; Lean (85-90%) 138.00-
149.00, high dressing 151.00-
161.00

BRED COWS: Medium and
Large 1 2-4 yrs 2nd-3rd stage
3200.00-3850.00; 5-8 yrs 2nd-3rd
stage 3150.00-3700.00

COW/CALF PAIRS: Medium and
Large 1 with 150-300 lb. calves 5-8
yrs Open 4275.00-4675.00

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been light on moderate de-
mand in the Texas Panhandle. Compared to Thursday, live purchases
have been steady at 238.00. Negotiated cash trade has been moderate on
good demand in all other feeding regions. Compared to Wednesday in
Kansas, live purchases have been 2.00 lower at 238.00. Compared to
last week in Nebraska, live purchases have been 1.00-5.00 lower from
235.00-239.00. Compared to Thursday in Nebraska, dressed purchases
have been unevenly steady from 365.00-370.00, mostly 370.00. Com-
pared to Thursday in the Western Cornbelt, live purchases have been
unevenly steady, ranging from 235.00- 239.00. There have been a few
dressed purchases ranging from 365.00-372.00, but not enough for an
adequate market test. The last established dressed market in the Western
Cornbelt was last week from 372.00-372.50.

GRAIN STOCKS

Corn Stocks Down 13 Percent from September 2024

Soybean Stocks Down 8 Percent

All Wheat Stocks Up 6 Percent

Old crop corn stocks in all positions on September 1, 2025 totaled 1.53 billion bushels, down 13 percent from September 1, 2024. Of the total stocks, 643 million bushels are stored on farms, down 18 percent from a year earlier. Off-farm stocks, at 888 million bushels, are down 10 percent from a year ago. The June - August 2025 indicated disappearance is 3.11 billion bushels, compared with 3.23 billion bushels during the same period last year.

Old crop soybeans stored in all positions on September 1, 2025 totaled 316 million bushels, down 8 percent from September 1, 2024. Soybean stocks stored on farms totaled 91.5 million bushels, down 18 percent from a year ago. Off-farm stocks, at 225 million bushels, are down 3 percent from last September. Indicated disappearance for June - August 2025 totaled 691 million bushels, up 10 percent from the same period a year earlier.

All wheat stored in all positions on September 1, 2025 totaled 2.12 billion bushels, up 6 percent from a year ago. On-farm stocks are estimated at 692 million bushels, up 4 percent from last September. Off-farm stocks, at 1.43 billion bushels, are up 7 percent from a year ago. The June - August 2025 indicated disappearance is 715 million bushels, up 5 percent from the same period a year earlier.

MISSOURI WEEKLY HAY SUMMARY 10/16/2025

Even with some recent showers 98.5 percent of the state is in some stage of drought, with a few areas in the southwest moving into D3 or extreme drought. From the road conditions may not look that bad, fall pastures may not be tall but there has been just enough rain in most of the state to make them green and give a little fall growth which has been very welcome. Subsoil moisture levels however are very low and need some recharging. The minor rains have not caused hardly any delays with grain harvest and sure no fighting fields of mud. Hay movement has been moderate as some livestock owners have looked to pick up a little more hay, due to early feeding or concerns of short pastures as the growing season ends. Even with the extra activity there is a lot of lower quality hay in the state and prices on that type is steady to weak, true top - quality hay is steady to firm. Supplies are moderate to heavy, and demand is moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 22,561 Week Ago: 26,507 Year Ago: 29,336

Compared to last week, feeders under 700 lbs. sold 30.00-50.00 lower, feeders over 700 lbs. sold 20.00-40.00 lower. The supply of feeders was moderate to light. This week was kind of the tell of two tales with many producers choosing to take the chance and hold off given the abrupt downturn in the markets, some others however, not willing or able to take the risk close to sell, knowing even with the sharply lower markets prices were still historically very high. On average the value of feeders lost just on either side of 300.00 per head in the last ten days. A tough pill to swallow for producers when not a single thing has changed fundamentally. Some heavier jackets came out this week as damp and foggy mornings were a sure sign that the season changes are here. A few stick out sales this week, even if at lower price levels included: a package of 500 lb. steers at Tina Livestock Market which sold for 422.50. Kingsville Livestock Auction sold 32 head of 594 lb. steers at 415.00 and 21 head of 800 lb. steers for 355.00. Loli Brothers Livestock Market sold 27 head of 602 lb. steers for 396.50. New Cambria Livestock Auction sold two loads late in the week that were quite impressive and almost ignoring much of what happened this week: a load of 759 lb. steers brought 385.00 and a load of 793 lb. steers at 366.00. On the heifer side F&T Livestock Market sold 32 head of 508 lb. heifers for 406.00. Loli Brothers Livestock Market sold several drafts of reputation heifers this week, 81 head of 618 lb. heifers sold for 385.50; two loads of 720 lbs. heifers at 350.00 and 41 head of 823 lb. heifers sold for 328.00. Boxed beef cutout values closed slightly higher for the week. Choice closed on Friday at 378.13, up 2.37 and select closed at 358.65, up 0.68 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just a under 47K head. Trade in the north kicked off early on Monday with the market downturn at much lower prices but also providing some basis for those hedged, trade in the south waited till later in the week and did not see quite the decrease as early week sales. Live sales were reported mostly at 230.00 with some late week up to 232.00, sales in the south were mostly 235.00-235.50. Dressed sales were mostly 358.00-360.00. The Missouri Stocker formula consists of 3539 head with a weighted average weight of 547.98 lbs. and a price value of 378.91, 51.93 lower than last week. The steer/heifer spread is 26.82.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin, Springfield, Exeter)

Receipts: 9,140 Week ago: 10,284 Year Ago: 9,849

Compared to last week, feeders sold 20.00-40.00 lower. Slaughter cows and bulls mixed 2.00 lower to 5.00 higher.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been limited on light to moderate demand in all feeding regions. There have been a few live purchases in Nebraska at 232.00, but not enough for an adequate market test. The last established market test in Nebraska was Tuesday with live purchases at mostly 230.00 and Monday with dressed purchases from 355.00-360.00. There have been a few live purchases in the Western Cornbelt at 230.00, but not enough for an adequate market test. The last established market test in the Western Cornbelt was Tuesday with live purchases at 230.00 and last week with dressed purchases at 372.00 on a light test. The last established market in the Texas Panhandle was last week at 238.00. The last established market test in Kansas was last week at 238.00.

GRAIN STOCKS

Corn Stocks Down 13 Percent from September 2024

Soybean Stocks Down 8 Percent

All Wheat Stocks Up 6 Percent

Old crop corn stocks in all positions on September 1, 2025 totaled 1.53 billion bushels, down 13 percent from September 1, 2024. Of the total stocks, 643 million bushels are stored on farms, down 18 percent from a year earlier. Off-farm stocks, at 888 million bushels, are down 10 percent from a year ago. The June - August 2025 indicated disappearance is 3.11 billion bushels, compared with 3.23 billion bushels during the same period last year.

Old crop soybeans stored in all positions on September 1, 2025 totaled 316 million bushels, down 8 percent from September 1, 2024. Soybean stocks stored on farms totaled 91.5 million bushels, down 18 percent from a year ago. Off-farm stocks, at 225 million bushels, are down 3 percent from last September. Indicated disappearance for June - August 2025 totaled 691 million bushels, up 10 percent from the same period a year earlier.

All wheat stored in all positions on September 1, 2025 totaled 2.12 billion bushels, up 6 percent from a year ago. On-farm stocks are estimated at 692 million bushels, up 4 percent from last September. Off-farm stocks, at 1.43 billion bushels, are up 7 percent from a year ago. The June - August 2025 indicated disappearance is 715 million bushels, up 5 percent from the same period a year earlier.

MISSOURI WEEKLY HAY SUMMARY 10/30/2025

Conditions across the state haven't changed much since the last report. Although there has been some moisture 97 percent of the state is still showing on the drought monitor. For the most part rains have been light with lots of fall mist and drizzle, hardly enough to even slow harvest for those that haven't already wrapped up. Been a few guys spotted cutting in anhydrous now that soil temps are dropping. The first reports of some frost came from the Ozarks late last week, although nothing that would be a killing frost yet. The supply of hay is moderate and given the limited fall pastures the ample feed supply will be needed as some are or have been feeding at least a little for a bit now. Hay prices are steady and demand is moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 33,351 Week Ago: 22,561 Year Ago: 22,960

Compared to last week, feeders sold 10.00-20.00 higher with most of the gains showing up early in the week. Mid-week saw another sell off with the futures markets and later week auctions generally did not see the gains picked up earlier in the week. Markets are extremely volatile and nervous with nearly anything seeming to result in swift and big price swings in one direction or the other. Until recently cash markets had been ignoring most of the outside noise caused by headlines and rumors but lately that has become harder to do with the sizes of the reactions, especially on the down swings which has made it a big challenge trying to deal with risk protection on new stock. The supply of feeders was moderate with calves still making up the majority of offering. Overall demand is good. Buyers still placing bids in accordance with associated health risk. The first real cold of the year came over the weekend, which should help some of the fall health problems even though a warm-up is expected to follow. A few stick out sales this week included 20 head of 412 lb. steers at South Central Regional Stockyards which sold for 470.00. Kingsville Livestock Auction sold 45 head of 509 lb. steers for 460.00 and 94 head of 758 lbs. steers for 385.00. Green City Livestock Market sold 31 head of 552 lb. steers for 436.00. Joplin Regional Stockyards sold 65 head of 817 lb. steers for 370.00 and 114 head of 852 lb. steers for 354.00. Windsor Livestock Auction sold 33 head of 609 lb. steers for 421.00, 78 head of 733 lb. steers for 376.00, as well as 65 head of 541 lb. heifers which brought 423.00. Another stick out sale of heifers at Kingsville Livestock auction was a load of 718 lb. heifers at 355.50. Boxed beef cutout values closed mixed for the week. Choice closed on Friday at 376.40, down 1.53 and select closed at 361.09, up 2.44 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just a over 73K head. Significant trade developed on Wednesday this week. Live sales in the south were reported mostly 230.00-232.00, in the north mostly 228.00-230.50 and dressed sales 355.00-360.00. The Missouri Stocker formula consists of 5369 head with a weighted average weight of 538.62 lbs. and a price value of 399.64, 20.73 higher than last week. The steer/heifer spread is 26.94.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin, Springfield, Exeter)

Receipts: 11,936 Week ago: 9,140 Year Ago: 7,793

Compared to last week, feeders sold 5.00-40.00 higher. Slaughter cows sold steady to 4.00 lower.

GRAIN STOCKS

Corn Stocks Down 13 Percent from September 2024
Soybean Stocks Down 8 Percent
All Wheat Stocks Up 6 Percent

Old crop corn stocks in all positions on September 1, 2025 totaled 1.53 billion bushels, down 13 percent from September 1, 2024. Of the total stocks, 643 million bushels are stored on farms, down 18 percent from a year earlier. Off-farm stocks, at 888 million bushels, are down 10 percent from a year ago. The June - August 2025 indicated disappearance is 3.11 billion bushels, compared with 3.23 billion bushels during the same period last year.

Old crop soybeans stored in all positions on September 1, 2025 totaled 316 million bushels, down 8 percent from September 1, 2024. Soybean stocks stored on farms totaled 91.5 million bushels, down 18 percent from a year ago. Off-farm stocks, at 225 million bushels, are down 3 percent from last September. Indicated disappearance for June - August 2025 totaled 691 million bushels, up 10 percent from the same period a year earlier.

All wheat stored in all positions on September 1, 2025 totaled 2.12 billion bushels, up 6 percent from a year ago. On-farm stocks are estimated at 692 million bushels, up 4 percent from last September. Off-farm stocks, at 1.43 billion bushels, are up 7 percent from a year ago. The June - August 2025 indicated disappearance is 715 million bushels, up 5 percent from the same period a year earlier.

MISSOURI WEEKLY HAY SUMMARY 10/30/2025

Conditions across the state haven't changed much since the last report. Although there has been some moisture 97 percent of the state is still showing on the drought monitor. For the most part rains have been light with lots of fall mist and drizzle, hardly enough to even slow harvest for those that haven't already wrapped up. Been a few guys spotted cutting in anhydrous now that soil temps are dropping. The first reports of some frost came from the Ozarks late last week, although nothing that would be a killing frost yet. The supply of hay is moderate and given the limited fall pastures the ample feed supply will be needed as some are or have been feeding at least a little for a bit now. Hay prices are steady and demand is moderate. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 38,372 Week Ago: 33,351 Year Ago: 34,221

Compared to last week, feeders were extremely mixed with limit up or limit down futures several days, lately local auctions have seen very different trends over the last couple of three weeks. Overall, this week however, the market was stronger, and feeders were generally steady to 5.00 higher. Early week sales saw much stronger markets and out weighed the lower trends that came late week. Over time auction barns are seeing equal gains and losses, but for producers who get one check a year and having no idea what volatility each day will hold it makes it very difficult to make marketing decisions. The supply was moderate to heavy with a few special sales taking places. The plus side currently is that even with the extreme volatility, prices are still historically high and even on an off day it is still not a complete disappointment, and likely the highest prices most producers have ever received. Stick out sales this week included 36 head of 424 lb. steers at MO- Kan Livestock Market that sold for 513.00, Ozarks Regional Stockyard sold 87 head of 520 lb. steers for 457.00. New Cambria Livestock Market sold 23 head of 554 lb. steers for 439.00. 45 head of 607 lb. steers at South Central Regional Stockyards sold for 413.00 and 26 head of 752 lb. steers brought 376.00. Four State Stockyards sold 67 head of 651 lb. steers for 408.00. Joplin Regional Stockyards sold 265 head of 739 lb. steers for 389.00. Callaway Livestock Center sold a load of 841 lb. thin steers for 370.75. Kingsville Livestock auction sold a load of 858 lb. steers for 355.50. Lolli Brother Livestock Market had a load of 907 lb. steers which sold for 344.25. New Cambria Livestock Auction sold 25 head of 540 lb. heifers for 429.00 and Tina Livestock Market sold a load of 719 lb. heifers for 351.00. Boxed beef cutout values closed lower for the week. Choice closed on Friday at 370.73, down 5.67 and select closed at 354.24, down 6.85 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just under 54K head. trade was scattered though the week, but bids and prices declined as the week went on. Live sales in the south were reported mostly 226.00-228.00, in the north ranged from 218.00-226.00 and dressed sales 350.00-355.00. The Missouri Stocker formula consists of 6995 head with a weighted average weight of 547.88 lbs. and a price value of 401.51, 1.87 higher than last week. The steer/heifer spread is 37.60.

SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin, Springfield, Exeter)

Receipts: 15,257 Week ago: 11,936 Year Ago: 10,322

Compared to last week, markets were very uneven much like last week as sales try to get back in line with one another. Early week sales were generally 5.00 to 15.00 lower, while mid to late week sales 15.00 to 30.00 higher. Slaughter cows were steady to 9.00 lower

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been limited on light to moderate demand in Kansas and the Western Cornbelt. There have been a few live purchases in Kansas ranging from 226.00-227.00, but not enough for an adequate market test. The last established market test in Kansas was Thursday at 228.00. There were a few live purchases in the Western Cornbelt ranging from 218.00- 222.00, but not enough for an adequate market test. The last established market test in the Western Cornbelt was Thursday with live purchases from 222.00-225.00 and dressed purchases at mostly 350.00. Negotiated cash trade has been mostly inactive on light to moderate demand in the Texas Panhandle and Nebraska. The last established market test in the Texas Panhandle was Thursday at 228.00. The last established market test in Nebraska was Thursday with live purchases at mostly 225.00 and dressed purchases from 350.00-355.00.

CROP PRODUCTION

Corn Production Down Less Than 1 Percent from September Forecast
Soybean Production Down 1 Percent
Cotton Production Up 7 Percent

Corn production for grain is forecast at 16.8 billion bushels, down less than 1 percent from the previous forecast but up 12 percent from 2024. If realized, this would be the highest grain production on record for the United States. Based on conditions as of November 1, yields are expected to average a record high 186.0 bushels per acre, down 0.7 bushel from the previous forecast but up 6.7 bushels from last year. Area harvested for grain is forecast at 90.0 million acres, unchanged from the previous forecast but up 8 percent from the previous year.

Soybean production for beans is forecast at 4.25 billion bushels, down 1 percent from the previous forecast and down 3 percent from 2024. Based on conditions as of November 1, yields are expected to average a record high 53.0 bushels per acre, down 0.5 bushel from the previous forecast but up 2.3 bushels from 2024. Area harvested for beans in the United States is forecast at 80.3 million acres, unchanged from the previous forecast but down 7 percent from 2024.

MISSOURI WEEKLY HAY SUMMARY 11/14/2025

Not much has changed over the last couple of weeks, moisture has continued to elude the state, as the days have rolled on the growing season has come to an end with the first real cold snap of the year. Grain harvest is generally done for most and some fall tillage is taking place. The supply of hay is moderate, demand and movement has been moderate. Prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 30,927 Week Ago: 38,372 Year Ago: 31,850

Compared to last week, feeders were once again very uneven around auction barns but overall, the market was mostly steady to 10.00 lower. A decent pre-holiday week supply of feeders around the auctions in the state this week. Many reporters noted that the offering wasn't quite as attractive as last week when so many sales had some sort of special sale with many big groups of fancier types of cattle. Much more of this week offering especially on the calf side came in smaller lots and groups. The monthly cattle on feed report was released on Friday along with some of the data that was missed in the Oct. report. Numbers were within pre-report estimates with maybe an ever so slight lean towards being bullish. The number of steers and heifers on feed was caught up from the missing report last month and showed heifers at 38% of the total on feed numbers which many expected to be smaller and reflective of maybe a bit more retention and growth. At 38% any growth would be very small and extremely slow. The report was likely overshadowed by other headlines however that once again had a very negative impact on the market. Removal of some of the tariffs of Brazilian beef imports came early in the week. Late Friday news of Tyson's plans to close a major beef plant in NE grabbed all the headlines. Although supplies of cattle for slaughter are historically low, and chain speeds have been kept slow for a while now any time shackle space is loss it is very negative. The industry had expected news like this to come eventually from one of the major four, but it was still a kick and going to be a very negative start for the coming week. Boxed beef cutout values closed slightly higher for the week. Choice closed on Friday at 371.48, up 0.75 and select closed at 356.98, up 2.74 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just under 56K head. Prices continue to lose ground and were down several dollars again this week. Live sales in the south were reported mostly 222.00-224.00, in the north ranged from 212.00-218.00 and dressed sales 340.00-347.00. The Missouri Stocker formula consists of 5155 head with a weighted average weight of 546.67 lbs. and a price value of 392.19, 9.21 lower than last week. The steer/heifer spread is 37.49.

SOUTHWEST MISSOURI WEEKLY SUMMARY

CATTLE ON FEED

United States Cattle on Feed Down 2 Percent

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.7 million head on November 1, 2025. The inventory was 2 percent below November 1, 2024.

Placements in feedlots during October totaled 2.04 million head, 10 percent below 2024. Net placements were 1.99 million head. Placements were the lowest for October since the series began in 1996. During October, placements of cattle and calves weighing less than 600 pounds were 515,000 head, 600-699 pounds were 420,000 head, 700-799 pounds were 445,000 head, 800-899 pounds were 384,000 head, 900-999 pounds were 195,000 head, and 1,000 pounds and greater were 80,000 head.

Marketings of fed cattle during October totaled 1.70 million head, 8 percent below 2024.

Other disappearance totaled 54,000 head during October, 2 percent below 2024.

MISSOURI WEEKLY HAY SUMMARY 11/14/2025

Not much has changed over the last couple of weeks, moisture has continued to elude the state, as the days have rolled on the growing season has come to an end with the first real cold snap of the year. Grain harvest is generally done for most and some fall tillage is taking place. The supply of hay is moderate, demand and movement has been moderate. Prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI STEER (HEIFER) STOCKER FORMULA 12/01/2025

Monday's Missouri Stocker formula consists of **3439 (2575)** head with a weighted average weight of **557.85 (539.83)** lbs. and a price value of **380.17 (343.95)**, 12.02 lower (10.75 lower) than a week ago.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 24,144 Week Ago: 30,927 Year Ago: 30,118

Compared to last week, feeders sold 10.00-20.00 lower. The supply of feeders was moderate, although several barns remained dark for the holiday week, other special sales around the state picked up some of the slack and made for a decent total for a holiday week. The first snow of the year fell across much of the northern part of the state over the weekend. Some areas had official totals just over 10 inches before snow turned to rain. Bitter cold following made for some crunchy feeding to start the week off. In the south perception was in the form of rain which made for some muddy feeding in places that haven't froze solid yet. Another round predicted to start of December is in the forecast also. If the ground will freeze the cold should help the health of many calves that have recently been pulled away from their mothers. Cattle futures saw some big daily movements nearly every trading day last week but ended on a strong note as a Thanksgiving treat. Although it was not a true apple to apples comparison of truly like kinds, the post-holiday calf special at Green City Livestock Market benefited and did not see the declines seen at pre-holiday sales. Stick out sales this week included several drafts from the two Thanksgiving special sales at Green City Livestock Market. 31 head of 449 lb. steers sold for 475.00, 29 head of 554 lb. steers sold for 466.00; 26 head of 604 lb. steers sold for 422.50, a load of 810 lb. steers sold for 331.50 and a load of 906 lb. steers sold for 317.50. Callaway Livestock Center sold a load of 760 lb. steers for 349.50. Joplin Regional Stockyards sold 428 head of 880 lb. steers for 326.50. Eastern Missouri Commission Company head a special replacement sale on Saturday the top lots of fancy bred heifers selling from 5500.00-5900.00 per head. Boxed beef cutout values closed lower for the week. Choice closed on Friday at 366.82, down 4.66 and select closed at 351.05, down 5.93 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just under 54K head. Prices were sharply lower for the week. Live sales in the south were reported mostly 215.00-220.00, in the north ranged from 208.00-215.00 and dressed sales 328.00-330.00. The Missouri Stocker formula consists of 3439 head with a weighted average weight of 557.85 lbs. and a price value of 380.17, 12.02 lower than last week. The steer/heifer spread is 36.22.

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been moderate on moderate to good demand in the Texas Panhandle. Compared to Tuesday, live purchases have been 5.00 higher at 220.00. Negotiated cash trade in Kansas has been moderate on good demand. Compared to last week, live purchases have been 2.00-4.00 lower from 220.00-220.50, mostly 220.00. Negotiated cash trade has been limited on moderate demand in the Western Cornbelt. There has been a few live purchases at 215.00, but not enough for an adequate market test. The last established market test in the Western Cornbelt was Tuesday with live purchases from 208.00-210.00 and dressed purchases from 328.00-330.00. Negotiated cash trade has been inactive on light to moderate demand in Nebraska. The last established market test in Nebraska was Tuesday with live purchases at mostly 210.00 and dressed purchases at 330.00.

BROILER HATCHERY

Broiler-Type Eggs Set in the United States Down 1 Percent

Hatcheries in the United States weekly program set 248 million eggs in incubators during the week ending November 22, 2025, down 1 percent from a year ago. Average hatchability for chicks hatched during the week in the United States was 79.8 percent. Average hatchability is calculated by dividing chicks hatched during the week by eggs set three-weeks earlier.

Broiler-Type Chicks Placed in the United States Up 3 Percent

Broiler growers in the United States weekly program placed 191 million chicks for meat production during the week ending November 22, 2025, up 3 percent from a year ago. Cumulative placements from the week ending January 4, 2025 through November 22, 2025 for the United States were 9.02 billion. Cumulative placements were up 1 percent from the same period a year earlier.

MISSOURI WEEKLY HAY SUMMARY 11/14/2025

Not much has changed over the last couple of weeks, moisture has continued to elude the state, as the days have rolled on the growing season has come to an end with the first real cold snap of the year. Grain harvest is generally done for most and some fall tillage is taking place. The supply of hay is moderate, demand and movement has been moderate. Prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 41,012 Week Ago: 24,144 Year Ago: 53,185

Compared to last week, feeders sold 5.00-30.00 higher, with some lighter weight calves suitable for wheat grazing 30.00 to as much as 50.00 higher, with prices gaining ground nearly every day. An unbelievable turn around in the markets and attitudes following the Thanksgiving holiday. Colder weather has no doubt helped health issues somewhat but really nothing substantial to provide any one reason for the turn around. Supplies as everyone knows remain tight and market opportunities for buying and selling are ticking away for this calendar year. Nearly every barn is holding a replacement cow special this month with many this coming week. A few that have taken place already had provided some jaw dropping prices. Stick out sales this week included several drafts from the Special Pre-vac sale head at Joplin Regional Stockyards, which not only benefited from being late in the week but also from a large offering of cattle with verified health and weaning programs. That being said all barns are once again finding prices worth bragging about. A few of the Stick out sales at Joplin included 35 head of 557 lb. steers that sold for 450.00, 90 head of 608 lb. steers for 440.00, 23 head of 675 lb. steers for 402.50, 40 head of 752 lb. steers for 370.00, and 54 head of 909 lb. steers for 325.00. New Cambria Livestock Auction sold 25 head of 480 lb. steers for 509.00 and 23 head of 504 lb. steers for 488.00. Ozarks Regional Stockyards sold 27 head of 715 lb. steers for 375.00. MO-Kan Livestock Market sold 119 head of 842 lb. steers for 345.50. On the heifer side of the market Wheeler Livestock Auction sold 25 head of 506 lb. heifers for 440.00. Windsor Livestock Auction sold 151 head of 729 lb. heifers for 359.00. Boxed beef cutoff values closed lower for the week. Choice closed on Friday at 361.20, down 5.62 and select closed at 347.39, down 3.66 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just under 63K head. Prices were sharply higher with nearly all the trade reported in the north. Texas had not reported anything due to confidentiality reasons and Kansas hadn't traded anything as of the 2:00 cut of time for the report. Lower for the week. Live sales in the north reported at 220.00-225.00 and dressed sales 340.00-345.00. The Missouri Stocker formula consists of 8436 head with a weighted average weight of 51.11 lbs. and a price value of 412.77, 32.60 higher than last week. The steer/heifer spread is 40.16.

SOUTHWEST MISSOURI WEEKLY SUMMARY(Joplin, Springfield, Exeter)
Receipts: 13,823 Week ago: 9,543 Year Ago: 17,322

Compared to last week, feeders sold 5.00-30.00 higher, with late week sales of value added feeders receiving additional premiums. Slaughter cows steady to 4.00 higher, bulls steady to 2.00 lower.

So far for Friday, negotiated cash trade has been light on moderate to good demand in Nebraska. Compared to Thursday, live purchases have been 5.00 higher at 225.00. The last established dressed market in Nebraska was Thursday from 340.00-345.00. Negotiated cash trade has been limited on moderate demand in the Western Cornbelt. There have been a few live purchases from 220.00-222.00, but not enough for an adequate market test. The last established market test in the Western Cornbelt was Thursday with live purchases at mostly 220.00 and dressed purchases from 340.00-345.00. Negotiated cash trade has been inactive on light demand in Kansas. The last established market in Kansas was last week at 220.00. Last weeks market in the Texas Panhandle was from 215.00-220.00.

LIVESTOCK SLAUGHTER

Commercial Red Meat Production Down 3 Percent from Last Year

October 2024 contained 23 weekdays (including 1 holiday) and 4 Saturdays. **October 2025** contained 23 weekdays (including 1 holiday) and 4 Saturdays.

Commercial red meat production for the United States totaled 4.89 billion pounds in October, down 3 percent from the 5.02 billion pounds produced in October 2024.

Beef production, at 2.33 billion pounds, was 6 percent below the previous year. Cattle slaughter totaled 2.63 million head, down 8 percent from October 2024. The average live weight was up 30 pounds from the previous year, at 1,448 pounds.

Veal production totaled 2.0 million pounds, 39 percent below October a year ago. Calf slaughter totaled 9,600 head, down 44 percent from October 2024. The average live weight was up 29 pounds from last year, at 358 pounds.

Pork production totaled 2.55 billion pounds, up slightly from the previous year. Hog slaughter totaled 11.8 million head, down 1 percent from October 2024. The average live weight was up 3 pounds from the previous year, at 290 pounds.

Lamb and mutton production, at 10.7 million pounds, was down 8 percent from October 2024. Sheep slaughter totaled 193,500 head, 1 percent below last year. The average live weight was 109 pounds, down 9 pounds from October a year ago.

January to October 2025 commercial red meat production was 44.6 billion pounds, down 3 percent from 2024. Accumulated beef production was down 4 percent from last year, veal was down 38 percent, pork was down 1 percent from last year, and lamb and mutton production was up 1 percent.

MISSOURI WEEKLY HAY SUMMARY 12/04/2025

The first winter weather of the year arrived across the state this past week. Some areas in the north received over 10 inches of snow. This along with much cooler temperatures had everyone out feeding. As always, the first snow provided a slight boost to hay movement and demand. The supply of hay is moderate to heavy and at this time there isn't any concerns with feed availability. There has been some slight improvement in the drought monitor but over $\frac{3}{4}$ of the state is still listed in some stage of drought. Even though the growing season is over winter moisture is needed before spring arrives. Prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 54,320 Week Ago: 41,012 Year Ago: 47,900

Compared to last week, feeders sold mostly 10.00 to 30.00 higher, with some light weights under 550 lbs. 30.00-50.00 higher. Another incredible week with several buyers reporting holding on to a multitude of orders. Demand for all classes of cattle is good to very good, demand for lighter weight calves suitable for wheat grazing has been outstanding which might be a bit of a surprise in Mid-December when we typically see the middle weights to be strongest for those looking to graze wheat. It almost feels more like March when buyers are looking for grass cattle. One possibility could be that current price levels are making things pencil differently and some adjustments from typical practices are being made. With only one more week of marketing prior to the holidays, opportunities are ticking away for any orders to be filled. Cow sales have been abundant, and reporters have noted very good demand for replacement cows as producers look to make some buys which typically are considered as being done for tax purposes. Ample feed availability and the idea that some slow expansion or rebuilding is also taking place also exist. An interesting observation is proven young, bred cows coming up on their second or third calves are bringing as much or more than quality unproven heifers in many cases. Stick out sales this week included: 26 head of 486 lb. steers at Callaway Livestock Center that sold for 517.00, another 29 head of 509 lb. steers brought 496.00. Four State Stockyards sold 36 head of 551 lb. steers at and 27 head of 659 lb. steers for 392.00. Eastern Missouri Commission Company sold a load of 716 lb. steers for 398.50. Tina Livestock Market sold 26 head of 759 lb. steers at 365.00. Two loads of steers averaging 818 lbs. sold at Kingsville Livestock Auction for 353.75. The largest draft of the week was at Joplin Regional Stockyards 269 head of 852 lb. steers that sold for 341.00 another 239 head of 907 lb. steers brought 330.50. Boxed beef cutout values closed lower for the week. Choice closed on Friday at 357.44, down 3.76 and select closed at 344.32, down 3.17 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just under 100K head. Prices were sharply higher again this week. Texas not reported anything again this week due to confidentiality reasons. Once again trade started mid-week in the north with and prices got stronger as week went on with Kansas holding out to trade till late Friday. Live sales ended the week at mostly 230.00 and dressed sales at 355.00. The Missouri Stocker formula consists of 8345 head with a weighted average weight of 549.51 lbs. and a price value of 425.80, 13.03 higher than last week. The steer/heifer spread is 44.77.

GRAIN CRUSHINGS

September 2025 contained 30 days.

October 2025 contained 31 days.

Total corn consumed for alcohol and other uses was 524 million bushels in October 2025. Total corn consumption was up 9 percent from September 2025 and up 2 percent from October 2024. October 2025 usage included 93.1 percent for alcohol and 6.9 percent for other purposes. Corn consumed for beverage alcohol totaled 3.55 million bushels, down 2 percent from September 2025 but up 2 percent from October 2024. Corn for fuel alcohol, at 476 million bushels, was up 9 percent from September 2025 and up 3 percent from October 2024. Corn consumed in October 2025 for dry milling fuel production and wet milling fuel production was 92.6 percent and 7.4 percent, respectively.

Dry mill co-product production of distillers dried grains with solubles (DDGS) was 1.93 million tons during October 2025, up 13 percent from September 2025 and up 3 percent from October 2024. Distillers wet grains (DWG) 65 percent or more moisture was 1.24 million tons in October 2025, up 2 percent from September 2025 but down 6 percent from October 2024.

Wet mill corn gluten feed production was 251,650 tons during October 2025, down 8 percent from September 2025 but up slightly from October 2024. Wet corn gluten feed 40 to 60 percent moisture was 189,128 tons in October 2025, up 15 percent from September 2025 but down 8 percent from October 2024.

MISSOURI WEEKLY HAY SUMMARY 12/04/2025

The first winter weather of the year arrived across the state this past week. Some areas in the north received over 10 inches of snow. This along with much cooler temperatures had everyone out feeding. As always, the first snow provided a slight boost to hay movement and demand. The supply of hay is moderate to heavy and at this time there isn't any concerns with feed availability. There has been some slight improvement in the drought monitor but over ¾ of the state is still listed in some stage of drought. Even though the growing season is over winter moisture is needed before spring arrives. Prices are mostly steady. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-50.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 42,035 Week Ago: 54,320 Year Ago: 30,278

Compared to last week, feeders sold Steady to 10.00 higher with instances of 20.00 higher mostly calves under 600 lbs. The last full business week of the year didn't disappoint as cash feeders continue to push to higher levels. Lighter weight calves are getting back very close all-time record highs once again. Although yearlings have gained back some ground from the records seen in Oct., they still have several dollars to go before getting back to record levels. Time of year likely the biggest reason as lighter weight grazing types that can head to wheat and add some quick gains are just more in demand currently. The monthly Cattle on Feed Report was released on Friday. The report should be viewed as neutral compared to pre-report expectations as all numbers were within the ranges of estimates, overall, however it continues to paint a bullish picture of light supplies. On Feed numbers were reported at 97.8 percent, Marketings at 88.1 percent and Placements at 88.8 percent of year ago levels. Stick out sales this week included: 21 head of 454 lb. steers at Windsor Livestock Auction that sold for 545.00. Kingsville Livestock Auction sold 34 head of 546 lb. steers for 477.50 and 69 head of 650 lbs. steers for 407.00. Tina Livestock Market sold 26 head of 566 lbs. steers for 472.00. New Cambria Livestock Auction sold 21 head of 617 lb. steers for 431.00. Lolli Brother Livestock Market sold 41 head of 740 lb. steers for 398.50. Joplin Regional Stockyards sold 97 head of 765 lbs. steers for 375.00 and 218 head of 932 lb. steers for 324.00. Callaway Livestock Center sold 133 head of 802 lb. steers for 368.00 and 60 head of 864 lb. steers for 351.75. On the heifer side of the market 24 head of 520 lb. heifers at Wheeler Livestock Auction sold for 464.00. Lolli Brothers Livestock Auction sold 234 head of 706 lb. heifers for 360.10. Boxed beef cutout values closed higher for the week. Choice closed on Friday at 361.63, up 4.19 and select closed at 346.02, up 1.80 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just under 32K head. Volume was very light ahead of the short holiday weeks ahead and following last week's very large volume. Nearly all the trade this week was in the north live prices were about a buck lower at 228.00. Dressed prices were stronger from 355.00-358.00. The Missouri Stocker formula consists of 7091 head with a weighted average weight of 541.43 lbs. and a price value of 434.89, 8.79 higher than last week. The steer/heifer spread is 47.03.

per head

AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW

So far for Friday, negotiated cash trade has been light on moder-
ate demand in the Western Cornbelt. Compared to Thursday,
live purchases have been steady at 228.00. The last established
dressed market in the Western Cornbelt was Thursday from
356.00-358.00. Negotiated cash trade has been limited on moder-
ate demand in Nebraska. There have been a few live purchases
at 228.00, but not enough for an adequate market test. The last
established market test in Nebraska was Thursday with live pur-
chases at 228.00 and dressed purchases from 356.00-358.00.
Negotiated cash trade has been mostly inactive on moderate de-
mand in Kansas. The last established market in Kansas was last
week at 230.00.

CATTLE ON FEED

United States Cattle on Feed Down 2 Percent

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.7 million head on December 1, 2025. The inventory was 2 percent below December 1, 2024.

Placements in feedlots during November totaled 1.60 million head, 11 percent below 2024. Net placements were 1.54 million head. Placements were the lowest for November since the series began in 1996. During November, placements of cattle and calves weighing less than 600 pounds were 435,000 head, 600-699 pounds were 375,000 head, 700-799 pounds were 320,000 head, 800-899 pounds were 255,000 head, 900-999 pounds were 130,000 head, and 1,000 pounds and greater were 80,000 head.

Marketings of fed cattle during November totaled 1.52 million head, 12 percent below 2024. Marketings were the second lowest for November since the series began in 1996.

Other disappearance totaled 53,000 head during November, 4 percent below 2024

MISSOURI WEEKLY HAY SUMMARY 12/18/2025

Feeding season is underway for most everyone at this point. Even with some snow not enough winter moisture to move the drought monitor in the correct direction. Currently 85 percent of the state is still highlighted in some stage of drought. Hay prices are doing what they typically do in a year where there is a surplus. Mid to lower quality hay is harder to move and prices are weak to lower, higher quality suitable for dairy or horse interest is harder to find and prices are steady. A big warm up forecast for Christmas week will be the gift for livestock producers this year as there shouldn't be any ice to chop or worries of gelled up tractors making one late for Christmas Dinner. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
Alfalfa - Fair 125.00-150.00
Mixed Grass—Premium 150.00-200.00
Mixed grass - Good/Premium 100.00-150.00
Mixed grass-Fair/Good 75.00-125.00, small square 3.00-7.00 per bale
Mixed grass - Fair 20.00-45.00 per large round bale
Wheat straw - 4.00-7.00 per small square bale

MISSOURI WEEKLY CATTLE AUCTION SUMMARY

Total Receipts: 42,035 Week Ago: 54,320 Year Ago: 30,278
Week Ending 12/27/25

Compared to last week, feeders sold steady to 10.00 higher with instances of 20.00 higher mostly calves under 600 lbs. The last full business week of the year didn't disappoint as cash feeders continue to push to higher levels. Lighter weight calves are getting back very close all-time record highs once again. Although yearlings have gained back some ground from the records seen in Oct., they still have several dollars to go before getting back to record levels. Time of year likely the biggest reason as lighter weight grazing types that can head to wheat and add some quick gains are just more in demand currently. The monthly Cattle on Feed Report was released on Friday. The report should be viewed as neutral compared to pre-report expectations as all numbers were within the ranges of estimates, overall, however it continues to paint a bullish picture of light supplies. On Feed numbers were reported at 97.8 percent. Marketings at 88.1 percent and Placements at 88.8 percent of year ago levels. Stick out sales this week included: 21 head of 454 lb. steers at Windsor Livestock Auction that sold for 545.00. Kingsville Livestock Auction sold 34 head of 546 lb. steers for 477.50 and 69 head of 650 lbs. steers for 407.00. Tina Livestock Market sold 26 head of 566 lbs. steers for 472.00. New Cambria Livestock Auction sold 21 head of 617 lb. steers for 431.00. Loll Brother Livestock Market sold 41 head of 740 lb. steers for 398.50. Joplin Regional Stockyards sold 97 head of 765 lbs. steers for 375.00 and 218 head of 932 lb. steers for 324.00. Callaway Livestock Center sold 133 head of 802 lb. steers for 368.00 and 60 head of 864 lb. steers for 351.75. On the heifer side of the market 24 head of 520 lb. heifers at Wheeler Livestock Auction sold for 464.00. Loll Brothers Livestock Auction sold 234 head of 706 lb. heifers for 360.10. Boxed beef cutout values closed higher for the week. Choice closed on Friday at 361.63, up 4.19 and select closed at 346.02, up 1.80 compared to last week. Negotiated feedlot sales as of the 2:00 cutoff time on Friday afternoons report came in just under 32K head. Volume was very light ahead of the short holiday weeks ahead and following last week's very large volume. Nearly all the trade this week was in the north live prices were about a buck lower at 228.00. Dressed prices were stronger from 355.00-358.00. The Missouri Stocker formula consists of 7091 head with a weighted average weight of 541.43 lbs. and a price value of 434.89, 8.79 higher than last week. The steer/heifer spread is 47.03.

SOUTHWEST MISSOURI WEEKLY SUMMARY

COLD STORAGE

November 2025 Highlights

Total frozen poultry supplies on November 30, 2025 were down 10 percent from the previous month and down 4 percent from a year ago. Total stocks of chicken were up slightly from the previous month and up 1 percent from last year. Total pounds of turkey in freezers were down 41 percent from last month and down 21 percent from November 30, 2024.

Total red meat supplies in freezers were up 1 percent from the previous month but down 5 percent from last year. Total pounds of beef in freezers were up 3 percent from the previous month but down 3 percent from last year. Frozen pork supplies were down 1 percent from the previous month and down 5 percent from last year. Stocks of pork bellies were up 36 percent from last month but down 7 percent from last year

QUARTLY HOGS AND PIGS

United States Hog Inventory Up 1 Percent

United States inventory of all hogs and pigs on December 1, 2025 was 75.5 million head. This was up 1 percent from December 1, 2024, and up slightly from September 1, 2025.

Breeding inventory, at 5.95 million head, was down 1 percent from last year, but up slightly from the previous quarter.

Market hog inventory, at 69.6 million head, was up 1 percent from last year, and up slightly from last quarter.

The September-November 2025 pig crop, at 35.0 million head, was up slightly from 2024. Sows farrowing during this period totaled 2.93 million head, up slightly from 2024. The sows farrowed during this quarter represented 49 percent of the breeding herd. The average pigs saved per litter was 11.93 for the September-November period, compared to 11.92 last year.

MISSOURI WEEKLY HAY SUMMARY 12/18/2025

Feeding season is underway for most everyone at this point. Even with some snow not enough winter moisture to move the drought monitor in the correct direction. Currently 85 percent of the state is still highlighted in some stage of drought. Hay prices are doing what they typically do in a year where there is a surplus. Mid to lower quality hay is harder to move and prices are weak to lower, higher quality suitable for dairy or horse interest is harder to find and prices are steady. A big warm up forecast for Christmas week will be the gift for livestock producers this year as there shouldn't be any ice to chop or worries of gelled up tractors making one late for Christmas Dinner. The Missouri Department of Agriculture has a hay directory at <https://apps.mda.mo.gov/haydirectory> or visit the University of Missouri Extension feed stuff finder at <https://feedstufffinder.org>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale
Alfalfa - Premium 175.00-225.00
Alfalfa - Good 150.00-175.00, small square 6.00-10.00 per bale
